john,

we received your most recent bill and Sarah and i discussed it . Sarah will be calling you to clarify some matters and to see if you can split the bill up so that we do not have a single bill for 11000 dollars , which will make it notable and require explanation.

call me after you chat with Sarah if you have any concerns.

also, i do not recall getting advice about the role of the CAO and entitlement to information . can you please re send this to THIS e mail address.

re meeting sometime in the not too distant future , i will get back to you on that.

Good morning John,

I hope you had a nice weekend.

My wife was bugging me to clean up my home office this weekend (I had finished my taxes last weekend) and she offered to help.

I warned her "not to thrown out anything" and told her the story about your documents. So she goes upstairs and comes down with...(wait for it)...the documents you brought to me in February. She told me that I had left them on the night table next to my bed and that she put them into the drawer - a drawer a seemingly never open!

So there you have it. Something was bugging me about having discarded them - it just did not seem right.

I have the documents with me now. Would you like me to ship them to your home OR just hold onto them as you earlier suggested?

John
