1 --- Upon commencing at 9:31 a.m. 2 3 THE HONOURABLE FRANK MARROCCO: Just -- just before you start, Mr. Chenoweth -- Mr. Bonwick 4 5 \_\_\_ As I 6 MR. FREDERICK CHENOWETH: understand it, Your Honour, just with respect to the 7 first matter you mentioned, I have a sense that Mr. 8 9 Bonwick was to go before me. 10 THE HONOURABLE FRANK MARROCCO: Yes. 11 That's fine. 12 MR. FREDERICK CHENOWETH: And I'm --13 THE HONOURABLE FRANK MARROCCO: That's 14 what I was about to do. 15 MR. FREDERICK CHENOWETH: I'm content 16 with that. Sorry. 17 THE HONOURABLE FRANK MARROCCO: No, 18 no. No. Thank you for that. Go ahead, Mr. Bonwick. 19 MS. KATE MCGRANN: Just -- Your Honour, before we get started with the evidence today, 20 two (2) preliminary issues to address with you. 21 First of all, we had previously 22 23 discussed the question of Mr. Milanovic's affidavit. 24 We have heard from everyone. Nobody wishes to cross-25 examine Mr. Milanovic. His affidavit has been posted

publicly to the website. 1 2 And second of all, we have heard from Mr. Bonwick that he is unavailable next Tuesday and 3 thought that that was a scheduling issue that you may 4 5 want to address at the outset today. 6 THE HONOURABLE FRANK MARROCCO: Well, first of all, thank you everybody for agreeing on --7 on the affidavit. That's one (1) less witness that we 8 have to hear from in person and that shortens the 9 proceedings a little bit, and that's -- thank you for 10 11 that. 12 Mr. Bonwick, you're not available --13 you have an appointment next Tuesday, is it? 14 MR. PAUL BONWICK: Next Tuesday in 15 Toronto, Your Honour. 16 THE HONOURABLE FRANK MARROCCO: The 17 difficulty -- what I'm concerned about is you'll be in 18 -- you could very well be in the middle of your 19 testimony. 20 Is there -- is there any way of moving the appointment? 21 22 MR. PAUL BONWICK: It's -- I can reach 23 out this afternoon. It's a meeting that's scheduled 24 with four (4) other participants, and so I would have 25 to try to recreate -- they gave several dates during

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

that week and I was sort of unsure, based on when I 1 might be called, how we balance that. 2 3 THE HONOURABLE FRANK MARROCCO: Could -- could you make an enquiry and perhaps we could 4 discuss it a little -- a little later today? 5 MR. PAUL BONWICK: 6 I'11 --7 THE HONOURABLE FRANK MARROCCO: I --I'd like to avoid a situation where your evidence is 8 9 interrupted, the Inquiry stops. 10 MR. PAUL BONWICK: Agreed --11 THE HONOURABLE FRANK MARROCCO: I'd 12 like to avoid that if I can for obvious reasons. 13 MR. PAUL BONWICK: We're on exactly 14 the same page. My only thought was that if that was 15 one day that maybe I wasn't going to -- I could have reviewed the transcript, but to your point I'll follow 16 that direction and try to reschedule --17 18 THE HONOURABLE FRANK MARROCCO: All 19 right. 20 MR. PAUL BONWICK: -- and provide feedback at the end of the day. 21 THE HONOURABLE FRANK MARROCCO: 22 Okay. 23 I'm quite happy to talk about this again at the end of 24 the day. That -- that would be fine. 25 So go ahead, Mr. Bonwick.

1 2 CROSS-EXAMINATION BY MR. PAUL BONWICK: 3 MR. PAUL BONWICK: Ms. Leonard, my name is Paul Bonwick and I'm a participant at -- at 4 5 this hearing. 6 I just want to get a couple of points on the record before we sort of move into a -- a more 7 detailed line of questioning. 8 9 Is it accurate to state that we've known each other in a limited manner at least since 10 11 2006 when you took your position as Treasurer? 12 MS. MARJORY LEONARD: Yes. 13 MR. PAUL BONWICK: Thank you. Is it 14 also reasonable to state that over this past thirteen 15 (13) years that we've had a very limited engagement in any matters related to the Town of Collingwood? 16 17 MS. MARJORY LEONARD: That's correct. 18 MR. PAUL BONWICK: During any of the 19 conversations that we might have had, and I don't recall very many, if any, at any point did I raise 20 issues or concerns in your mind in terms of asking you 21 22 to do anything with the Town of Collingwood? 23 MS. MARJORY LEONARD: No, you did not. 24 MR. PAUL BONWICK: I'd like to sort of 25 -- and thank you for that. I'd like to move forward

in terms of your understanding of structure within 1 government and your role. 2 3 If I understand properly, you would consider the Chief Administrative Officer your direct 4 5 superior, correct? MS. MARJORY LEONARD: 6 Yes. 7 MR. PAUL BONWICK: And I think this is where it gets complicated for all of us, certainly 8 those providing testimony, as to try to take a 9 snapshot in time rather than confusing it with events 10 11 that have taken place after the fact, but rather look 12 back and -- and look at a specific period of time, and the time I'd like to focus on is 2010-2014. 13 14 During that period of time, would you 15 have considered Mayor and Council your ultimate 16 superiors? 17 MS. MARJORY LEONARD: In -- in terms 18 of the governance structure, the CAO is actually the 19 only employee of the Council, and Council directs the CAO, who then directs staff. 20 21 MR. PAUL BONWICK: So the senior-most 22 authority in the municipality would be the Mayor and 23 Council. Is that fair? 24 MS. MARJORY LEONARD: They would be 25 the policy setters and the people that would provide

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

direction to the CAO. 1 2 MR. PAUL BONWICK: If the CAO was choosing to move forward with disciplinary action or 3 the potential for termination of a department head, 4 5 does that not require the support of Mayor and 6 Council? 7 Yes, it does. MS. MARJORY LEONARD: 8 MR. PAUL BONWICK: Thank you. And so 9 it wouldn't be overstating to suggest that the ultimate authority when it comes to matters of policy 10 11 -- directing policy, is Mayor and Council? 12 MS. MARJORY LEONARD: Correct. 13 MR. PAUL BONWICK: It wouldn't be 14 over-stretching to state that irrespective of what the CAO -- your capacity as Treasurer or Director of 15 Engineering or Planning -- irrespective of what your 16 17 recommendations or your reports might suggest or 18 recommend, Council maintains the autonomy, in fact the 19 responsibility, to make the final decision on any 20 particular direction? 21 MS. MARJORY LEONARD: That's correct. 22 MR. PAUL BONWICK: You'll recall the 23 time frame in which Ms. Wingrove was the CAO for the 24 Town of Collingwood? MS. MARJORY LEONARD: 25 Yes.

Approximately -- I 1 MR. PAUL BONWICK: could be mistaken on this, but approximately thirteen 2 (13) or -- no, it was more than that, wasn't it? 3 MS. MARJORY LEONARD: I believe she 4 started in September of 2009, and was here till April 5 of 2012. 6 7 MR. PAUL BONWICK: Thank you. You have heard testimony, I believe, of the Deputy Mayor 8 9 and the Mayor, speak to the level of confidence they 10 had in your abilities, in your capacity to fulfil your 11 responsibilities as Treasurer? 12 MS. MARJORY LEONARD: Yes. 13 MR. PAUL BONWICK: And that appears to 14 be quite evident in terms of looking back at the 15 history. Do you recall having issues --16 significant issues with Ms. Wingrove in terms of 17 18 concerns -- her concerns over how you were doing your 19 job and her bringing those to the attention of Mayor, Deputy Mayor, members of Council? 20 21 MS. MARJORY LEONARD: Yes. 22 MR. PAUL BONWICK: Do you recall the 23 Mayor and Deputy Mayor did not agree with Ms. 24 Wingrove's assessment? In fact quite the opposite, 25 voiced confidence in your abilities to do your job and

do your job well? 1 2 MS. MARJORY LEONARD: I don't know that for a fact. 3 MR. PAUL BONWICK: The fact that 4 you're still here would demonstrate, I think -- would 5 6 it be fair to state that the Mayor, Deputy Mayor, members of Council, during the term of 2010-2014 did 7 have confidence in your abilities to fulfil your 8 position? 9 10 MS. MARJORY LEONARD: Yes. 11 MR. PAUL BONWICK: I'd like to move 12 forward to when Mr. Houghton was recruited to take on 13 the role of Acting CAO in the face of Ms. Wingrove's 14 departure. 15 The Inquiry has been told through testimony and evidence that one (1) of the conditions 16 17 that Mr. Houghton brought to the table was Council's 18 blessing to create an Executive Management Committee. 19 Are you aware of that? 20 MS. MARJORY LEONARD: Yes. 21 MR. PAUL BONWICK: I think we've visited this on different occasions, but for my 22 benefit you'll recall that Mr. Houghton, prior to 23 24 agreeing to take on this temporary position, was also the President and CEO of Collus, the President and CEO 25

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

of the Public Utilities Corporation, the Executive 1 Director of Public Works, and we've heard in Part 1 of 2 the Inquiry that he was either on boards or actively 3 involved in a variety of different what I'll call LDC 4 5 associations for lack of better description. 6 Is that your understanding? 7 MS. MARJORY LEONARD: Yes. 8 MR. PAUL BONWICK: And so move aside 9 Council's desire to bring Mr. Houghton in as an 10 interim CAO, and arguably spreading him much more thin 11 than he already was, did it makes sense to you, based 12 on all of those responsibilities, that Mr. Houghton 13 would, in fact, act as -- ask as a condition of taking on this temporary position that he be allowed to 14 15 create this Executive Management Committee? That may have been a long-worded question. 16 17 MS. MARJORY LEONARD: It made sense to 18 me that he would require assistance in doing -- in 19 fulfilling the CAO's duties, or looking after the dayto-day operations, I guess is... 20 21 MR. PAUL BONWICK: Thank you. We've 22 heard testimony from Mr. McNalty, Ms. Almas, amongst 23 others, that upon Mr. Houghton taking over the role of 24 Acting CAO, that the environment within the office 25 became much more engaging, much more collegial in

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

1 terms of the working relationships between the -- what
2 I'll call long-standing staff, senior management
3 people.

Would you agree with that?
MS. MARJORY LEONARD: I -- I would
agree with that.

7 MR. PAUL BONWICK: In fact I recall --I barely recall -- that during that period of time, 8 Mr. Houghton communicating that he couldn't be more 9 pleased in terms of how certain people have really 10 11 stepped up to the plate. He spoke about Ms. Almas and 12 he spoke specifically about you, and feeling that you 13 had really sort of, for lack of better description, stepped up to the plate in terms of a role on the eas 14 15 -- EMC, that the court book shows that in his absence at EMC meetings you would chair. 16

17 And so is it fair to say that you, 18 along with the other staff, stepped up to support Mr. 19 Houghton in terms of the Council decision that was 20 made? 21 MS. MARJORY LEONARD: Yes. 22 MR. PAUL BONWICK: You will recall 23 that we had Ms. Marta Proctor on the stand earlier. 24 Could you bring up transcript from 25 September 23rd, 2019, page 90-91. And I can read it

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

for you. Ms. Proctor stated that: 1 "There was a fear in the 2 3 organization that there would be repercussions and that it's not how 4 we do things, is what I was told." 5 6 Is her direct quote. 7 Ms. Proctor stated this no less than three (3) times during her testimony and indicated 8 9 that this was a common response when she raised 10 concerns. 11 Now, when Ms. McGrann queried Ms. 12 Proctor on who those conversations took place with, she cited you specifically. She also referenced Ms. 13 Almas and possibly Mr. Houghton, but she seemed to 14 15 focus in on you. 16 Do you recall at any time when Ms. 17 Proctor would raise issues with regards to process, 18 direction, reports that your standard response would 19 be "this is how we do things in Collingwood"? 20 MS. MARJORY LEONARD: No, I do not recall any of those. 21 22 MR. PAUL BONWICK: Could you comment 23 in terms of how you run your department? And I want 24 to make sure I've got the title properly, are you the treasurer and director of finance, or is it director 25

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

of finance or is it treasurer? 1 2 MS. MARJORY LEONARD: I -- the title 3 is just treasurer. MR. PAUL BONWICK: Treasurer. 4 Okay, 5 thank you. So as the treasurer, you're obviously 6 responsible at the end of the day for the financial matters related to the Town of Collingwood, without 7 trying to simplify it too much. 8 9 Yes. MS. MARJORY LEONARD: 10 MR. PAUL BONWICK: Would you suggest 11 that or would you confirm that you would run your 12 department in a manner consistent with other 13 municipalities, generally speaking, across the 14 province? 15 MS. MARJORY LEONARD: Generally speaking, yes. 16 17 MR. PAUL BONWICK: So the term "we do 18 things differently here," simply carries no weight, in 19 your mind, by virtue of the fact that you do run your 20 department in a consistent manner, or a manner 21 consistent with other municipalities, fair? 22 MS. MARJORY LEONARD: That's correct. 23 MR. PAUL BONWICK: Okay. So Ms. 24 Proctor took the opportunity to identify, in her mind, 25 this concern that she brought forward about this is

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

how we do things in Collingwood, and without putting 1 words in Ms. Proctor's mouth, the sense was that it 2 wasn't as functional a relationship as it could be, 3 because she had a different idea about how things 4 5 should happen versus how you and others had a different idea. 6 7 Would you confirm that you felt -- or that her concerns were reasonable? 8 9 MS. MARJORY LEONARD: Could you repeat 10 that? 11 MR. PAUL BONWICK: I knew I got that 12 one... 13 Ms. Proctor, in her testimony I believe, alluded to her opinion that she didn't have a 14 15 functional working relationship with you and others. 16 Would you agree with that? 17 MS. MARJORY LEONARD: No, I would not. 18 In respect to me, anyway. The only one (1) that could 19 answer on my behalf. 20 MR. PAUL BONWICK: That's fair. And you would have had discussions, of course, with Ms. 21 Almas, Mr. Houghton or others. But at the end of the 22 23 day you could only comment in terms of what your 24 observations are and you didn't consider yourself to 25 have a dysfunctional relationship with Ms. Proctor?

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

MS. MARJORY LEONARD: 1 That's correct. 2 MR. PAUL BONWICK: Thank you. I want to go to a bit of history here in terms of the MURFs 3 and recreation facilities. 4 You, of course, remember Ms. Proctor's 5 6 predecessor, director of PRC was Mr. Peter Dunbar before her, I believe, correct? 7 MS. MARJORY LEONARD: 8 Yes. 9 MR. PAUL BONWICK: How would you 10 describe your working relationship with Mr. Dunbar? 11 And I would appreciate you being 12 fulsome and accurate. 13 MS. MARJORY LEONARD: I didn't agree with a lot of the things he did. Confrontational 14 15 might be the best word to use. 16 MR. PAUL BONWICK: It's fair to say, 17 and I -- I don't want to put words in your mouth --18 would it be fair to say that through those 19 confrontations you had some strongly held positions in terms of how things should be done? 20 21 MS. MARJORY LEONARD: Yes. 22 MR. PAUL BONWICK: And would it be 23 fair to say that you would raise those issues and --24 and stand by them, principled? 25 MS. MARJORY LEONARD: Yes.

MR. PAUL BONWICK: You're -- you'll 1 also be aware of the fact that Mr. Fryer was the 2 director of finance or treasurer, and I'm not quite 3 sure which one, but with Collus for many years, 4 5 correct? 6 MS. MARJORY LEONARD: Yes. 7 MR. PAUL BONWICK: Now, court documents have shown emails and communications to some 8 degree between yourself and Mr. Fryer -- yourself, Mr. 9 10 Brown, and Mr. Fryer. 11 Would you comment on your level of 12 satisfaction as the treasurer for the principal 13 shareholder in terms of Mr. Fryer's ability to 14 communicate effectively with the municipality? 15 MS. MARJORY LEONARD: I -- I'm not certain I understand that question. 16 17 MR. PAUL BONWICK: So Town of 18 Collingwood is the largest share -- is the only 19 shareholder at that time of Collus, correct? 20 MS. MARJORY LEONARD: Correct, yes. 21 MR. PAUL BONWICK: You're the 22 treasurer for the Town of Collingwood? 23 MS. MARJORY LEONARD: Yes. 24 MR. PAUL BONWICK: He's the treasurer for Collus? 25

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

MS. MARJORY LEONARD: 1 Yes. 2 MR. PAUL BONWICK: Could you please enlighten us as to how you felt that line of 3 communication or that relationship worked in terms of 4 5 effectiveness and the municipality understanding what 6 was going on? MS. MARJORY LEONARD: I don't believe 7 that when the financial statements, for instance, were 8 9 -- were presented that there may have been -- it was usually -- excuse me -- it was usually Ed that was 10 11 doing the presentations and Tim would add in some 12 comments so -- that -- accounting comments that Ed 13 couldn't get or didn't understand fully. 14 I don't know, it's -- I don't know if 15 it was ever communicated to the Town that retained earnings were being held within the corporation as 16 opposed to paying out dividends because of the 17 18 potential desire to expand the utilities and -- and 19 that type of thing. 20 MR. PAUL BONWICK: So this is pre-50 percent share. By -- am I to understand properly that 21 22 you were not always satisfied with the level of 23 recording or the effectiveness of the line of the 24 communications between yourself and Mr. Fryer? 25 MS. MARJORY LEONARD: Not all the

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

time, and I'm certain there were times he wasn't 1 satisfied with my communications to him either. 2 3 MR. PAUL BONWICK: So -- so that we're -- there would have been challenges in -- in that 4 5 relationship? 6 MS. MARJORY LEONARD: Somewhat, yes, 7 I'd say. 8 MR. PAUL BONWICK: In dealing with Mr. Fryer, and you would be looking for information, I 9 assume you would, on principle, continue to pursue 10 11 your requests in terms of asking for information when 12 you felt that it was needed in your capacity as 13 treasurer for the larger shareholder, or the only 14 shareholder? In terms of 15 MS. MARJORY LEONARD: requesting information regard to the hydro companies, 16 I -- it was basically the information that I required 17 18 was prepared for by the auditors, the financial 19 statements. 20 We, at that point in time, still had to consolidate the water department, which Mr. Fryer was 21 also the CFO of, into our own financial statements on 22 a -- on a 100 percent basis, whereas with -- with 23 24 Collus it would be one (1) or two (2) lines on the 2.5 financial statements that would be there.

1 And again, we still had to record the full water consolidation on the FIR that we submit to 2 3 the Ministry. MR. PAUL BONWICK: Okay, so if -- so 4 5 are you done? 6 MS. MARJORY LEONARD: Yes. 7 MR. PAUL BONWICK: So in terms of you requesting information in Mr. Fryer's capacity as 8 treasurer of both, really, I'm going to work on the 9 premise that you would be insistent on getting the 10 11 information you required, especially as it related to 12 the consolidation on the water side. 13 MS. MARJORY LEONARD: That's correct. 14 MR. PAUL BONWICK: Insist on getting 15 clear and accurate information from him so that you could do it in a manner that's in keeping with your 16 17 professional accreditations and your fiduciary 18 obligations to the municipality? 19 MS. MARJORY LEONARD: That's correct. And -- and, again, in that particular instance, we 20 would rely a lot on the audited statements, to -- to 21 provide those. But they're details that we needed to 22 23 get to include in the notes to the financial 24 statements and those types of things for those 25 departments.

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

1 MR. PAUL BONWICK: And just to conclude that line of questioning, you would insist 2 that, in fact, at some point, even though you had to, 3 it appears, follow up on several occasions by way of 4 5 the court book or emails, that you were going to get 6 the information you required? 7 MS. MARJORY LEONARD: Yes. 8 MR. PAUL BONWICK: Thank you. You're 9 aware that Mr. Fryer retired and I believe Ms. 10 Shuttleworth, if I'm pronouncing her name properly, 11 Ms. Shuttleworth assumed the role of treasurer for 12 Collus --13 MS. MARJORY LEONARD: Yes. 14 MR. PAUL BONWICK: -- correct? 15 MS. MARJORY LEONARD: Yes. 16 MR. PAUL BONWICK: We've gone through 17 emails in the court book, and it appears that the 18 relationship between the treasury of the Town of 19 Collingwood -- the treasurer of the Town of Collingwood and the treasurer of Collus had some bumpy 20 21 roads on it. 22 Is that fair? 23 MS. MARJORY LEONARD: Yes. 24 MR. PAUL BONWICK: Would it be 25 reasonable to suggest that you had challenges in

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

dealing with getting information you thought you 1 should rightly have from Ms. Shuttleworth? 2 3 MS. MARJORY LEONARD: Yes. MR. PAUL BONWICK: At any time, would 4 5 you simply acquiesce and walk away or would you 6 continue to follow up on emails and more strongly worded emails in terms of trying to get the 7 information you felt you were entitled to? 8 9 MS. MARJORY LEONARD: I would continue 10 to send emails, but at a certain point, I would just 11 walk away because most times, it'd be like asking a 12 brick wall. MR. PAUL BONWICK: 13 Is it not accurate to suggest that, in fact, when that relationship 14 15 became dysfunctional, and I'm not pointing fingers at either party, just the reality is it appears to have 16 become dysfunctional, that, in fact, you ended up 17 18 having to engage PowerStream directly in terms of the 19 bilateral relationship? 20 MS. MARJORY LEONARD: In essence, that was the route that John Brown, the CAO at the time, 21 22 had taken, to deal directly with PowerStream --23 MR. PAUL BONWICK: And -- and, again, 24 I'm not --MS. MARJORY LEONARD: 25 -- in -- in

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

1 terms of the --2 MR. PAUL BONWICK: Yeah. MS. MARJORY LEONARD: -- shared 3 services and those types of things. 4 5 MR. PAUL BONWICK: And, again, I'm not 6 judging either side. What I'm simply suggesting is that, if the situation presented itself in such a 7 8 manner as it was not acceptable from the municipality's perspective, whether it be Mr. Brown or 9 yourself, you're here, in fairness, you simply are not 10 11 going to acquiesce or say we're not going to do 12 anything more. 13 You'll continue to pursue it in the 14 best interests of what you believe to be the Town of 15 Collingwood, correct? 16 MS. MARJORY LEONARD: Yes. I would 17 say that's correct, yes. 18 19 (BRIEF PAUSE) 20 21 MR. PAUL BONWICK: I've tried to 22 review as many of the emails as possible in part 1 and part 2, but I'm sure I've missed lots just because of 23 24 the volume of information. 25 But there appears to be a lot of

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

communication between yourself and Mr. Brown, the CAO, 1 which is entirely reasonable in terms of the working 2 relationship that we -- you would have. 3 Could you share your perspective on the 4 5 working relationship that you maintained with Mr. 6 Brown during his time as CAO? 7 MS. MARJORY LEONARD: In the beginning, it was a little rocky, but we came to terms 8 and I took my direction from Mr. Brown. And in -- in 9 -- I believe in his tenure here, that he was the 10 11 driving force behind the financial policies that we 12 had in place and the strage -- well, he was the -- the 13 driving force for the strategic financial policies that were here and the -- the decrease in -- in -- or 14 15 the emphasis on decreasing the debt. 16 MR. PAUL BONWICK: And thank you for 17 that. My question is more about the relationship that 18 you had with Mr. Brown. 19 Would you consider yourself to have a very cooperative, professional working relationship 20 with Mr. Brown once you get over the first few weeks 21 22 of the bumpy road when he took office? 23 MS. MARJORY LEONARD: Generally, yes. 24 25 (BRIEF PAUSE)

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

1 MR. PAUL BONWICK: During the time 2014 to 2018 -- sorry, during the time 2010 to 2014, 2 could you describe your working relationship with 3 Mayor Cooper? 4 MS. MARJORY LEONARD: I believe it was 5 -- it was fine. I've -- it's kind of an unfair 6 7 question really because I've known Sandra since we were five (5), so, I mean, the exterior relationship 8 and the interior relationship were -- were similar, 9 10 carried on. 11 MR. PAUL BONWICK: Thank you. During 12 the time 2014-2018, I believe Mr. Saunderson, Mr. 13 Brian Saunderson, ran and was successful in securing the position of deputy mayor. 14 15 You're aware of that? 16 MS. MARJORY LEONARD: Yes. 17 MR. PAUL BONWICK: And could you pease 18 describe your working relationship with Mr. Saunderson? 19 20 MS. MARJORY LEONARD: It was -- I didn't have a lot of direct contact with -- with the -21 22 - with the deputy mayor. It was the same as with the 23 other members of Council. 24 MR. PAUL BONWICK: Okay. Based on the 25 limited involvement you had, was it a cooperative

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

working relationship, a professional working 1 2 relationship? 3 MS. MARJORY LEONARD: I believe so. MR. PAUL BONWICK: Going forward to 4 5 2018 now, Mr. Saunderson, is now mayor. Could you 6 enlighten us on the relationship you maintain with him today in terms of your professional capacity? 7 MS. MARJORY LEONARD: I believe it's 8 9 the same as -- as in prior years. Again, as -- as the mayor, he's more closely involved with the -- the CAO 10 11 and the directions come that way. 12 If he asks questions, we respond. And 13 with the new CAO, one (1) of the requirements is that, if a member of Council, mayor, or deputy mayor ask a 14 15 question of a staff member, that all members of Council are copied on the answer. 16 17 MR. PAUL BONWICK: You enlightened us 18 on that yesterday in terms of a pretty substantive 19 change in the communication structure. You have been involved since 2006. 20 21 It's fair to say, based on what you 22 stated yesterday, that individual councillors, 23 depending on any di -- given file, would regularly 24 email you and ask you for information and you would 25 email them back directly.

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

My understanding is that policy changed 1 in the last year or two (2) whereby it now goes to all 2 Council. Is that my understanding? 3 MS. MARJORY LEONARD: Yes. 4 5 MR. PAUL BONWICK: Thank you. I'm struggling a little bit with the issue around 6 procurement. And so, not understanding it as well as 7 perhaps I should, it's your evidence, or your 8 testimony, I believe, that the procurement structure 9 in 2000 -- from 2006 to 2010 was much looser, that 10 11 department heads would be responsible for their own 12 procurement. 13 And did I understand that properly? 14 MS. MARJORY LEONARD: Yeah. Under the 15 bylaw 2006-042, the department heads and/or purchasing manager would be responsible for the procurements 16 under their departments. 17 18 MR. PAUL BONWICK: But I reviewed your 19 job description. And I took the liberty of referencing several other municipalities, Barrie, 20 Peterborough, Brockton, Parry Sound, tried to find 21 22 medium to like size or a little bit bigger 23 municipalities, and it seemed to be consistent across 24 the board. 25 And I have -- I'll put the -- copies of

these descriptions into the court book, but it appears 1 to be fairly consistent across the board in other 2 municipalities that in fact the treasurer is 3 ultimately responsible for procurement. 4 5 There can be procurement managers or 6 purchasing managers. There can be people or department heads that are responsible for procurements 7 within their own departments. 8 But at the end of the day, the 9 10 treasurer, it appears, is ultimately responsible for 11 procurement in these municipalities and it appears 12 that your job description identifies the same. 13 MS. MARJORY LEONARD: Did you check to 14 see if the finance department or treasury department 15 was actually the reporting line for the procurement? 16 MR. PAUL BONWICK: What I did was I 17 opened up their website and went to the treasury or 18 the finance and simply looked at what the 19 responsibilities were, and it identified procurement. 20 In fact I -- one (1) standard phrase 21 was standard condition for municipalities was: 22 "...establish and maintain necessary 23 bylaws, operating procedures, 24 guidelines, standardized documents 25 for procurement of goods and

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

31 services, including calls for 1 2 tenders and RFPs, purchase 3 requisitions, spending limits, cooperative joint purchasing." 4 That seemed to be a common theme. 5 MS. MARJORY LEONARD: 6 And in this municipality the purchasing function never report --7 8 reported to the treasurer. 9 MR. PAUL BONWICK: But in fairness --10 MS. MARJORY LEONARD: And in terms of 11 what the treasurer did do, the treasurer was responsible for the introduction of the bylaw. 12 I had 13 the guidelines for the real property acquisition and the unsolicited proposals done, the bylaw itself 14 15 contained all of the or the -- the rules for the 16 tendering and RFP process and emergency purchasing, sole-source purchasing. Those items were all included 17 18 in the bylaw. 19 And I believe I explained yesterday that monitoring the procurement function when it 20 didn't report to me, the only way I could do that was 21 22 to monitor it after the fact, when I was signing the 23 cheques. 24 MR. PAUL BONWICK: So you brought 25 forward the purchasing bylaw that had the -- sort of

the criteria and rules that were supposed to be 1 followed, if I understood you correctly. 2 3 So if, for example, the director of Public Works, Mr. Macdonald, he doesn't report to you 4 5 directly, does he? 6 MS. MARJORY LEONARD: No, he does not. 7 MR. PAUL BONWICK: So if Mr. Macdonald re -- wanted to procure something, at -- it would 8 9 still end up having to flow through your office, would it not? 10 11 MS. MARJORY LEONARD: It would flow 12 through my office at the time I signed the cheque. 13 Was -- the positions that we have now, we now have an accountability officer and we do have a 14 15 full purchasing procurement person. 16 The accountability officer is just a new 2019 position. The purchasing officer was in 17 18 place, I think she's maybe five years. All 19 procurements flowed through her. 20 At that point in time when we hired a purchasing officer, procurement specialist, they did 21 22 report to me, but that started when we hired that 23 person, not prior to that. 24 Prior to that, the purchasing manager, 25 in accordance with the bylaw, held all of the -- they

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

1 owned the process of procurement.

2 MR. PAUL BONWICK: And I appreciate that there's been changes made, but I need to -- I 3 need to focus on sort of the 2010-2014. 4 5 So does it surprise you when we have 6 colleagues of yours, like Mr. McNalty or Ms. Almas or Mr. Houghton or elected officials like Mayor, Deputy 7 Mayor, does it surprise you that they are somehow 8 9 under the impression -- I just named five (5) of them, that you're -- they're somehow under the impression 10 11 that you are responsible at the end of the highest 12 level for the procurement policies and how they're 13 delivered within the municipality? 14 MS. MARJORY LEONARD: In 2012? Yes. 15 MR. PAUL BONWICK: That surprises you 16 that they -- that consensus was there, that you were responsible in 2012 for the procurement policies? 17 18 MS. MARJORY LEONARD: I -- I will also 19 point out that between April of 2010 and September of 20 2011 I wasn't here. So I don't know who was in charge 21 of purchasing then. My assumption would be that it 22 was the person named under the bylaw, the purchasing 23 manger or department head. 24 MR. PAUL BONWICK: Thank you. 25 In Mr. McNalty's testimony, which

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

appears to be consistent to some degree with Ms. Almas 1 specific to this matter, he suggested or stated that 2 in his experience, and I can bring up the transcript 3 if you take exception to it, but generalizing it, in 4 5 his experience the Executive Management Committee and 6 his limited participation in the Executive Management Committee's ongoing works, he described or agreed that 7 it was very collegial in nature, that it was run by 8 9 consensus, but he threw up the caveat that that 10 doesn't mean that everybody always agreed. 11 And so he said -- alluded to the point 12 that there could be healthy debate, but at the end of 13 the day it seemed to be a very respectful, collegial environment in terms of his experiences. 14 15 Could you confirm or deny that, please? 16 MS. MARJORY LEONARD: I believe it was 17 that way. 18 MR. PAUL BONWICK: Thank you. We've 19 heard testimony from the Mayor and the Deputy Mayor that not only did they have confidence in your ability 20 to do your job and do your job effectively, but 21 22 perhaps even going a -- a step beyond that, that -talking about Mr. Dunbar, you're not a person simply 23 24 to lie down in the face of some sort of adversarial 25 position or if you feel that you're right and that you

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

are acting in the best interests of the Municipality, 1 I think Mr. Lloyd used some interesting descriptions, 2 but at the end of the day you have a strong will. 3 Would you say your staff, the people 4 5 you work with, that the Mayor and the Deputy Mayor, 6 have a fair assessment in terms of your personality 7 and how you approach your job? MS. MARJORY LEONARD: 8 Yes. 9 MR. PAUL BONWICK: I listened with 10 interest about your background. If I understood it properly, you have a Bachelor of Arts in 11 12 Administration from U of O, and you received a Masters 13 degree from U of T. MS. MARJORY LEONARD: 14 York. 15 MR. PAUL BONWICK: York, sorry, which subsequently led you to secure professional chartered 16 17 accountants designation. Fair? Accurate? 18 MS. MARJORY LEONARD: I actually -- I 19 received, back in the day it was called a Registered Industrial Accountant and I got that in 1980. 20 21 It changed to Certified Management Accountant sometime in the '80s itself. And then when 22 23 the amalgamation of the accounting profession, we were 24 all grandfathered in. So I'm a CPA, CMA. 25 MR. PAUL BONWICK: CPA is?

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

MS. MARJORY LEONARD: Chartered 1 professional accountant. 2 3 MR. PAUL BONWICK: Chartered professional accountant. Thank you. 4 5 And what was the other designation, 6 sorry? 7 MS. MARJORY LEONARD: CMA. 8 MR. PAUL BONWICK: CMA, which is a certified management accountant? 9 10 MS. MARJORY LEONARD: Yes. 11 MR. PAUL BONWICK: Right. You had a 12 lengthy career in the private sector prior to coming on board with the public sector, fair? 13 MS. MARJORY LEONARD: 14 Yes. 15 MR. PAUL BONWICK: Would it be entirely accurate to suggest that when you're dealing 16 17 with clients in the private sector, you would bring 18 forward recommendations in terms of correcting their 19 process so that they are following a process that, in 20 keeping with standards that you believe they need to follow? 21 22 MS. MARJORY LEONARD: Correct. 23 MR. PAUL BONWICK: During that period, 24 would you find -- sorry, are you confused by the 25 question?

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

MS. MARJORY LEONARD: 1 No. No. 2 MR. PAUL BONWICK: During that time in the private sector when you would raise these issues 3 in terms of process with your clients, they would 4 5 have, I assume, a standard way of doing things that 6 you felt needed to change, and in turn would give them recommendations on how to change them? 7 MS. MARJORY LEONARD: 8 Yes. 9 MR. PAUL BONWICK: Would you -- would 10 it be fair to say that some of these private business people would push back in terms of recommendations, 11 12 changing their policies, or procedures, how to do 13 things? 14 MS. MARJORY LEONARD: Yes. 15 MR. PAUL BONWICK: But under your obligations as a CPA and CMA, it's in fact your 16 17 obligation to make them aware of this and to suggest 18 that these changes need to be made, otherwise you 19 wouldn't be doing your job very well, fair? MS. MARJORY LEONARD: 20 That's correct. That's why the procedures all included management 21 22 letters to in particular the audit clients. 23 MR. PAUL BONWICK: I've spent some 24 time trying to research this a little bit and I -- I 25 looked at the CMA's code of conduct, the CPA code of

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

1 conduct, some of the points contained in it is there's
2 an outlook and the practice of the calling, which is
3 essentially objective.

There's an acceptance of responsibility 4 5 to subordinate personal interest to those of the 6 public good. There's a specialized code of ethical conduct laid down and enforced by the body designed 7 principally for the protection of the public. 8 9 And so what I get out of -- out of 10 these various descriptions in the CMA and CPA is that 11 you -- you're almost duty-bound to make your clients 12 aware that they need to make changes in order to 13 conform to process or law or tax law, whatever the case might be. Fair? 14

15 MS. MARJORY LEONARD: It depends on 16 what type of a client it is, or what type of an 17 organization I'm working in.

18 If I'm on the inside those -- a lot of 19 those things that you've -- you've read may, in fact, 20 apply to public practice.

Inside you would have the opportunity to make the changes to ensure that your employer is operating in accordance with the correct policies and procedures and generally accepted accounting principles.

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

1 MR. PAUL BONWICK: Thank you. 2 Obviously the issues with regards to public good integrity, those things are common in 3 either arena. But I appreciate the fact that you're 4 suggesting that there's almost an additional onus when 5 6 you're inside in terms of you actually have to facilitate those changes as opposed to recommend the 7 facilitation of those changes. 8 9 Is that fair? 10 MS. MARJORY LEONARD: Yes. MR. PAUL BONWICK: Thank you. 11 12 And I -- I'm going back to my opening 13 remarks, I'm trying to take a slice of time from 2010 for discussion purposes to 2014, really in fairness 14 15 from 2010 to 2012. 16 You've had the benefit of watching the live stream, of going through the court documents, of 17 18 working with the municipalities lawyer and accessing 19 information and reviewing, in great detail, information pertaining to that period of time. 20 21 But specific to that period of time, is 22 it reasonable to suggest that you really didn't have 23 any significant concerns based on this sort of 24 collegial open discussion environment that had been 25 created that these concerns have come up in years

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

1 after the fact versus during that period of time? 2 MS. MARJORY LEONARD: I wouldn't 3 necessarily say that. I was concerned at the time 4 that the aspect of an RFP for either one (1) of these 5 buildings were eliminated from the process going 6 through.

7 As I said yesterday, when we went for the meeting on the 24th of August and Mr. Houghton was 8 explaining his rationale for going the route that they 9 did, which again is in the bylaws the department head 10 11 and the purchasing manager can design and follow the 12 process, I was feeling that I was the only one (1) 13 that would have any opposition to it. And as he continued to speak I became more -- I quess the word 14 15 would be comfortable, with what he was saying. 16 MR. PAUL BONWICK: And that's consistent with what you've told us and what Mr. 17 18 McNalty has told us, that the committee, the EMC, it 19 wasn't an arm raising exercise, while it was respectful and collegial, I think you even suggested 20 yesterday that you could come in with one fairly 21 strongly held position. 22 23 However, if more information and new 24 information was provided, you were open-minded enough

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

to -- to change that position.

25

MS. MARJORY LEONARD: 1 That's correct. 2 MR. PAUL BONWICK: So, going back to that period of time, it appears, if I take a snapshot 3 in 2010-2013, that at the end of the processes, the 4 5 reports, the structuring, that you were satisfied that 6 everything was in keeping with the rules and procedures of the municipality. 7 Is that not an accurate statement? 8 9 MS. MARJORY LEONARD: Could you repeat 10 that? 11 MR. PAUL BONWICK: Sure. Perhaps too 12 long-worded questions. So, as these various processes 13 evolved, whether they be report writing, EMC meetings and discussions about gathering information, whatever 14 15 they might be, as they evolved and got to a point where the information was provided to Council, it's to 16 say that you were satisfied that they were all done in 17 18 accordance with the rules and procedures of the 19 municipality? 20 MS. MARJORY LEONARD: I would say that I was brought around to that idea. I still would have 21 provided Council with -- had I been in control of that 22 23 staff report, I still would have provided Council with 24 a significant amount -- more information than was 25 provided there.

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

1 MR. PAUL BONWICK: And we'll get to 2 that in just a moment. But I'm asking a question that, when the information came to Council, were you 3 satisfied that the rules and procedures had been 4 followed? 5 6 MS. MARJORY LEONARD: As I said in the meeting with the EMC, Mr. Houghton explained the 7 rationale for it, you're right, I was open-minded 8 9 enough to accept that. 10 MR. PAUL BONWICK: Okay. So, you were 11 satisfied. The -- the question -- I'm -- I'm not 12 trying to -- to --13 MS. MARJORY LEONARD: I -- I accepted 14 the -- the information that was received. 15 MR. PAUL BONWICK: And you were obviously satisfied with it, or by virtue of your 16 responsibilities as treasurer and CPA and CMA, you 17 18 would have arguably done something? 19 MS. MARJORY LEONARD: Yes, I guess I would say that perhaps I was satisfied with it. 20 21 22 (BRIEF PAUSE) 23 24 MR. PAUL BONWICK: We've reviewed 25 transcripts from Council meetings. We've heard an

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

abundance of testimony from various witnesses that 1 speak to, I'll shorten it, a very longstanding desire 2 within the community for Council to provide water and 3 ice, it's the term that's being used here, but a new 4 5 arena and a year-round aquatics facility. 6 Are you aware of that? 7 MS. MARJORY LEONARD: Yes. 8 MR. PAUL BONWICK: And I can bring up the transcript if you'd like me to. I suspect you've 9 10 gone through these documents in as much detail as I. 11 But in the transcript on or about July the 16th, no 12 less than six (6) of the Councillors spoke in clear 13 and strong terms about getting -- or moving forward with an arena and an aquatics facility. 14 15 Are you aware of that? 16 MS. MARJORY LEONARD: I don't really 17 have a clear recollection of that Council meeting. 18 And I actually have not read all of the transcripts or 19 listened to all of the streaming of the testimony, 20 just... 21 MR. Ιt 25 was comments from deputy mayor, Councillor West,

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

44 Councillor Edwards. 1 2 MR. GEORGE MARRON: I ca -- I can assist with that. It's -- it's CJI10011234. 3 MR. PAUL BONWICK: Thank you, Mr. 4 5 Marron. Scroll down, please. I think it was page 5, 6 but -- if memory serves me properly. No, I don't --7 keep going down. 8 9 (BRIEF PAUSE) 10 11 MR. PAUL BONWICK: The transcript that 12 I was referring to was one (1) of members of Council. 13 Could you continue to scroll down, please? This may be it. It doesn't... Just hold it. 14 15 THE HONOURABLE FRANK MARROCCO: 16 Chadwick? 17 MR. PAUL BONWICK: No, this is not it. 18 THE HONOURABLE FRANK MARROCCO: 19 Different transcript? Different transcript? 20 MR. PAUL BONWICK: Yes. THE HONOURABLE FRANK MARROCCO: Well, 21 22 what I'm --23 MR. PAUL BONWICK: We can --24 THE HONOURABLE FRANK MARROCCO: What 25 I'm going to do, Mr. Bonwick, is I was going to take a

45 break anyway, so I'll take ten (1) minutes now and you 1 2 can find the transcript. 3 MR. PAUL BONWICK: Thank you, Your 4 Honour. 5 6 --- Upon recessing at 10:25 a.m. --- Upon resuming at 10:37 a.m. 7 8 CONTINUED BY MR. PAUL BONWICK: 9 10 MR. PAUL BONWICK: Call up document 11 CJI. It appears to be 1 -- 10011234. 12 THE HONOURABLE FRANK MARROCCO: That was the same document as before. 13 14 MR. PAUL BONWICK: Thank you. Yeah, 15 it's -- there was a condensed version, Your Honour, that had just the councillors. This a forty-three 16 (43) page report -- could -- or minutes. Could you --17 THE HONOURABLE FRANK MARROCCO: Which 18 19 one -- which one do you want? 20 MR. PAUL BONWICK: Page --THE HONOURABLE FRANK MARROCCO: 21 22 Because I think they can search by the person. 23 MR. PAUL BONWICK: I've got it here 24 now. 25 THE HONOURABLE FRANK MARROCCO: Oh.

46 1 MR. PAUL BONWICK: So, I can just take them to the point in the page. Can you go to page 2 number 23, please? 3 4 5 CONTINUED BY MR. PAUL BONWICK: 6 MR. PAUL BONWICK: So, this is a transcript, Ms. Leonard, of the meeting that took 7 place on July the 16th, 2012, with Council. 8 9 10 (BRIEF PAUSE) 11 12 MR. PAUL BONWICK: Could you go down to the bottom of 23, please? This first excerpt is 13 14 from Deputy Mayor Lloyd. 15 "As chair of finance, I would really 16 like to work with the staff and our 17 CAO to come up with an alternative. 18 I would like to see a report back 19 for our next Council meeting, which 20 is July 30. Again..." 21 And can you go down to the: 22 "...look at covering the Centennial 23 pool and a new ice park -- a new ice 24 pad at Central Park." 25 Could you go to page 29, please? This

47 is Dale West. Could you go down a little bit, please? 1 Sorry, slowly. Keep going. It, once again, 2 references -- and, Ms. Leonard, I apologize, there was 3 a more condensed version, so I'm picking out of the 4 forty-three (43) pages. But you'll see Councillor 5 6 Cunningham speak about: 7 "-- and enclose the pool and it's a done deal." 8 9 What they're effectively saying in this 10 one is: "We can't afford a \$35 million 11 12 facility. We can meet our needs 13 very quickly with this type of unit 14 that Mr. Lloyd is talking about, and 15 we can do it practically 16 immediately." 17 This is consistent with five (5) -- six 18 (6) councillors that have spoke about urgency, spoke 19 about moving forward, spoke about moving forward in a timely fashion, and setting aside the consideration 20 for the \$35 million plus option. 21 22 And I appreciate you don't recall that 23 meeting, but I think it's important to reference it 24 for you in terms of where I'm going. 25 You have mentioned in both testimony

and evidence, I believe, that you were aware that 1 Council, the 2010 election, was run in part on fiscal 2 constraint on taking a much more fiscally conservative 3 approach towards managing the budget of the community, 4 5 correct? 6 MS. MARJORY LEONARD: Correct. 7 MR. PAUL BONWICK: And you'll be aware of the fact, and I could be mistaken on the year, but 8 in approximately 2001, again, I could be wrong, that 9 Councillor -- Councillor, sorry -- Council directed 10 11 then PRC Director Peter Dunbar and a steering committee to locate a multi-use recreational facility 12 out at Fisher Field. 13 14 You're aware of that? 15 MS. MARJORY LEONARD: Yes. 16 MR. PAUL BONWICK: And you'll be aware 17 that, by all estimates, it's -- approximately \$24 18 million was the cost of that facility? 19 MS. MARJORY LEONARD: Yes. 20 MR. PAUL BONWICK: You'll be aware of the fact that Council of the day had -- or the -- an 21 application for funding had been approved and funds 22 23 committed from the Provincial and Federal Governments? 24 MS. MARJORY LEONARD: Yes. 25 MR. PAUL BONWICK: And you'll be aware

of the fact that in the eleventh hour, for lack of a 1 better description, due to strong lobby efforts 2 related to not centralizing the services and locating 3 it out at Fisher Field and concern over operational 4 5 costs, that Council changed its position and did not move forward with it. 6 7 You're aware of that? MS. MARJORY LEONARD: I recall that 8 9 they did not move forward with it. I don't recall the reasons at the -- the time. 10 11 MR. PAUL BONWICK: And I think, to 12 your point, that's the most important consideration, 13 is they didn't move forward with it. 14 We've heard testimony from Ms. Almas 15 and Ms. Proctor specific to works done, proposals brought forward to Council at Council's direction from 16 17 then PRC Director Dunbar related to refurbishing the 18 contact centre; it was in disrepair. I think it was 19 condemned at the end of the day. 20 But once again, irrespective of the recommendations brought forward by then PRC Director 21 Dunbar, Council chose not to invest the money in 22 23 refurbishing the contact centre, better known -- it's 24 better known as the contact centre, but it was a 25 community recreation facility of some nature.

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

MS. MARJORY LEONARD: 1 Yes. 2 MR. PAUL BONWICK: You're aware of that? And you're aware that, again, Mr. Dunbar, at 3 one point, had exhausted or had moved forward with a 4 5 plan to refurbish the Centennial pool, that the 6 Centennial pool -- they actually looked at putting a stainless steel liner in it, I think, at one (1) 7 point. 8 9 But the point being is that he brought forward recommendations to Council during his tenure 10 11 in terms of refurbishing or creating something more 12 significant there. And, again, Council chose not to 13 move on co -- Mr. Dunbar's request? 14 MS. MARJORY LEONARD: If I recall 15 correctly, the plan there was for a wellness centre 16 with a therapeutic pool which was talked about 17 yesterday where the indoor and the outdoor pool would 18 share some of the amenities in -- in the pumps and --19 and that type of thing. 20 And I believe that that project was shelved based on the fact that the cost for servicing 21 22 came back extremely high. If I'm not -- if I remember 23 correctly, the initial proposal that Mr. Dunbar had 24 was approximately a \$4 million cost that would have 25 been debentured again against the Council's platforms

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

that they ran on. 1 2 And when the cost estimates came back from the engineers, it was 6 million, so it was 3 shelved to be discussed at the next budget, and it 4 5 wasn't brought back. 6 MR. PAUL BONWICK: And -- and thank you for -- for that background. But I think to your 7 previous point, moving aside the rationale, Council 8 chose not to move in that direction. 9 10 And so, we know that Council -- we know 11 that there's been a longstanding twenty (20) year plus desire within the community to have a second ice 12 surface. We know that there's a second ice surface 13 and an aquatics facility, enhanced aquatics facility. 14 15 And we know that on several occasions, we've almost got to the finish line and Council has 16 changed its mind in terms of going the extra step. 17 18 And the extra step, of course, is finance -- financing 19 it, correct? 20 MS. MARJORY LEONARD: Yes. 21 MR. PAUL BONWICK: And then you'll be aware that in 2009, another steering committee was 22 assembled. The -- the steering committee was tasked 23 24 with assessing the -- the recreational needs within 25 the community and coming back with a report in terms

52 of how Council could address those recreational needs? 1 2 MS. MARJORY LEONARD: Are you referring to --3 MR. PAUL BONWICK: Steering committee. 4 5 MS. MARJORY LEONARD: Was it a 6 steering committee or dif --7 MR. PAUL BONWICK: It's been referenced in all of my information --8 9 MS. MARJORY LEONARD: Okay. 10 MR. PAUL BONWICK: -- as a steering 11 committee. MS. MARJORY LEONARD: I do believe 12 13 that there was a PRC master plan. I think the 14 consultant's name was Morgenstern. 15 MR. PAUL BONWICK: This is one (1) specific to Central Park. WGD was involved in --16 17 MS. MARJORY LEONARD: Oh, that's the --18 MR. PAUL BONWICK: -- putting together 19 a sixty-nine (69) page report that was delivered to Council during the summer -- or sorry, during the 20 spring of 2012? 21 22 MS. MARJORY LEONARD: Yes. Okay. 23 MR. PAUL BONWICK: And you'll be aware 24 of the fact that that recommendation -- that report 25 recommended a \$35 million integrated multi-use

recreational facility at Centra Park? 1 MS. MARJORY LEONARD: 2 Yes. 3 MR. PAUL BONWICK: This is during the same term of Council that they ran on financial --4 5 good financial stewardship? 6 MS. MARJORY LEONARD: Yes. 7 MR. PAUL BONWICK: So, to -- can you not appreciate -- or can you appreciate that some of 8 these Councillors have served for twenty (20) plus 9 They've witnessed Councils time and time again 10 vears? 11 not delivering. 12 They've witnessed \$24 million rec centres not moving forward in the eleventh hour. 13 14 They've witnessed hard work on behalf of volunteers 15 that have gone through this exhaustive report in terms of recommending a \$35 million plus multi-use 16 recreational facility that they know they can't 17 18 afford. 19 Can you not appreciate that they might want to deliver the water and ice and do so in a 20 timely fashion? 21 22 MS. MARJORY LEONARD: I believe that 23 they could -- or they wanted to deliver the water and 24 the ice. But, again, in a timely fashion doesn't 25 necessarily mean that you missed the steps in the

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

process. 1 2 Right. But in your MR. PAUL BONWICK: earlier testimony you confirmed that, at that time, 3 you were comfortable that all the rules and procedures 4 5 were followed. And so, you've also confirmed it's 6 your understanding, and I think everybody in the room understands this, it has the ability to impact 7 councillors, but the end responsibility, the buck 8 stops with Council? 9 10 They got to stand up, raise their hand 11 and say, yes, we're going to do this? 12 MS. MARJORY LEONARD: Correct. 13 MR. PAUL BONWICK: And so, you can 14 appreciate when they are in -- inundated with all of 15 this information, that they would -- everything we've discussed, that they would want to move forward in a 16 very timely fashion in delivering water and ice, fair? 17 18 MS. MARJORY LEONARD: Fair. 19 MR. PAUL BONWICK: And through the transcripts, they've stated that quite clearly to 20 staff. And I appreciate it's seven and a half (7 1/2)21 22 years ago, or whatever the time frame was. 23 You don't recall it, but you've seen 24 the transcript. They've said, we want it, and we want 25 it now. So, those members of the executive management

team or senior management that did hear that couldn't 1 be confused about where Council was on this. 2 3 Would that be a reasonable takeaway? 4 MS. MARJORY LEONARD: Yes. 5 6 (BRIEF PAUSE) 7 8 MR. PAUL BONWICK: I'd like to go back in time, pre-decision of Council to approve the arena 9 and the ice surface. 10 11 And so that would take us to Part 1 of 12 the Inquiry. Part 1 of the Inquiry was dealing, as 13 you know, with the 50 percent share of sales of 14 Collus. 15 I'm assuming working with Municipalities lawyers you've had the opportunity to 16 17 review much of the evidence and track much of it 18 through either live stream or review of transcripts? 19 MS. MARJORY LEONARD: Somewhat, yes. 20 MR. PAUL BONWICK: So we've had, in Part 1, we had board members of Collus, Board Chair, 21 senior staff, consultants, elected officials, 22 23 representatives of PowerStream. Their -- their 24 testimony was consistent and clear, having gone 25 through it.

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

And the testimony consistently supports 1 three (3) motivations that go back to 2009-ish, three 2 (3) motivations that ended up with a 50 percent 3 offering of share -- of shares to the LDC sector. 4 5 The first was that the changes in how 6 LDCs were run were becoming far more complicated, far more complex, and challenging for smaller LDCs to meet 7 those standards. 8 9 The second consideration, as identified 10 by testimony, was a very clear message from various 11 points within the provincial government, and I'll 12 include Ontario Energy Board and things of that nature, that the Province of Ontario and the LDC 13 sectors within the Province of Ontario should be 14 15 looking for opportunities for consolidation. 16 And the last one (1), which I think sort of fell out of that direction, but it was clearly 17 18 emphasized, was the ability to grow Collus as a 19 regional LDC throughout Simcoe County. 20 And so are you aware of the fact that those things were brought up time and time again? 21 22 MS. MARJORY LEONARD: I -- I do 23 remember hearing them. 24 MR. PAUL BONWICK: And so when we 2.5 reviewed some of the documentation through Part 1 and

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

into Part 2, there are assertions that, in fact, the 1 50 percent sale of Collus was predicated on getting 2 money in order to buy water and ice. 3 4 You're aware of that? 5 MS. MARJORY LEONARD: I believe so. 6 MR. PAUL BONWICK: Was it ever your assertion that the share sale of Collus took place 7 8 specifically to fund recreational facilities? 9 MS. MARJORY LEONARD: No, it was never 10 my assumption for that. And I was never asked my 11 opinion either. 12 MR. PAUL BONWICK: Thank you. 13 MS. MARJORY LEONARD: My opinion would 14 have been don't sell half, sell 49, 51, 100 percent, 15 but nobody in their right mind sells half. Sorry. 16 MR. PAUL BONWICK: And T --17 THE HONOURABLE FRANK MARROCCO: I do 18 not wish to revisit Part 1, Mr. Bonwick. 19 MR. PAUL BONWICK: Nor I. I'm not 20 going to --21 THE HONOURABLE FRANK MARROCCO: Ι 22 didn't cut you off as soon as you mentioned the words 23 Part 1, but --24 MR. PAUL BONWICK: I'm not going --25 that --

1 MR. WILLIAM MCDOWELL: Commissioner, 2 you want to make a note of the last answer though. 3 MR. PAUL BONWICK: The -- certainly Mr. McFadden and Mr. Muncaster might disagree, but I 4 think we'll sort of --5 6 THE HONOURABLE FRANK MARROCCO: I do not want to revisit that debate, if you don't mind. 7 8 CONTINUED BY MR. PAUL BONWICK: 9 10 MR. PAUL BONWICK: Ms. Leonard, there 11 was some discussion about traditional bricks and 12 mortar versus the membrane technology that Sprung 13 brought to the table and the municipality ended up 14 going with. 15 In terms of the work that WGD did, are you familiar with them? 16 17 MS. MARJORY LEONARD: I --18 MR. PAUL BONWICK: Were you aware that 19 they were working with the Central Park Steering --20 MS. MARJORY LEONARD: Steering Committee and carried on to help Mr. McNalty get his 21 22 estimates. 23 MR. PAUL BONWICK: Right. And so if I 24 could call up transcript -- it was the transcript from 25 the representative from WGD. WDG?

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

THE HONOURABLE FRANK MARROCCO: 1 It was Mr. Dabrus, I think. 2 3 MR. PAUL BONWICK: Dabrus? Thank you. 4 5 CONTINUED BY MR. PAUL BONWICK: MR. PAUL BONWICK: You were asked a 6 question yesterday, did you think that WDG -- GD, 7 sorry, would be involved, if I understood the question 8 properly and I'd like you to clarify it for me -- did 9 you think that WGD would be involved in the eventual 10 11 build out of the \$35 million solution if, in fact, 12 Council had gone in that direction? 13 Do you recall? Or did I miss your --14 MS. MARJORY LEONARD: I would have 15 thought that -- I -- actually, I don't recall that question from yesterday. 16 17 MR. PAUL BONWICK: Okay, I thought 18 that was put to you, and again it could have been --19 THE HONOURABLE FRANK MARROCCO: Whether -- whether the question was put or not, you 20 can still ask your question, Mr. Bonwick. 21 22 MR. PAUL BONWICK: Thank you. 23 24 CONTINUED BY MR. PAUL BONWICK: MR. PAUL BONWICK: So would you --25

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

1 would it be your opinion that WGD -- WGD would have 2 been interested in playing in taking on a significant 3 role, had Council moved forward with the \$35 million 4 solution?

5 MS. MARJORY LEONARD: I -- in particular, I don't know what the terms of their 6 7 initial contract or -- or assignment was at that time. And had they gone on with the \$35 million facility, 8 they would have done an RFP, I would assume to hire 9 the consultants, the architects, engineers, whatever. 10 11 MR. PAUL BONWICK: And -- and 12 absolutely right, that was an option for them. 13 But the witness for the -- the partner 14 for WGD confirmed that had Council adopted that at 15 that time and gone to an RFP, if that had been their choice, that his firm most definitely would have 16 wanted to bid on being a part of that, and he 17 18 identified that the fees would be much smaller than 19 the \$4.4 million that's budgeted for architectural design and project management, but most certainly that 20 21 they would have wanted to play a role in that. 22 Would you agree that having done the 23 work, the preliminary work with the committee, would 24 certainly give them a competitive advantage over 25 others that had no understanding of -- based on beyond

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

reading their report, of what was going to be 1 2 required? 3 MS. MARJORY LEONARD: I would agree. MR. PAUL BONWICK: And so you'll be 4 5 aware that if Council chose the direction that they 6 ultimately did, and that was the arena and aquatics 7 facility, there was no role for WGD to play, because it was purchased as a turnkey operation. Is that 8 fair? 9 10 MS. MARJORY LEONARD: Fair. 11 MR. PAUL BONWICK: You'll be aware of 12 their criticism of the -- or are you aware of the 13 criticism that WGD provided related to the process and suggesting it wasn't competitive in nature, which 14 15 again I'll set aside that word, but the fact that they 16 were -- they raised concerns about the process and the 17 validity of the information that Mr. McNalty brought 18 forward. Are you aware of that? 19 MS. MARJORY LEONARD: T believe T heard that part in Mr. Dabrus' testimony. 20 21 MR. PAUL BONWICK: And so part of that 22 concern was predicated on his earlier position that 23 Mr. McNalty had included approximately nine hundred 24 and fifty thousand dollars (\$950,000) for the 25 mezzanine and that his earlier testimony suggested

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

that, for the bricks and mortar, that it would be 1 somewhere in the neighbourhood of eighty dollars (\$80) 2 a square foot to build that. 3 Subsequently you mentioned you heard 4 5 his testimony, he came back and suggested that it was 6 more likely two hundred (200) or perhaps one hundred and eighty dollars (\$180) a square foot and that he 7 may have misspoke in his criticism. 8 9 Do you recall that? 10 MS. MARJORY LEONARD: No, I don't. Ι 11 only got bits and pieces of it. 12 MR. PAUL BONWICK: Needless to say, 13 Mr. McNalty's numbers were verified once he did the one hundred and eighty (180) to two hundred dollars 14 15 (\$200) a square foot. The consideration related to the bricks 16 17 and mortar, you've mentioned that that sort of got 18 pushed aside. 19 Would you agree that the prospect of going to a bricks and mortar solution and general 20 contracting that solution would likely involve 21 22 substantially more time than going with a turnkey operation where, guite literally, you're not even 23 24 buying the Zamboni or the -- the sign inside? 25 MS. MARJORY LEONARD: In terms -- what

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

-- what are you referring to in terms of time; the 1 length to build it? 2 3 MR. PAUL BONWICK: Would you agree there would be a much more expeditious process for 4 5 Council to pick Sprung versus going down the road of a standard bricks and mortar? 6 7 MS. MARJORY LEONARD: We did assign a project manager to -- to oversee these two (2) 8 projects, and as well we did have a -- a project 9 manager, the same man, for the library that was 10 11 designed by WGD. 12 So I'm not sure I -- I'm getting the 13 gist of what you -- you're asking. 14 MR. PAUL BONWICK: I tried to keep the 15 question fairly straight-forward, and you may not be able to answer this if you don't have the background. 16 17 Was it your opinion that Council was 18 able to deliver an arena and aquatics facility in a 19 much more expeditious manner by choosing Sprung versus going down the path of a traditional bricks and mortar 20 21 process? 22 MS. MARJORY LEONARD: I -- I don't 23 really have the engineering or background in order to 24 -- to provide a -- a fulsome answer to that one. 25 MR. PAUL BONWICK: I'm just about

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

done, Your Honour. 1 2 THE HONOURABLE FRANK MARROCCO: Okay. 3 CONTINUED BY MR. PAUL BONWICK: 4 5 MR. PAUL BONWICK: I've seen some 6 correspondence from you to -- if -- if I could bring up document number TOC0230897. Scroll down just so 7 Ms. Leonard can reflect on this. 8 Do you recall sending this email, Ms. 9 10 Leonard, to Ms. Pearson? 11 MS. MARJORY LEONARD: Yes. 12 MR. PAUL BONWICK: Could you scroll 13 down a little bit further, please. One (1) of the lines there, recoups 98.05 percent of HST. 14 Scroll 15 down a little further. Stop there. "We have sufficient funds on hand 16 17 either through the use of Collus 18 funds or through internal borrowing 19 from other reserves to fund these 20 projects." 21 Do you recall stating that? 22 MS. MARJORY LEONARD: I do. 23 MR. PAUL BONWICK: Thank you. 24 If I could go to 20 -- sorry, TOC0203551. 2.5

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

65 1 (BRIEF PAUSE) 2 3 MR. PAUL BONWICK: Scroll down, please. I'm looking at the AM (phonetic) schedule 4 where it's 20 year money at 3.55 percent. 5 6 I think it was towards the bottom of 7 the page. Continue down. 8 MS. KATE MCGRANN: It's on page 10. 9 MR. PAUL BONWICK: 10. 10 11 CONTINUED BY MR. PAUL BONWICK: 12 MR. PAUL BONWICK: There was some discussion yesterday and the judge asked some 13 questions about the \$500,000 or \$600,000 difference 14 15 and it being a notional amount in the grand scheme of things, if I understood the conversation or question 16 17 answer back and forth. 18 Can you tell me what is the annual 19 budget of the Town of Collingwood, less Board of 20 Education and county payments, roughly? 21 MS. MARJORY LEONARD: This year's budget? I believe that between the capital and the 22 23 operating that it was approaching the \$90 million 24 mark. 25 MR. PAUL BONWICK: What's your revenue

66 stream from taxes? 1 MS. MARJORY LEONARD: We raised -- we 2 budgeted to raise \$30,974, I believe, somewhere along 3 like that. 4 5 THE HONOURABLE FRANK MARROCCO: Thirty 6 thousand (30,000)? 7 MS. MARJORY LEONARD: Thirty-two -- 32 million. 8 9 MR. PAUL BONWICK: Thirty (30) 10 million. 11 MS. MARJORY LEONARD: Thirty-two (32) 12 million. Sorry. 13 THE HONOURABLE FRANK MARROCCO: I must 14 have missed it. 15 MR. PAUL BONWICK: You've got a 16 deficit on your hands --17 THE HONOURABLE FRANK MARROCCO: Α 18 small -- a smaller operation than I thought you had. 19 MS. MARJORY LEONARD: No, sorry. Be 20 about 32.9 million, I believe it was. 21 22 CONTINUED BY MR. PAUL BONWICK: 23 MR. PAUL BONWICK: Right. And I know 24 an accountant is not going to like this, but I'm going 25 to average it off and say \$30 million is the annual

67 revenue for the Town of Collingwood. 1 2 So by virtue of the fact being \$30 million tax revenue, if -- by my math, if you were to 3 have to -- \$500,000 equals somewhere around 1.5 4 5 percent? 6 MS. MARJORY LEONARD: Roughly. 7 MR. PAUL BONWICK: Roughly. And so to give some scale to that, \$500,000 is a significant sum 8 of money in terms of how it can impact the budget in 9 10 any given year. 11 Is that a reasonable statement? 12 MS. MARJORY LEONARD: Yes. 13 MR. PAUL BONWICK: Thank you. There 14 was some discussion yesterday about the ability to 15 long-term finance the recreational facilities had they chose to go to a \$35 million plus solution, and I 16 think you referred to 40-year money potentially. 17 18 MS. MARJORY LEONARD: That's correct, 19 yes. 20 MR. PAUL BONWICK: Do you recall the interest rate you used when you were discussing it 21 22 yesterday? 23 MS. MARJORY LEONARD: I believe if you 24 go down a little lower on here, you'll see that --25 MR. PAUL BONWICK: This has it --

MS. MARJORY LEONARD: 1 Oh --2 MR. PAUL BONWICK: This has interest 3 rates --4 MS. MARJORY LEONARD: -- rates --5 MR. PAUL BONWICK: -- on -- for what 6 we did or what was done. 7 I'm asking if you recall the interest rate you quoted His Honour when you were answering the 8 question. 9 10 MS. MARJORY LEONARD: I believe I -- I 11 said somewhere between 2.3 and 3 percent. Right. So if we 12 MR. PAUL BONWICK: could scroll down a little bit. Stop there. 13 14 I see 20-year money on eight and a half 15 million dollars (8 1/2) is 3.5 percent? 16 MS. MARJORY LEONARD: Yes. 17 MR. PAUL BONWICK: And so it would be 18 safe -- very safe to say that 40-year money would be 19 somewhat higher than the 3.5 percent following that 20 trend. 21 MS. MARJORY LEONARD: That's correct. 22 MR. PAUL BONWICK: Right. And so the 23 reason I bring this to your attention is, if you're 24 talking about financing 20 or \$25 million or \$35 25 million over a 40-year period, the interest alone

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

would be staggering. 1 2 Is that a fair statement? 3 MS. MARJORY LEONARD: That would be correct, yes. 4 5 MR. PAUL BONWICK: Thank you. Were 6 you present or were you watching when Mr. Barrows 7 (sic) provided testimony on behalf of BLT? 8 Did you see his testimony? 9 MS. MARJORY LEONARD: No parts -- only 10 parts. 11 MR. PAUL BONWICK: Okay. In -- in Mr. 12 Barrow's submission, or in his testimony, Mr. Barrows (sic) stated that BLT and Green Leaf had come to terms 13 on a contract, that the contract was specific to the 14 15 Town of Collingwood, and it was predicated on taking this model across Ontario. 16 17 Were you aware of that? 18 MS. MARJORY LEONARD: I -- I believe I 19 read it somewhere. I don't believe I heard it. 20 MR. PAUL BONWICK: Okay. And so you'll -- are you aware of the fact that in the 21 discussions that took place between Green Leaf and BLT 22 23 there was a fee proposed, and Mr. Barrows (sic) 24 confirmed that he took no exception to the fee and 25 agreed to it?

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

1 Are you aware of that? MS. MARJORY LEONARD: I believe I read 2 that in the Foundation Document or --3 4 MR. PAUL BONWICK: Thank you. 5 MS. MARJORY LEONARD: -- somewhere 6 along those lines. 7 MR. PAUL BONWICK: And so then you would be aware that both in the contract between BLT 8 and Green Leaf that it clearly states that the 9 proceeds need to come from, and only from, BLT. 10 11 MS. MARJORY LEONARD: I -- I don't 12 have specific memory of that part, no. 13 MR. PAUL BONWICK: Okay. Are you 14 familiar with the fact that Mr. Barrows (sic) gave 15 evidence -- testimony that, in fact, what they had done was taken their average margin for a construction 16 project, which was somewhere between 15 and 20 percent 17 18 on a -- sort of a standard go-forward approach. 19 MS. MARJORY LEONARD: I believe I -- I did hear that part, just snippets of the --20 21 MR. PAUL BONWICK: Okay. 22 MS. MARJORY LEONARD: -- testimony. 23 MR. PAUL BONWICK: And I'm -- I'm 24 heading in a particular direction. 25 And so would you be aware that Mr.

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

Barrows (sic) gave evidence that, in fact, the fee 1 that was agreed to with Green Leaf was actually taken 2 out of their standard profit margin, that there was no 3 cost increase to the project, and in fact, he thought 4 5 that they were somewhere in around 14 1/2, 15 percent 6 -- in there somewhere, in terms of their margin? MS. MARJORY LEONARD: Yes, I do recall 7 hearing that. 8 9 So if there's a MR. PAUL BONWICK: 10 private -- if there's a contract between two (2) private companies, if the company that's paying out 11 12 the funds does not seem to have any issue with it, if 13 they've confirmed that the end user is not paying any additional funds as a result of their agreement --14 15 their sidebar agreement, whether it's \$650,000 or whether it's \$65,000, why would you have cause to 16 reflect on doing things differently because you heard 17 18 what Green Leaf had made? 19 MS. MARJORY LEONARD: Could you repeat 20 that? 21 MR. PAUL BONWICK: Yeah. You 22 referenced that you were stunned when you read that 23 Green Leaf had been paid 600 and -- \$670,000 24 approximately in regards to the work it had done with 25 BLT. You have recognized that there was a broader

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

strategy afoot but it was specific to Collingwood. 1 2 In cross-examination, you said that would have caused you significant concern at the time 3 had you have known what the fee was. 4 5 And so my question to you is: If the 6 contractor is telling you it didn't cost you any more 7 money, the agreement is made between two (2) private entities, I don't understand why you would take 8 9 exception to a side contract that really does not affect the coffers of the Town of Collingwood. 10 11 MS. MARJORY LEONARD: I would take 12 exception to it because there was no room then for the 13 Town to have negotiated further down or further with BLT in any way, shape, or form, and it's also my 14 15 understanding that that negotiation never did take place, but there could have been an opportunity to 16 negotiate prices with BLT. 17 18 MR. PAUL BONWICK: And I think you're 19 \_ \_ 20 MS. MARJORY LEONARD: We'd be --21 MR. PAUL BONWICK: -- looking at two 22 (2) sep --23 MS. MARJORY LEONARD: -- squeezing 24 his margins even further. 25 MR. PAUL BONWICK: But I think you

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

also suggested in your testimony yesterday that first 1 in derives benefits, in your experience. And so not 2 only the benefit of having the supplier be very --3 MS. MARJORY LEONARD: I didn't say it 4 5 was in my experience. I said it was in a course I had 6 taken. 7 MR. PAUL BONWICK: Okay. You put it in a report, or in an email. And so you stated that, 8 based on your understanding, that there are benefits 9 from being first in the door, and those benefits would 10 11 include the supplier being much more attentative (sic) 12 to your -- or sensitive to your needs. 13 MS. MARJORY LEONARD: And a cheaper 14 price, I also believe. 15 MR. PAUL BONWICK: And a cheaper price, you believe. 16 17 And so there was nothing -- with the 18 understanding that BLT was looking -- BLT and Sprung 19 were looking at taking this product across the province. 20 21 It didn't stop the Town of Collingwood 22 from negotiating. They simply -- they got a fixed 23 price for a turnkey operation and they accepted that 24 price by way of what the evidence shows. 25 MS. MARJORY LEONARD: That's what

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

happened, yes. 1 2 MR. PAUL BONWICK: Right. And so --MS. MARJORY LEONARD: But I have no 3 idea why there was no further negotiation. 4 5 MR. PAUL BONWICK: And again, as the 6 Treasurer, I can't -- in your capacity as the Treasurer, I can't comment either on it. No idea --7 other than when you get a bid from a \$2.7 million fire 8 truck, do you typically reach out to the fire truck 9 provider and say we want to go with your fire truck, 10 11 would you take 2.5 million? 12 MS. MARJORY LEONARD: We would say, we 13 would like to award you the fire truck but now it's 14 time to negotiate. 15 MR. PAUL BONWICK: And so when you're purchasing capital items, when they've submitted a 16 price and you've chosen them, you still typically 17 18 negotiate beyond that price? 19 MS. MARJORY LEONARD: It's in the RFPs that -- and in the new bylaw that, yes, you can you 20 21 negotiate further. 22 MR. PAUL BONWICK: You can --23 MS. MARJORY LEONARD: And I believe 24 that we --25 MR. PAUL BONWICK: -- I'm asking you

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

75 about standard operating procedure. I've dealt with--1 2 THE HONOURABLE FRANK MARROCCO: Just a second till the concert's over. 3 MR. WILLIAM MCDOWELL: I have no idea 4 5 what's going on here. 6 7 (BRIEF PAUSE) 8 9 I -- I THE HONOURABLE FRANK MARROCCO: don't know, is the Elvis Festival back on? All right. 10 11 Go ahead, Mr. Bonwick. 12 13 CONTINUED BY MR. PAUL BONWICK: 14 MR. PAUL BONWICK: Having worked with 15 lots of different municipalities over the past number 16 of years, my experience has been once you've put in your price and the contract has been awarded, it's not 17 18 often that they're negotiating the price. 19 They may negotiate add-ons or changes, but is it your experience, through procurement, that 20 when the community -- when the municipality awards a 21 22 contract they negotiate after, in fact, they've 23 approved the selected service provider? 24 MS. MARJORY LEONARD: Specifically, in 25 relation to fire trucks, we do that. We've just done

it on the new one (1) and it's been handled by the 1 purchasing officer and the accountability officer and 2 the fire chief. 3 MR. PAUL BONWICK: Across the board, 4 sorry, and you're -- I know I keep coming back to 5 6 this, I'm talking about pre-2014. 7 Are you aware that when fixed prices came in, that the municipality would typically 8 negotiate beyond that point? 9 10 MS. MARJORY LEONARD: No. I'm not 11 aware of it, no. 12 MR. PAUL BONWICK: Thank you. 13 That ends my questions, Your Honour. 14 Thank you very much for accommodating me. 15 THE HONOURABLE FRANK MARROCCO: Thank 16 you. 17 Ready when you are, Mr. Chenoweth. 18 19 CROSS-EXAMINATION BY MR. FREDERICK CHENOWETH: 20 MR. FREDERICK CHENOWETH: Thank you, 21 Your Honour. 22 Ms. Leonard, my name is Chenoweth, Fred 23 Chenoweth, and I act on behalf of Mr. Houghton. 24 I was interested in your views with 25 respect to your procurement obligation as we

approached August 27th Council meeting, and I was 1 interested in the -- in the thoughts of -- of others 2 with respect to your procurement obligation. 3 4 And in that respect, I turned up the 5 transcript of September 12th of the examination of 6 Sara Almas. And in that transcript, at page 167, she says, and we can look at that, that's fine. And I'm 7 looking at line 16. 8 9 "There's a number of municipal 10 bylaws and generally a municipal 11 bylaw, for example, the procedural 12 bylaw is administered, interpreted 13 by the clerk. And the sign bylaw is 14 administered and interpreted by the 15 CBO and it specifically actually 16 within these bylaws this -- this 17 bylaw, [and I think she's talking 18 now about the procurement bylaw] 19 does not have specific provisions 20 that speak to exactly who is the 21 administrator of the purchasing 22 bylaw. But the treasurer's 23 department was responsible for the 24 purchasing bylaw." It's obvious that --25

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

78 THE HONOURABLE FRANK MARROCCO: 1 2 Treasury Department. 3 CONTINUED BY MR. FREDERICK CHENOWETH: 4 5 MR. FREDERICK CHENOWETH: Purchasing 6 function, yes, was responsible. The Treasury Department was responsible for the purchasing 7 function. 8 9 I take it it's obvious that Ms. Almas 10 felt that -- that the operation of the purchasing 11 bylaw and procurement was the responsibility of the 12 Treasury Department and I take it you, as treasurer. 13 Is that fair? That was her view? That was her 14 MS. MARJORY LEONARD: 15 view, yes. 16 MR. FREDERICK CHENOWETH: And I -- and 17 I take it from what you have told us, that that was 18 not -- that was not in keeping with what your view of 19 your responsibilities were because of the appointment of Mr. McNalty to be in charge of -- of -- of certain 20 21 purchasing matters? 22 MS. MARJORY LEONARD: That was part of 23 it, but that bylaw also indicated that in the absence 24 of a purchasing manager it was the department head's 25 abil -- or position to -- to do that.

1 And as well as I also said yesterday, the purchasing manager, i.e., the purchasing function 2 never reported to the treasurer. 3 MR. FREDERICK CHENOWETH: 4 In any 5 event, in spite of your disagreement, it's clear that 6 Ms. Almas, who was the clerk at the time, took the view that -- that the treasurer and the Treasury 7 Department were responsible for procurement, correct? 8 9 MS. MARJORY LEONARD: That's what it 10 says in her transcript. 11 MR. FREDERICK CHENOWETH: All right. 12 And looking for a moment, if we could, 13 at Mr. McNalty's transcript of September 24th, and we go to a question at -- this is paragraph 175, line 8, 14 15 and I'm just looking at the testimony of Mr. McNalty in that respect. 16 17 The purchasing bylaw fell under the 18 Treasury Department. And so the treasurer had an 19 interest in ensuring that the bylaw was being followed. Clearly, that's what Mr. McNalty said on 20 that occasion? 21 22 MS. MARJORY LEONARD: That's what he 23 appears to have said. 24 MR. FREDERICK CHENOWETH: And he, like 25 Ms. Almas, was of the view that the purchasing

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

function, the procurement function, fell under the 1 Treasury Department? 2 3 MS. MARJORY LEONARD: And again, as I say, he's the purchasing manager under the bylaw. 4 The process belonged to the purchasing manager or the 5 6 department head. 7 MR. FREDERICK CHENOWETH: So you would disagree with his view? 8 9 MS. MARJORY LEONARD: I would agree 10 with the part that said I had an interest. And again, 11 as I stated yesterday, in terms of monitoring 12 something or someone who did not report to me, it was virtually impossible. 13 14 And the only time I could do that was when I signed the cheques. 15 16 MR. FREDERICK CHENOWETH: All right. 17 So if there was an opportunity before 18 signing the cheques for you to be proactive, obviously 19 you would take that? 20 MS. MARJORY LEONARD: Yes. 21 MR. FREDERICK CHENOWETH: If -- if 22 there was some concern about -- about procurement in 23 some fashion, and you had the opportunity to make 24 comment or --25 MS. MARJORY LEONARD: Again, as I

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

81 stated yesterday --1 2 MR. FREDERICK CHENOWETH: -- raise issues, if I might just finish my question. 3 THE HONOURABLE FRANK MARROCCO: I -- I 4 5 noticed this before. In order to get the transcript 6 right, each person has to let the other one (1)finish before they answer. 7 Don't -- don't feel inhibited in terms 8 9 of your answering, but just let the conversation play 10 itself out that way. And Mr. Chenoweth, I'd ask you 11 to do the same thing. 12 MR. FREDERICK CHENOWETH: Thank you, 13 Your Honour, I'll make every effort to do so. 14 CONTINUED BY MR. FREDERICK CHENOWETH: 15 16 MR. FREDERICK CHENOWETH: So your --17 your concern was that -- and -- and let's just, before 18 we go to that, let's look at your job 19 responsibilities, and I would ask that we turn up TOC0600352. If we go to page 2, paragraph 9 of that 20 document. And just before we go down, let's see what 21 22 the document is, just so we've got that clear. 23 And I take it this is, again, we've had 24 this document up before and you explained to Inquiry 25 counsel that this is your job description that you had

while you were the treasurer? 1 2 MS. MARJORY LEONARD: Yes. MR. FREDERICK CHENOWETH: 3 And this job description was in force and effect in 2012? 4 5 MS. MARJORY LEONARD: Yes. 6 MR. FREDERICK CHENOWETH: Thank you. Could we go down to page 2, paragraph 9. And again, 7 we -- you went over this with -- with Inquiry counsel, 8 9 your obligation appeared to be overseeing the development and administration of the corporate 10 11 purchasing function, including recommending a 12 purchasing procedures and tendering procedures, 13 evaluation and revision of -- of same, as appropriate, and monitoring the implementation and administration 14 15 of the purchasing policies. 16 I -- I take it as a result of -- of 17 this direction in your job description, you had an 18 obligation to monitor the implementation and 19 administration of the purchasing bylaws and policies, 20 correct? 21 According to the MS. MARJORY LEONARD: 22 job description. But as I also said to you, when the 23 function or the person that's doing the function does 24 not report to me, it's very difficult to monitor 25 something.

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

MR. FREDERICK CHENOWETH: 1 And that's 2 why you said that -- that monitoring was difficult, because often it only got to you when you were writing 3 a cheque. 4 5 MS. MARJORY LEONARD: That's correct. 6 MR. FREDERICK CHENOWETH: And that 7 robbed you of the opportunity to be proactive with respect to your monitoring the bylaw obligations, 8 9 correct? 10 MS. MARJORY LEONARD: That's correct. 11 MR. FREDERICK CHENOWETH: So if there 12 was a -- an opportunity to be proactive, prior to them 13 writing the cheque, not only would you, but in fact you had an obligation to monitor and step in if you 14 15 thought something with procurement was off-side, 16 correct? 17 MS. MARJORY LEONARD: That's correct. 18 And as I stated yesterday, I was 19 invited to one (1) discussion with regard to purchasing and the procurement bylaw that was there, 20 and I supplied the gentlemen around the table with my 21 22 opinion, but I was never asked back to another one. 23 MR. FREDERICK CHENOWETH: And again, I 24 take it that's -- that's an example of what you've 25 described as your assertive personality when it came

to fulfilling your obligations as treasurer and in 1 monitoring this bylaw, correct? 2 3 MS. MARJORY LEONARD: That's correct. MR. FREDERICK CHENOWETH: 4 Thank you. 5 So that when you were described as -- as being -- by 6 Mr. Lloyd, by Rick Lloyd, as being a person that --7 that would tell you where you stood if she didn't agree with you, that's an example of how Mr. Lloyd's 8 9 comment is accurate, correct? 10 MS. MARJORY LEONARD: That would be 11 correct. 12 MR. FREDERICK CHENOWETH: Thank you. 13 In any event, with respect to this obligation to monitor, and this particular situation as it developed 14 15 on the -- in late August of -- of 2012, it wasn't as if your views on the purchasing and procurement issues 16 that were arising, leading to the 27th, that didn't 17 18 simply develop with -- with a cheque being presented 19 to you, I take it. 20 There were opportunities, if you had a 21 concern, to express those -- those matters, those 22 concerns, prior to the -- the 27th of August. Am I 23 correct? 24 MS. MARJORY LEONARD: That's why all 25 the versions of my staff report contained a provision

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

for an RFP. 1 2 And as we saw earlier, it also said in my staff report if Council chooses to proceed, and 3 those items were stricken from the record. 4 MR. FREDERICK CHENOWETH: 5 If that --6 if that was changed and if you had not been convinced or persuaded or satisfied that matters were moving 7 satisfactorily, you did not have that satisfaction, 8 you would have -- you would have spoken up, correct? 9 10 MS. MARJORY LEONARD: Yes, I would 11 have spoken up. And how -- however, before the final 12 version of the staff report, I had still envisioned 13 that they would go out with an RFP for fabric buildings and an RFP for these other buildings. 14 15 MR. FREDERICK CHENOWETH: Т understand. But given those changes that occurred on 16 the 23rd and 24th of August, if you weren't persuaded 17 18 or satisfied, as you indicated during your cross-19 examination by Mr. Bonwick, if you weren't persuaded or satisfied, you would have -- you would have spoken 20 21 up? MS. MARJORY LEONARD: 22 Yes. 23 MR. FREDERICK CHENOWETH: Correct? 24 MS. MARJORY LEONARD: Yes. 25 MR. FREDERICK CHENOWETH: In fact, you

had an obligation, pursuant to your monitoring 1 obligation set out in paragraph 9 that we've just 2 reviewed, you had an obligation to speak up if you 3 weren't satisfied and of the view that things were 4 5 moving forward properly, correct? 6 MS. MARJORY LEONARD: Correct. But I also don't -- I can't recall if I did speak up at that 7 meeting. I'm normally very outspoken. 8 9 MR. FREDERICK CHENOWETH: Yes 10 MS. MARJORY LEONARD: As a matter of 11 fact, very outspoken and I just don't recall if I 12 spoke up at that time or not. 13 MR. FREDERICK CHENOWETH: All right. 14 There is -- you spoke with consensus and just -- just 15 before I get to that, I -- I take it that when Marta 16 Proctor regrettably had a vacation planned for 17 approximately three (3) weeks in August, that others 18 had to pitch in. 19 MS. MARJORY LEONARD: That's correct. 20 MR. FREDERICK CHENOWETH: And you were one (1) of the others that pitched in? 21 MS. MARJORY LEONARD: Correct. 22 23 MR. FREDERICK CHENOWETH: And I take 24 it it would have been your anticipation that -- that 25 Marta Proctor, who was department head with respect to

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

Parks, Recreation and Culture, would probably have 1 2 been writing that report. 3 MS. MARJORY LEONARD: Correct. MR. FREDERICK CHENOWETH: All right. 4 5 And because Marta Proctor wasn't around, you pitched 6 in and helped with the writing of that report? 7 MS. MARJORY LEONARD: Correct. Thank you. 8 MR. FREDERICK CHENOWETH: 9 And is it fair to say that, as a result of Marta Proctor not being available, that the EMC, in fact, 10 11 became much more involved in the process that unfolded 12 in terms of -- of getting the information and 13 concluding the staff report that which eventually went forward on August 27th? 14 15 MS. MARJORY LEONARD: I believe the CAO became more involved in getting the information 16 than the -- the rest of us. I continually tried to 17 18 get the information from Dave and the CAO at the time. 19 MR. FREDERICK CHENOWETH: Very good. And I notice that the -- the reports are circulated to 20 members of the EMC -- I'm -- the various iterations of 21 22 the staff report. 23 I'm just suggesting to you that -- that 24 the EMC, as a result of Marta Proctor's absence, 25 became more involved in that process?

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

MS. MARJORY LEONARD: All of our staff 1 reports are reviewed by department heads and the 2 department head meeting. And there --3 MR. FREDERICK CHENOWETH: 4 Yes. MS. MARJORY LEONARD: -- could be 5 6 several iterations of that particular staff report that would go back and forth to department heads. 7 8 So, in terms of writing that staff 9 report, the members of the EMC may or may not have had more involvement in writing it had Marta been there. 10 11 MR. FREDERICK CHENOWETH: Very good. 12 Thank you. But in any event, without Marta there, 13 they clearly had some involvement in that they were copied on the -- the various iterations of the report, 14 15 et cetera? 16 MS. MARJORY LEONARD: Yes. 17 MR. FREDERICK CHENOWETH: Thank you. 18 And there was -- as we've heard from a number of 19 witnesses, there was a practice that the EMC was governed by consensus. I think you've --20 21 MS. MARJORY LEONARD: Correct. 22 MR. FREDERICK CHENOWETH: 23 established that? All right. And Ms. Almas, in her 24 materials, speaks to the consensus that she saw 25 developing at -- on the morning of the 24th of August

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

89 at the 8:30 meeting that -- that was had on that 1 2 occasion. 3 And, first of all, do you recall who was at that 8:30 meeting on that morning? I take it 4 Ms. Almas was there, and she speaks of it in her 5 6 testimony? 7 MS. MARJORY LEONARD: I believe it was Ed, myself, Sara, Larry, and Dave McNalty. 8 9 MR. FREDERICK CHENOWETH: All right. So that all the members of the EMC were there, 10 11 correct? 12 MS. MARJORY LEONARD: Yes. 13 MR. FREDERICK CHENOWETH: All right. 14 And just looking for a moment at the testimony of Ms. 15 Almas on September 12th, 2019, page 192. 16 17 (BRIEF PAUSE) 18 19 MR. FREDERICK CHENOWETH: And paragra 20 -- or line 16, if we could, please. 21 22 (BRIEF PAUSE) 23 24 MR. FREDERICK CHENOWETH: And I see 25 here I asked a question of Ms. Almas:

"Thank you. And at the meeting --1 2 and, again, we're speaking of the 3 August 24th at 8:30 -- you spoke of -- of there being a consensus." 4 5 And it's the practice of the EMC, in 6 any event, to move forward with consensus, correct? 7 MS. MARJORY LEONARD: Correct. 8 MR. FREDERICK CHENOWETH: And then I 9 go on with that. 10 "I think you indicated that I take 11 it the consensus would have involved 12 Ms. Leonard, Dave McNalty, Ed, 13 Irwin, all of whom were members of 14 the -- of the EMC?" 15 And Ms. Almas says, "Yes." And so, the -- the point I'm really simply making is that there 16 was a discussion of a number of matters. Well, in --17 18 in fact, quite specifically, there was a discussion 19 about -- about the state of the staff report on the morning of August 24th at 8:30. 20 21 And according to Ms. Almas, there was a consensus as to how that would move forward. Would 22 23 you agree with that? 24 MS. MARJORY LEONARD: I would agree 25 with that. And as I did state yesterday as well at

that meeting, it was Ed was explaining the rationale 1 for why he had chosen that process and those steps for 2 the staff report. 3 MR. FREDERICK CHENOWETH: All right. 4 5 And whatever Mr. Houghton said in that respect, you 6 indicated that you had an open mind and you were satisfied with what he said and were of the view that 7 8 -- that there was nothing inappropriate about moving forward? 9 10 MS. MARJORY LEONARD: His discussions 11 and rationale did persuade me that we could move 12 forward. 13 MR. FREDERICK CHENOWETH: And so, you 14 would agree with Ms. Almas that there was a consensus 15 on the morning of August 24th in the 8:30 meeting? 16 MS. MARJORY LEONARD: Yes. 17 MR. FREDERICK CHENOWETH: Thank you. 18 19 (BRIEF PAUSE) 20 And Mr. 21 MR. FREDERICK CHENOWETH: McNalty was a little more detailed in his discussions 22 23 of this matter. And if we could go to the transcript 24 of Mr. McNalty's testimony of September 30th, to page 25 18 of that transcript.

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

92 1 (BRIEF PAUSE) 2 3 MR. FREDERICK CHENOWETH: And at line 4 22 of that transcript: 5 "And that's what is described here 6 as subject line procurement section. 7 And this appears to be something that Marjory Leonard drafted at 8 9 10:46 on the morning of August 24th, 10 presumably after that meeting that 11 took place at 8:30 in the morning. Is that fair? 12 13 I think that meeting was schedule to 14 go at 8:30 until ten o'clock, or 15 something of that nature. 16 I believe that's correct. 17 All right. So, she obviously 18 drafted it after the meeting -after the meeting? 19 20 I believe so." 21 Is the answer. And then going further: 22 "I bring you to this, Ms. Mc -- Mr. 23 McNalty. There's no -- no magic in 24 it. I'm just suggesting to you that 25 it's likely that procurement section

of the report was discussed in the 1 2 meeting at 8:30 on the morning of 3 August 24th and that she drafted 4 something up -- that's you -- Ms. 5 Leonard drafted something up in 6 keeping with the discussions that 7 you had on that morning. Is that fair?" 8 9 In other words, he's suggesting that there was a discussion on the morning of the 24th in 10 11 the 8:30 meeting. There was a discussion about the 12 procurement section that would go into the staff 13 report. 14 Is that -- is that accurate, in your 15 view? MS. MARJORY LEONARD: I believe that 16 there was a discussion, most definitely, of the 17 18 procurement section, and I was directed to write it. 19 MR. FREDERICK CHENOWETH: All right. And in keeping with Almas -- Ms. Almas's suggestion 20 21 that there was a consensus reached on the morning of 22 the 24th, is it fair to say that there was a consensus 23 with respect to what the procurement section would say 24 by the conclusion of that meeting on the 24th? 25 MS. MARJORY LEONARD: I would agree

with that, yes. 1 2 MR. FREDERICK CHENOWETH: Thank you. So that when you drafted what is set out in paragraph 3 413 of the Foundation Document, and we'll look clearly 4 5 at that... 6 7 (BRIEF PAUSE) 8 9 MR. FREDERICK CHENOWETH: Just go --10 go through that, if you would. 11 12 (BRIEF PAUSE) 13 14 MR. FREDERICK CHENOWETH: Okay? 15 MS. MARJORY LEONARD: Yep. 16 MR. FREDERICK CHENOWETH: Thank you. So, when you drafted that verbiage at 10:46 on the 17 18 morning of the 24th after that meeting, you drafted it 19 in -- in keeping with what you recalled the consensus was at that meeting at 8:30 on that morning, correct? 20 21 MS. MARJORY LEONARD: That's correct. And it would also be in keeping with the directions 22 23 that I had received in the phone call the evening 24 before from Mr. Houghton. 25 MR. FREDERICK CHENOWETH: Thank you.

But -- thank you. And Mr. McNalty goes on to say that 1 -- and I'm -- I'm just -- I'm just interested here --2 you're drafting the procurement sections of -- of the 3 staff report. 4 5 And I'm interested in -- in the 6 assertion by Ms. Almas and Mr. McNalty which you disagree with, that the treasurer's department was in 7 charge of procurement and -- and monitoring 8 purchasing. 9 10 Do you think that you were tasked with 11 writing the procurement sections because there was a 12 general sense that -- that you had an understanding of 13 the procurement bylaws -- is that -- and were in 14 charge of monitoring those bylaws? 15 MS. MARJORY LEONARD: I would suggest it more along the lines that nobody else volunteered. 16 17 MR. FREDERICK CHENOWETH: Okay. Ι 18 notice that Mr. -- Ms. Almas drafted the 19 recommendations? 20 MS. MARJORY LEONARD: Yes. 21 MR. FREDERICK CHENOWETH: Would that be because she was the clerk of the Town and that was 22 23 a particular expertise and understanding that she had 24 in drafting those kinds of things? 25 MS. MARJORY LEONARD: That would be

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

1 correct. 2 MR. FREDERICK CHENOWETH: And -- and you'll see that Mr. McNalty goes on to say that --3 that there was a discussion on that morning with 4 5 respect to -- to numbers and that he was the numbers 6 guy and -- and brought calculations with him on that morning. 7 8 Do I take it that Mr. McNalty was charged with the numbers because he was -- been the 9 quy working through those numbers as the iterations of 10 11 the staff report progressed? 12 MS. MARJORY LEONARD: Mr. McNalty was 13 charged with finding the background information and determining the cost estimates; that's why he would 14 15 bring those numbers. 16 MR. FREDERICK CHENOWETH: And you 17 wouldn't agree with the assertion that you were tasked 18 with writing the procurement section because there was 19 a general understanding amongst staff that you had an 20 expertise in that particular area? You wouldn't agree with that? 21 22 MS. MARJORY LEONARD: No, I would not. 23 MR. FREDERICK CHENOWETH: Okay. Thank 24 you. 25

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

1 (BRIEF PAUSE) 2 3 MR. FREDERICK CHENOWETH: Mr. McNalty goes on to say -- and I'm looking now at line 13 on 4 5 page 22 of his transcript. 6 7 (BRIEF PAUSE) 8 9 MR. FREDERICK CHENOWETH: And he 10 confirms at line 13: 11 "All right. Just as with Mr. --12 just as with Marjory's statement 13 above, or Marjory's 1046 input --14 that's your paragraph 413 -- that 15 confirms to me that there would have 16 been discussion on the morning of 17 the 24th with respect to the 18 recommendation language." 19 Do you recall that -- and -- and the answer's "Yes." And do you recall that there would 20 have been a discussion about the recommendation 21 22 language that Ms. Almas eventually drafted at the 23 meeting of August 24th at 8:30? 24 MS. MARJORY LEONARD: Yes, I believe 25 there was.

1 MR. FREDERICK CHENOWETH: Thank you. 2 And again I take it, as with the procurement discussion, there was a consensus reached with respect 3 to the recommendation language that would be used? 4 5 MS. MARJORY LEONARD: Again I would 6 agree with that, yes. 7 MR. FREDERICK CHENOWETH: Thank you. And again, I'm looking now at page 23 of Mr. McNalty's 8 transcript, and I'm looking at line 16. And again, 9 this deals with the numbers and the discussion that 10 11 most likely took place on the 24th at 8:30, line 16. 12 "Thank you. And there would have 13 been a third discussion that 14 morning." 15 And he goes on to suggest -- and I'm going to suggest, that you dealt with the numbers to 16 go in the report, and the numbers go in your staff 17 18 report in the morning at 8:30. 19 And in this respect, I'm going to suggest that we've got Marjory in charge of 20 procurement, we've got Sara Almas doing the role as 21 22 the Clerk, and it appears that you are the numbers 23 guy. 24 So again, similarly, because of the 25 reasons that you've described, there would have been a

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

discussion about the numbers that Mr. McNalty had come 1 up with on the morning of August 24th at 8:30, 2 correct? 3 MS. MARJORY LEONARD: If I call --4 5 recall correctly, there were only about eight (8) 6 numbers in the whole report. 7 MR. FREDERICK CHENOWETH: Good. All 8 right. 9 MS. MARJORY LEONARD: So it wouldn't 10 have been difficult to come up with them because they 11 were directly off the contract numbers that we 12 received. 13 MR. FREDERICK CHENOWETH: Difficult to come up with or not, the numbers that eventually were 14 15 put in the report were discussed at the staff meeting 16 on August 24th at 8:30, correct? 17 MS. MARJORY LEONARD: It appears so. 18 MR. FREDERICK CHENOWETH: Thank you. 19 And again as with the other two (2) areas, i.e., procurement and recommendations, there was a consensus 20 reached with respect to those numbers, correct? 21 22 MS. MARJORY LEONARD: Yes. 23 Thank you. MR. FREDERICK CHENOWETH: 24 And I note that Mr. Houghton in a later document sent 25 out at 12:05 -- sends the document that he drew up

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

100 after the meeting on the 24th -- at 12:05 he drew up a 1 document and sent it out to you. And I'm missing the 2 -- the number for that -- see if I can come up with 3 it. 4 5 I'm looking for a number for Mr. 6 Houghton's email of about 12:05 on the morning of the 7 24th. 8 9 (BRIEF PAUSE) 10 11 MS. KATE MCGRANN: So that's 12 TOC204146. 13 MR. FREDERICK CHENOWETH: Thank you. 14 MS. KATE MCGRANN: And the attachment. 15 Are you looking for the email or the attachment? 16 MR. FREDERICK CHENOWETH: I'm looking 17 for the email. 18 19 CONTINUED BY MR. FREDERICK CHENOWETH: 20 MR. FREDERICK CHENOWETH: So it looks like from the email that Mr. Houghton seems to have 21 gone back and included in the staff report the matters 22 23 that were consensus at the meeting at -- at 8:30 on 24 the morning of the 24th, and he seems to have sent 25 that amended document off to those involved on that

morning, to Sara Almas, Marjory Leonard, yourself that 1 is, Larry Irwin, and Dave McNalty -- all those people 2 that were at the meeting. 3 He seems to have sent out the document 4 5 that seems to have been amended with the consensus that was reached on the 24th. Is that -- is that 6 accurate? 7 8 MS. MARJORY LEONARD: It appears so. 9 MR. FREDERICK CHENOWETH: Thank you. 10 And there's an opportunity in that email, I suggest: 11 "Please take a look and adopt (sic) 12 if needed." THE HONOURABLE FRANK MARROCCO: 13 14 "Adapt," I think it is. 15 MR. FREDERICK CHENOWETH: I'm sorry. I apologize, Your Honour. 16 17 18 CONTINUED BY MR. FREDERICK CHENOWETH: 19 MR. FREDERICK CHENOWETH: 20 "And adapt if needed." 21 So I take it that as each one (1) of 22 you, Almas, Leonard, Irwin, and McNalty, received this document, if there was something that wasn't in 23 24 keeping with the consensus that was reached at the 25 meeting at 8:30 in the morning of the 24th -- you've

got my cell number. If you need me -- you had the 1 opportunity to speak up there and -- and say that this 2 didn't match the consensus or that didn't match the 3 consensus or -- or whatever, correct? 4 5 MS. MARJORY LEONARD: Yes. 6 MR. FREDERICK CHENOWETH: Thank you. And if there was something that was terribly amiss 7 about -- about the document that was drafted on or 8 about 12:05 that day, you could again make comment, 9 10 correct? 11 MS. MARJORY LEONARD: Yes. 12 MR. FREDERICK CHENOWETH: Thank you. 13 We're going to move to another topic and it's 14 chronologically a little further down the line, but if 15 we could look at paragraphs 549 and 550 of the Foundation Document, I'd appreciate that. 16 17 18 (BRIEF PAUSE) 19 20 MR. FREDERICK CHENOWETH: So it looks like on August 30th, 2012, Mr. Houghton sent you and 21 22 Deputy Mayor Lloyd an email, and he -- in that email 23 he says: 24 "I just got the agreement and a 25 25 percent up-front draw, amounting to

\$3 million." 1 2 I think you gave testimony that you had had an opportunity on or about August 30th to look at 3 the contract and to look at the appendix to the 4 5 contract, which was the payment schedule. Is that 6 correct? 7 MS. MARJORY LEONARD: It would have been later in the day that I would have looked at the 8 contract. 9 10 MR. FREDERICK CHENOWETH: All right. 11 MS. MARJORY LEONARD: And -- and as 12 well it was sent to our lawyer for review. 13 MR. FREDERICK CHENOWETH: Very good. But you would have had the contract, I take it, and 14 15 payment schedule at or about 10:30 on that day? 16 MS. MARJORY LEONARD: I don't recall if I received it -- I don't recall if this email had a 17 18 -- an attachment with it. I did receive the direction 19 from the CAO to have the cheque ready. 20 MR. FREDERICK CHENOWETH: All right. But you were aware that -- that there was a twenty --21 22 as a result of this email in any event, if nothing 23 else, you were aware that there was a 25 percent up-24 front draw that was required? MS. MARJORY LEONARD: That's correct. 25

At least from the email, I --1 2 MR. FREDERICK CHENOWETH: Very good. And you were aware that the cheque was going to be in 3 excess of \$3 million? 4 5 MS. MARJORY LEONARD: Yes. MR. FREDERICK CHENOWETH: And -- and 6 you're the Treasurer, and if there was anything 7 inappropriate about a 25 percent up-front payment or 8 the \$3 million, I take it your obligation was to --9 was to chime in or make some comment? 10 11 MS. MARJORY LEONARD: Yes. 12 MR. FREDERICK CHENOWETH: Thank you. 13 And just looking down further, at 11:56, just about an hour and a half later on that day, Mayor Sandra Cooper 14 15 emails Treasurer Marjory Leonard, writing: 16 "The Deputy Mayor is stopping by my 17 office to review the Sprung 18 agreement. Can you provide them to 19 me, please?" 20 So I take it that the Mayor was confident that -- at 11:56, a few minutes before 21 12:00, that you could make available to her, for her 22 23 meeting with the Deputy Mayor, a copy of the contract 24 which contained the payment schedule, correct? MS. MARJORY LEONARD: 25 Yes.

105 MR. FREDERICK CHENOWETH: 1 And it seems like you had the document by 11:56 on that day. 2 3 MS. MARJORY LEONARD: It -- it would 4 appear so, yes. 5 MR. FREDERICK CHENOWETH: Right. 6 MS. MARJORY LEONARD: It came in the 7 first email. 8 MR. FREDERICK CHENOWETH: And -- and I 9 think, again, you indicated that you had an 10 opportunity and you did review the payment schedule? 11 MS. MARJORY LEONARD: At some point, 12 yes. 13 MR. FREDERICK CHENOWETH: Thank you. 14 And -- well, there was a -- a \$3 million cheque about 15 to be written. You were the Treasurer, and you had -you've just acknowledged a responsibility to monitor 16 17 the payments that were made. 18 I take it, consistent with the 19 authority, you reviewed at the very least the payment schedule that morning to ensure that the 25,000 -- or 20 25 percent up-front payment of over \$3 million was 21 appropriate. 22 23 MS. MARJORY LEONARD: I believe I did 24 because I -- I do recall checking in the agreement 2.5 itself the dollar amounts that were used to calculate

1 the total of the -- the contract. 2 MR. FREDERICK CHENOWETH: Right. 3 MS. MARJORY LEONARD: So --MR. FREDERICK CHENOWETH: And if 4 5 you're looking at the contract in that respect, I -- I 6 take it, it would not have fallen outside of your purview to look at the payment schedule that was 7 attached to that contract as Appendix A. 8 9 MS. MARJORY LEONARD: That's correct. 10 MR. FREDERICK CHENOWETH: Okay. And 11 correct me if I'm wrong here, but I had a sense that -12 - that you'd had some experience with payment 13 schedules through your work as the Treasurer of the 14 Town of Collingwood. 15 MS. MARJORY LEONARD: Pardon? 16 MR. FREDERICK CHENOWETH: I take it 17 that, and correct me if I'm wrong -- that as a 18 function of your job as Treasurer of the Town of 19 Collingwood, you had had some experience reviewing payment schedules in various contracts for the Town. 20 21 MS. MARJORY LEONARD: Normally when I 22 would get a request for a payment, it would come from the project manager or the engineer that was managing 23 24 the project with a draw amount on it. 25 MR. FREDERICK CHENOWETH: All right.

107 Did you -- did you or did you not have some experience 1 with payment schedules? Again you can correct me if 2 I'm wrong. Did you have such experience as the 3 Treasurer of the Town of Collingwood? 4 5 MS. MARJORY LEONARD: In terms of 6 contracts, I -- I can't answer that now. I don't recall. I don't --7 8 MR. FREDERICK CHENOWETH: You don't recall? 9 10 MS. MARJORY LEONARD: No, I don't 11 recall if I looked at them before then. 12 MR. FREDERICK CHENOWETH: Thank you. 13 MS. MARJORY LEONARD: Because I was 14 normally not the person that signed the contracts. 15 MR. FREDERICK CHENOWETH: In any 16 event, in your review of the -- the payment schedule 17 on that morning, I take it there was nothing about the 18 payment schedule that alarmed you or troubled you or 19 caused you to raise any alerts, correct? 20 MS. MARJORY LEONARD: That's right. Ι did think the 25 percent was a little high, but I was 21 22 also under the impression that BLT would have to 23 purchase directly from Sprung a lot of the materials 24 to get started, so I could understand the first draw 25 being a little higher.

108 1 MR. FREDERICK CHENOWETH: Thank you. 2 There appears to have been a meeting between the Deputy Mayor and the Mayor at approximately twelve 3 o'clock noon on August 30th, and it seems like you 4 5 brought over a copy of the contract to the Mayor's 6 office so she could review it at that time, correct? 7 MS. MARJORY LEONARD: It appears that 8 way, yes. 9 MR. FREDERICK CHENOWETH: And as the 10 Treasurer, did you stay around when the Mayor and the 11 Deputy Mayor discussed the contract and the payment 12 schedule on that morning? 13 MS. MARJORY LEONARD: I don't recall. 14 MR. FREDERICK CHENOWETH: You don't 15 recall. So you can't say whether you continued to 16 attend that meeting or not. 17 MS. MARJORY LEONARD: That's right. Ι 18 just don't recall. 19 MR. FREDERICK CHENOWETH: Thank you. Moving on, I was concerned with, or interested in, the 20 state of the Town's financing and what motivators that 21 22 may have created for Councillors. 23 And in that respect, I was -- had 24 occasion to look at the evidence of Rick Lloyd given 25 on October 8th, and in this respect I'm looking at

page 145 of the transcript and -- and page 146 as 1 well. And I'm looking at line 6, page 146. 2 3 And Mr. Marron asks Mr. Lloyd: 4 "So the indication is that the Town 5 of Collingwood had a current 6 debenture debt [and again we're 7 talking about 2012] that was about \$48 million. 8 9 You had been aware that the Town of Collingwood, I take it, Council was elected in 2010 to 10 11 reduce the Collingwood debt. You would have known of 12 that? 13 MS. MARJORY LEONARD: Yes. 14 MR. FREDERICK CHENOWETH: All right. 15 And just to assist the Commission, is it fair that -- that the debt at that time was 16 17 approximately \$48 million? 18 MS. MARJORY LEONARD: I believe it was 19 about that number, yes. 20 Thank you. MR. FREDERICK CHENOWETH: 21 And again, to look at another document that had been reviewed, could we pull up TOC0207141. 22 23 Going down a little further. Down a little further. 24 That's good. Go back up so we can see who originated 2.5 this -- this email.

This is an email from Rick Lloyd to Dan 1 Barill, and I'm just interested in numbers that are 2 cited in the bottom half of this email, if you -- if 3 you have a chance to take that up a little further so 4 5 we can look at the numbers. Thank you, that's good. 6 It seems that Mr. Lloyd in this document, first of all, he cites the \$48 million 7 8 debenture debt that existed at that time, and then he 9 talks about projects that the Town would face in the next ten (10) years. 10 11 And he concludes that there was a 12 series of projects that could well have totalled in excess of \$151 million that the Town would be required 13 14 to consider over the next ten (10) year period. 15 Is that reasonably accurate? 16 MS. MARJORY LEONARD: Reasonably, yes. 17 MR. FREDERICK CHENOWETH: Thank you. 18 And he goes on to say that that \$48 million debt and 19 the \$151 million of projects that the Town faced was meant -- was one (1) of the reasons that he can't 20 support the \$30 to \$35 million recreational facility, 21 22 correct? 23 MS. MARJORY LEONARD: It's -- it's 24 what the email says, yes. 25 MR. FREDERICK CHENOWETH: Thank you.

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

But in any event, the point is his numbers were 1 2 accurate? 3 MS. MARJORY LEONARD: Rea -reasonably accurate at that point in time. 4 5 MR. FREDERICK CHENOWETH: Yes, thank 6 you. 7 MS. MARJORY LEONARD: In the end, the Wastewater Treatment Plant upgrade is \$65 million we 8 will have approximately \$30 million in reserve, the 9 water treatment plan upgrade is being financed in a 10 11 different manner, our portion will be probably 10 --12 10 million. 13 We've got mountain road upgrade there, we've -- again, we're probably -- we've applied for a 14 15 federal grant to carry that out. 16 At this point in time, we are paying --17 we were paying, even in 2012 to '13, \$3 million a year 18 off on the principle and there's the rest of these, 19 the fire hall debenture was only 3.3 million, Highway 26 West paving, we didn't have to debenture, because 20 those were plans that didn't -- we got grant money 21 22 for. 23 MR. FREDERICK CHENOWETH: All right. 24 Suffice it to say, as things stood in 2012, the Town's 25 financial future would appear to have its challenges?

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

MS. MARJORY LEONARD: 1 That's correct. 2 MR. FREDERICK CHENOWETH: Thank you. And you mentioned that you had a -- an opportunity to 3 get some grants with respect to the mountain road 4 5 upgrade? 6 MS. MARJORY LEONARD: We're in the -we've applied for it. We've applied for a grant, so 7 there's a potential that we will get it -- we've had 8 9 some very good luck getting the -- the grants for some of the projects that we've done since 2012. 10 11 MR. FREDERICK CHENOWETH: I'm -- and 12 in particular, you would get -- you would have luck or 13 a reasonable degree of luck with respect to projects relating to roads? 14 15 MS. MARJORY LEONARD: To -- to roads, 16 yes. 17 MR. FREDERICK CHENOWETH: All right. 18 And as matters stood in 2012, can you tell me, was 19 there a -- was there available money out there for -from the province or whatever for recreational 20 projects? What was the chance of getting a grant for 21 22 those? 23 MS. MARJORY LEONARD: I -- I believe 24 that the CAO had done a scan of the environment and 25 there weren't any grants for recreational facilities

1 at that time. 2 MR. FREDERICK CHENOWETH: All right. And there was a prospect of grants for road 3 construction, such as Hume Street, et cetera? 4 5 MS. MARJORY LEONARD: Roads, sewers, 6 and water. 7 MR. FREDERICK CHENOWETH: So when -when it comes to allotting the money from the Collus 8 sale, the 50 percent of their shares, i.e., \$8 9 million, was it one (1) of the considerations of -- of 10 11 Council that we should consider allotting those funds 12 to recreation rather than fully to roads because the 13 chance of getting grants for recreation was low and there was some prospect of getting grants for 14 15 recreations for road such as Hume Street, was that one (1) of the considerations? 16 17 MS. MARJORY LEONARD: I indicated 18 yesterday that when we put out the survey that staff 19 had developed some talking points or conversational points to start the public engagement process, we did 20 mention that in there. 21 22 I don't know if it was one (1) of 23 Council's considerations. There were several other 24 considerations and one (1) of them, of course, was to 25 pay down the debenture debt, which at that point in

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

time we would have had more in -- in -- well, first 1 off, we would have been the first municipality in 2 Ontario to ever prepay an Infrastructure Ontario debt 3 and the interest rate penalty would have been -- made 4 5 the amount higher than the amount of Collus funds that 6 we had. 7 MR. FREDERICK CHENOWETH: All right. So that was one (1) of the reasons why you didn't 8 9 choose to pay down the debt with the Collus funds, I take it? 10 11 MS. MARJORY LEONARD: It was entirely 12 up to Council. They could have chosen to do it. 13 They were -- at this point in time we had -- we had two (2) large -- well, we still have 14 15 large debentures and one (1) is at 5.58 percent, and I believe that's the one (1) that has -- east end force 16 main, the purchase of the annex building next door and 17 18 the Black Ash Creek channelization. 19 We have a 2008 debenture for 5.5 -- I can't remember if it's a 7 or 8, that one (1) covered 20 the South Servicing portion. 21 22 Then we went to individual debentures 23 for individual projects. So there could have been the 24 opportunity to pay off some of those debentures, I believe the one for -- for instance for 1st Street I 25

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

115 think it was about 1.7 million, we could have paid it 1 2 down. 3 MR. FREDERICK CHENOWETH: But given the penalties that might be incurred when you paid 4 down some of these debentures, I take it you didn't 5 have guarrel with the Town's view -- with Council's 6 view, that the money should be used for -- for 7 recreational purposes and not for paying down the 8 debt? 9 10 MS. MARJORY LEONARD: I didn't 11 actually have an opinion on it. 12 MR. FREDERICK CHENOWETH: Very good, 13 thank you. 14 If we might pull up TOC0189770. And 15 this is an email that you appear to have sent to Ed Houghton and Larry Irwin and Sara Almas and Dave 16 McNalty on the 24th of August at -- I'm sorry, the 17 18 24th of July, 2012, is that correct? 19 MS. MARJORY LEONARD: It appears so. 20 MR. FREDERICK CHENOWETH: Thank you. 21 And you indicate: 22 "I just talked to Dave and asked him 23 to continue with WGD on the 24 following items" 25 So you, at that time, were giving some

direction to Dave McNalty with respect to what his 1 interaction should be with WGD? 2 3 MS. MARJORY LEONARD: Apparently. MR. FREDERICK CHENOWETH: And this is 4 5 the first of the -- of any emails I've seen in which 6 you are giving directions about WGD. Was it your 7 observation that prior to this time, prior to July 24th, that Mr. McNalty and Ms. Proctor were dealing 8 with WGD? 9 10 MS. MARJORY LEONARD: Yes, I believe 11 that -- that's true. But I also believe that when I prepared this email we did have the direction that the 12 13 ball diamonds were to be saved, the lawn bowling was to be retained at -- at the park, that WGD, when they 14 15 had looked at their -- the grand plan for the Central 16 Park, had looked at putting the -- removing the ball diamonds and all the other things that were in the 17 18 park. 19 So Council had decided they wanted to save them, so I talked to Marta and she suggested 20 which ball diamond we would remove, because there were 21 three (3) ball diamonds there, so the placement of 22 23 that arena in that park was important to retain the 24 rest of the amenities. 25 MR. FREDERICK CHENOWETH: And it, in

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

fact, saved two (2) ball diamonds, correct? 1 MS. MARJORY LEONARD: We do have the 2 3 two (2) ball diamonds, yes. MR. FREDERICK CHENOWETH: 4 Thank you. 5 And avoided a significant expense with respect to 6 relocating those ball diamonds? 7 MS. MARJORY LEONARD: At that point we didn't have any -- any land to reconstruct them on, so 8 9 the answer to that question is yes. And it also saved the lawn bowling club, which again we had -- we had 10 11 looked at -- at -- I believe Mr. Dunbar had looked at 12 moving it to Heritage Park, but again the servicing 13 was a -- a problem there. 14 MR. FREDERICK CHENOWETH: When you say 15 "the servicing," are you talking about the 16 infrastructure so that there might be sewage and toilets and things of that available? 17 18 MS. MARJORY LEONARD: To the best of 19 my knowledge, that park has about 18 inches of soil on the vast majority of the area up there, so that would 20 have been -- would have been a concern. 21 22 MR. FREDERICK CHENOWETH: Thank you. 23 We've gone a little far afield from my question, but 24 my question simply was: Did you understand that prior 25 to your July 24th email to Mr. McNalty that it had --

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

118 it may have been Marta Proctor and Dave McNalty that 1 had been interacting with WGD? 2 MS. MARJORY LEONARD: 3 Yes. 4 MR. FREDERICK CHENOWETH: Thank you. 5 If we might move on to a further document, which is 6 TOC0190878. This appears to be a -- a -- an acceptance by you to attend a meeting of the 27th of 7 July, on this occasion. Is that correct? 8 9 MS. MARJORY LEONARD: Yes. 10 MR. FREDERICK CHENOWETH: It's a 11 meeting with Sprung? 12 MS. MARJORY LEONARD: Yes. 13 MR. FREDERICK CHENOWETH: All right. 14 And can you tell me who was at that meeting? 15 MS. MARJORY LEONARD: I was. 16 MR. FREDERICK CHENOWETH: All right, 17 can you assist any further? 18 MS. MARJORY LEONARD: Umm. 19 MR. FREDERICK CHENOWETH: Was Ms. Almas at the meeting, do you recall? 20 21 MS. MARJORY LEONARD: I don't believe 22 she was. I think it was myself, Ed, --23 MR. FREDERICK CHENOWETH: Mr. McNalty? 24 MS. MARJORY LEONARD: Larry. I don't 25 recall if Dave was there or not. And I -- I'm pretty

sure it was Tom Lloyd from -- from Sprung. 1 2 MR. FREDERICK CHENOWETH: And do you remember BLT individuals being there? Was Dave Barrow 3 there? 4 5 MS. MARJORY LEONARD: I think Dave --6 MR. FREDERICK CHENOWETH: -- do you 7 know? 8 MS. MARJORY LEONARD: I thi -- I believe Dave Barrow was there. 9 10 MR. FREDERICK CHENOWETH: And do you 11 recall this as being an opportunity -- or a time at 12 which you and others were introduced to BLT? 13 MS. MARJORY LEONARD: Yes. 14 MR. FREDERICK CHENOWETH: And I take it you understood as a result of what you heard at 15 that meeting that BLT was the company that put up 16 Sprung buildings and you didn't understand there to be 17 18 an alternative, correct? 19 MS. MARJORY LEONARD: That's correct. 20 MR. FREDERICK CHENOWETH: And Mr. 21 Houghton was at the same meeting? 22 MS. MARJORY LEONARD: That's correct. 23 MR. FREDERICK CHENOWETH: So, if he 24 was listening to the same things you were, I take it 25 it's reasonable that he may have come to the same

120 conclusion, i.e., there was no alternative but BLT, as 1 a result of his attendance at the meeting on July 2 27th? 3 MS. MARJORY LEONARD: It's possible. 4 5 MR. FREDERICK CHENOWETH: Thank you. 6 7 (BRIEF PAUSE) 8 9 MR. FREDERICK CHENOWETH: And would you remember that there was a discussion about the 10 Sprung guard, the anti-vandalism mechanism of Sprung, 11 12 at that meeting on July 27th? 13 MS. MARJORY LEONARD: Yes, there was a 14 discussion about -- about the Sprung Shield. And I 15 came away from that meeting thinking that we were having the Sprung Shield. 16 17 MR. FREDERICK CHENOWETH: And you 18 indicated that in your evidence in-chief. Do you 19 remember, and I think you indicated that you did remember, that there was a discussion about the nature 20 of vandalism in the Town of Collingwood? 21 22 MS. MARJORY LEONARD: That's -- yes, 23 that's correct. 24 MR. FREDERICK CHENOWETH: Thank you. 25 And do you remember that -- that the general sense of

things in that meeting was that vandalism in 1 Collingwood was low? 2 3 MS. MARJORY LEONARD: Yes, I do. But I can also tell you that I lived across from the YMCA 4 5 for forty-five (45) years. And when they built the 6 YMCA, vandalism at Exhibition Park, or Central Park, did step up a lot. 7 8 And we have -- there were some housing units at the corner of High and 2nd, that that area of 9 Town did have high vandalism, as well. 10 11 MR. FREDERICK CHENOWETH: All right. 12 You're talking about the -- the -- sorry, the Central 13 Park location or the Heritage Park location? 14 MS. MARJORY LEONARD: Oh, both. I 15 lived across from Central Park. 16 MR. FREDERICK CHENOWETH: Right. 17 MS. MARJORY LEONARD: And -- oh, 18 sorry. I lived across from Central Park. And, as I 19 say, the vandalism on that street was very -- and -and in the park was very, very limited until the YMCA 20 21 was built. And then it -- it really took a turn 22 upwards. 23 MR. FREDERICK CHENOWETH: Did you --24 MS. MARJORY LEONARD: And with the 25 housing units at 2nd and High, which is at Heritage

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

Park, the area there had higher rates of vandalism. 1 2 MR. FREDERICK CHENOWETH: Did you recall your experience living across from Central 3 Park? Did you -- did you raise that in that meeting 4 5 of July 27th? 6 MS. MARJORY LEONARD: I can't recall. 7 MR. FREDERICK CHENOWETH: Did you raise what you've described in Heritage Park --8 9 MS. MARJORY LEONARD: That one (1) for 10 sure I do re --11 MR. FREDERICK CHENOWETH: -- at that 12 meeting of July 27th? MS. MARJORY LEONARD: I do recall 13 14 mentioning that one (1). 15 MR. FREDERICK CHENOWETH: All right. And you would recall that there was some discussions 16 17 about -- and, again, I think discussed by Sprung or 18 BLT, that, if you had a property or were -- were 19 building this in Downtown Detroit, you might wish to consider the Sprung guard. 20 21 Do you remember that being discussed? 22 MS. MARJORY LEONARD: I -- I don't 23 recall what -- what Sprung had said at that -- that's 24 -- you've -- you've got my memory of the meeting, and 25 that's basically it.

MR. FREDERICK CHENOWETH: And you 1 2 don't recall that there was some discussion by Sprung about the substantial price tag that would occasion 3 purchasing the Sprung guard? 4 5 MS. MARJORY LEONARD: No, I don't 6 recall that. 7 MR. FREDERICK CHENOWETH: And... 8 9 (BRIEF PAUSE) 10 11 MR. FREDERICK CHENOWETH: You don't 12 recall any discussion about the -- Sprung's thought, 13 that it was a very limited number of their purchasers 14 that actually bought the Sprung guard? Would you recall that discussion? 15 16 MS. MARJORY LEONARD: No. 17 MR. FREDERICK CHENOWETH: Thank you. 18 All right. 19 20 (BRIEF PAUSE) 21 22 MR. FREDERICK CHENOWETH: If we could 23 turn to another document. It's TOC0194509. 24 25 (BRIEF PAUSE)

1 MR. FREDERICK CHENOWETH: It appears 2 that this is a document on August 1st at which you accepted a meeting invitation to meet with Sprung on 3 August 3rd. 4 5 Is that correct? 6 MS. MARJORY LEONARD: It appears so, 7 yes. 8 MR. FREDERICK CHENOWETH: Does that 9 assist your memory with respect to your testimony 10 yesterday as to whether or not you were at that August 11 3rd meeting? 12 MS. MARJORY LEONARD: I apparently was 13 at the August 3rd meeting. I don't recall much. I --14 I don't recall the meeting itself. 15 MR. FREDERICK CHENOWETH: All right. It -- it appears that -- that you, in any event, had 16 good access to Sprung. Is that -- is that fair? You 17 18 had been at a meeting on July 27th and had an 19 opportunity to -- to ask any questions or interact with Sprung and BLT with respect to any issues that 20 might have arisen in your mind with respect to the 21 22 nature and quality of their buildings? 23 MS. MARJORY LEONARD: I can't even 24 remember what was discussed at these -- this meeting 25 or -- or the -- the 27th. The access that I had and

whoever else was at the meeting -- whoever else on 1 staff was -- were -- were at those meetings had the 2 same amount of access that I did. 3 4 MR. FREDERICK CHENOWETH: I'm not 5 saying you had any unique acc -- access. I'm simply 6 saying that you had the opportunity to -- to be in touch with Sprung on an adequate number of occasions 7 8 to make your assessments? 9 10 (BRIEF PAUSE) 11 12 MS. MARJORY LEONARD: Perhaps. 13 MR. FREDERICK CHENOWETH: Very good. 14 I'd like to pull up a further document. It's 15 TOC0199345. 16 THE HONOURABLE FRANK MARROCCO: Т think I might -- I think you're going on to another 17 18 document. I think --19 MR. FREDERICK CHENOWETH: I am, Your 20 Honour, yes. 21 THE HONOURABLE FRANK MARROCCO: Т 22 think we'll take a -- take a five (5) minute, ten (10) 23 minute break. 24 MR. FREDERICK CHENOWETH: Thank you 25 very much.

126 --- Upon recessing at 12:22 p.m. 1 --- Upon resuming at 12:30 p.m. 2 3 CONTINUED BY MR. FREDERICK CHENOWETH: 4 MR. FREDERICK CHENOWETH: Could we 5 6 pull up document number TOC0199345? 7 8 (BRIEF PAUSE) 9 10 MR. FREDERICK CHENOWETH: I'll try and 11 get through a number of these documents as quickly as 12 we can. This appears to be an email that is sent to 13 you by Marta Proctor on the 14th of August. 14 And she says in the email: 15 "Will this time work for you? And 16 where would you prefer to meet?" 17 The 17th of August if I misspoke. So, 18 the meeting's for the 17th of August is the 19 suggestion. The email is on the 14th of August. 20 I take it you got this email? 21 MS. MARJORY LEONARD: I probably did. I don't recall, but... 22 23 MR. FREDERICK CHENOWETH: Thank you. 24 And it appears to be suggesting a meeting between Sara 25 Almas, yourself, and Marta Proctor for the 17th of

August at 1:00 to 2:00 p.m., correct? 1 MS. MARJORY LEONARD: Correct. 2 3 MR. FREDERICK CHENOWETH: All right. And I note that you turned out the first draft of your 4 5 report on August 18th, the date after this meeting? 6 MS. MARJORY LEONARD: Okay. 7 MR. FREDERICK CHENOWETH: Well, do you have any doubt about that? 8 9 MS. MARJORY LEONARD: I -- I know I 10 put out a draft. I don't recall specifically what --11 MR. FREDERICK CHENOWETH: All right. 12 MS. MARJORY LEONARD: -- date I put out the first draft. 13 14 MR. FREDERICK CHENOWETH: Well, then 15 let's just quickly look at TOC0201377. 16 17 (BRIEF PAUSE) 18 19 MR. FREDERICK CHENOWETH: And this is Saturday the 18th some time after the Friday meeting 20 with the three (3) ladies. And you say in this, "This 21 22 is my first attempt at the report." 23 And this is your email sending out the 24 -- the first draft of the report to the EMC and to 25 Dave McNalty, correct?

MS. MARJORY LEONARD: 1 Correct. 2 MR. FREDERICK CHENOWETH: All right. So, it appears that that obv -- was obviously sent out 3 the day after you had this meeting with Marta Proctor 4 and Sara Almas? 5 6 MS. MARJORY LEONARD: Correct. 7 MR. FREDERICK CHENOWETH: All right. And can you tell me, was there some discussion at this 8 9 meeting on the 17th about who would draft -- given 10 Marta's pending absence, who would draft the -- the 11 first of the staff report drafts, who would write 12 that? 13 MS. MARJORY LEONARD: Mr. Houghton had 14 already directed me to write it. 15 MR. FREDERICK CHENOWETH: Would you 16 try and answer my question, which was: Do you recall 17 whether there was any discussion at this meeting on 18 the 17th with respect to who would draft the first 19 copy of the staff report? 20 MS. MARJORY LEONARD: I don't recall. 21 MR. FREDERICK CHENOWETH: Do you 22 recall the meeting at all? 23 MS. MARJORY LEONARD: No. 24 MR. FREDERICK CHENOWETH: All right. 25 So, you don't know what the nature of the discussions

129 were that were had between yourself and Proctor and 1 2 Almas on the 17th? 3 MS. MARJORY LEONARD: No. 4 MR. FREDERICK CHENOWETH: Thank you. 5 6 (BRIEF PAUSE) 7 Just very 8 MR. FREDERICK CHENOWETH: quickly, looking at TOC020255 -- well, first of all, 9 before we do that, looking again at -- at the last 10 11 email we looked at, which was TOC0201377, this is when 12 you sent out the -- the first draft of the staff 13 report. 14 And you seem to have sent it to -- to 15 the EMC and Dave McNalty. And I take it you were anticipating that, if there was going to be any 16 thoughts or comments that those individuals would 17 18 have, that they would -- they would make those 19 comments known to you? 20 MS. MARJORY LEONARD: Yes. And it -it was also sent to Marta Proctor, as well. 21 22 MR. FREDERICK CHENOWETH: Very good, 23 yes. So that Marta Proctor would have a chance to 24 comment should she wish to do so? MS. MARJORY LEONARD: Correct. 25

MR. FREDERICK CHENOWETH: 1 And it was your anticipation that -- that you might well have 2 some comments from the EMC and others with respect to 3 the first draft, correct? 4 MS. MARJORY LEONARD: 5 Correct. 6 MR. FREDERICK CHENOWETH: And fair to say that you also kept Dave McNalty in the loop with 7 respect to the various drafts of your report? 8 9 MS. MARJORY LEONARD: Correct. 10 MR. FREDERICK CHENOWETH: And you 11 would have expected him to make any comments that he 12 felt were appropriate with respect to the drafting of 13 that report? MS. MARJORY LEONARD: 14 Yes. 15 MR. FREDERICK CHENOWETH: I suggest to you that it was an iterative process and that there 16 17 was an opportunity for others to make comments. And 18 it appears that from time to time black lining was 19 used in the various iterations of the report to indicate contributions by others. 20 Is that fair? 21 22 MS. MARJORY LEONARD: Fair. 23 MR. FREDERICK CHENOWETH: Thank you. 24 25 (BRIEF PAUSE)

MR. FREDERICK CHENOWETH: 1 You spoke yesterday about the estimates that the Town received 2 about 4:04 on July 16th. In that respect, could we 3 look at TOC0202588? 4 5 6 (BRIEF PAUSE) 7 8 MR. FREDERICK CHENOWETH: And I note that this is an email from Dave McNalty. And he says: 9 10 "Just before noon, Ed asked me for 11 the Sprung estimates from July." 12 So, I take it at least by the 21st of August of 2012, at least as a result of this email, 13 you would have been aware that there was some Sprung 14 15 estimates that were produced in July? MS. MARJORY LEONARD: I don't believe 16 I was aware of them. 17 18 MR. FREDERICK CHENOWETH: Okay. This 19 email would have made you aware of them, correct? 20 MS. MARJORY LEONARD: Yes. 21 MR. FREDERICK CHENOWETH: Thank you. And I take it you didn't use those -- those estimates 22 23 for some reason. I take it, it's because you would 24 have felt them to be preliminary. 25 Is that fair?

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

132 MS. MARJORY LEONARD: I don't recall 1 seeing them. 2 3 MR. FREDERICK CHENOWETH: All right. Did you inquire with Mr. McNalty after this email to 4 5 obtain a copy of those -- of those estimates that you 6 said that you didn't have available to you? 7 MS. MARJORY LEONARD: I -- I don't recall. 8 9 MR. FREDERICK CHENOWETH: Thank you. 10 11 (BRIEF PAUSE) 12 13 MR. FREDERICK CHENOWETH: Could we 14 pull up document number TOC0203337? 15 16 (BRIEF PAUSE) 17 18 MR. FREDERICK CHENOWETH: Just going 19 to the bottom of tho -- of those documents, we see 20 that Dave Barrow sends to Ed Houghton what he 21 describes as the final numbers for both the pool and 22 the building. 23 And you weren't party to that email, 24 but you were to the next one. If we could go up one 25 (1), if we could, please. And it looks like Ed sent

1 those numbers to you on the 22nd? 2 MS. MARJORY LEONARD: I believe so, 3 yes. 4 MR. FREDERICK CHENOWETH: And you sent them on to Dave McNalty again at 3:49 on that evening? 5 MS. MARJORY LEONARD: Yes. 6 7 MR. FREDERICK CHENOWETH: So, you 8 would have had the numbers for both the pool and the 9 new rink at that juncture, correct? 10 MS. MARJORY LEONARD: Yes. 11 MR. FREDERICK CHENOWETH: Thank you. 12 And... 13 14 (BRIEF PAUSE) 15 16 MR. FREDERICK CHENOWETH: I note in 17 another document, TOC0203550... 18 19 (BRIEF PAUSE) 20 21 MR. FREDERICK CHENOWETH: This is an 22 email of yours on the 23rd of August at approximately 23 noon hour. 24 25 (BRIEF PAUSE)

MR. FREDERICK CHENOWETH: You appear 1 to have sent that particular draft of that particular 2 day on to Houghton and Irwin and Almas and Dave 3 McNalty. And you ask them, "Could we discuss this 4 document after lunch, " correct? 5 MS. MARJORY LEONARD: That's correct, 6 7 yes. 8 MR. FREDERICK CHENOWETH: All right. So, it's fair to say this -- this process of preparing 9 this documents was a bit of a group effort? 10 11 MS. MARJORY LEONARD: A bit, yes. 12 MR. FREDERICK CHENOWETH: Thank you. 13 And you looked to others for a contribution to the iterative document as it unfolded? 14 15 MS. MARJORY LEONARD: Yes. 16 17 (BRIEF PAUSE) 18 19 MR. FREDERICK CHENOWETH: Just one (1) 20 other document. This is TOC0203769. 21 22 (BRIEF PAUSE) 23 24 MR. FREDERICK CHENOWETH: And this 25 appears to be an invitation that was sent out by

135 Schollenberg (sic) to again the EMC and Dave McNalty, 1 and it's for the 8:30 meeting that we've had some 2 conversations about this morning. 3 4 I was interested. It says, "Meeting 5 requested by Marjory Leonard"? MS. MARJORY LEONARD: I bel -- I 6 believe that's because there was no discussion in the 7 afternoon of August the 23rd, and we needed to talk 8 about the staff report. 9 10 MR. FREDERICK CHENOWETH: You needed 11 to talk about the staff report and you needed to 12 conclude the staff report, correct? 13 MS. MARJORY LEONARD: Correct. 14 MR. FREDERICK CHENOWETH: All right. 15 So, it was you that called the meeting for the morning 16 of the 24th? 17 MS. MARJORY LEONARD: Yes. And, as 18 well, I was -- at that point in time, I believe I was 19 the only one that was in town hall. And Megan Schollenberg (sic) was the CAO -- assistant to the 20 21 mayor and CAO at the time. 22 MR. FREDERICK CHENOWETH: Very good. 23 24 (BRIEF PAUSE) 25

136 MR. FREDERICK CHENOWETH: So, again, 1 the meeting was for the purpose of -- of discussing 2 the staff report and its various elements with your 3 confreres on the EMC and Dave McNalty and others, 4 5 correct? 6 MS. MARJORY LEONARD: Correct. 7 MR. FREDERICK CHENOWETH: Thank you. 8 9 (BRIEF PAUSE) 10 11 MR. FREDERICK CHENOWETH: If we could 12 look at document TOC0205359. 13 14 (BRIEF PAUSE) 15 16 MR. FREDERICK CHENOWETH: This appears to be an email of the 27th of August sent to Sara 17 18 Almas and you and Irwin and Marta Proctor with respect 19 to what was going to take place on the evening of the 20 27th. 21 And, again, it looks like Mr. Houghton 22 is saying: 23 "Please look at the presentation and 24 let me know if you see anything 25 wrong or any inaccuracies."

1 So that you had an opportunity to comment on the presentation that was made by Mr. 2 Houghton to the Town on the 27th? 3 MS. MARJORY LEONARD: 4 Yes. 5 MR. FREDERICK CHENOWETH: Thank you. 6 And he seems to specifically direct you. Could you look specifically at the financial portion near the 7 end, including the procurement part, as you will be 8 giving this part. 9 10 So I take it that as a result of that, 11 you looked at the financial provisions that were set 12 out in the report and the procurement aspects of 13 matters that were set out in that presentation? 14 MS. MARJORY LEONARD: I would say I 15 did look at those. I actually don't recall much about the August 27th Council meeting either, in terms of 16 what -- what happened, what was said, where things 17 18 went. But I would have looked at the financial 19 portion and made any comments or changes to it that I would have thought necessary. 20 21 MR. FREDERICK CHENOWETH: Do you 22 remember that you would have, at the August 27th 23 meeting, had spoken to issues such as how this project 24 might be financed? 25 MS. MARJORY LEONARD: I would believe

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

that that would have been part of the financial 1 portion of the presentation, but as I've just stated, 2 I don't -- I don't really recall in detail everything 3 that happened at that Council meeting or for that 4 5 matter at a lot of Council meetings. 6 MR. FREDERICK CHENOWETH: Well, it -it seems clear from the transcript, and we could look 7 at page 33 of the August 27th transcript. I don't 8 know that I know --9 10 MS. KATE MCGRANN: What document is 11 it? CJI11233. 12 MR. FREDERICK CHENOWETH: Thank you. 13 And there's -- there's little purpose in going through 14 it. It -- it is what it is. 15 THE HONOURABLE FRANK MARROCCO: And -and Ms. Leonard has indicated she has very little 16 17 recollection of the meeting, so I agree with you, 18 there's very little point in going through it. 19 And the transcript is there. 20 MR. FREDERICK CHENOWETH: The transcript is --21 THE HONOURABLE FRANK MARROCCO: 22 No one 23 has suggested that the transcript is inaccurate and 24 the witness has no -- little or no recollection of 25 these meetings, of the Council meetings, according to

139 what Ms. Leonard just said. 1 2 CONTINUED BY MR. FREDERICK CHENOWETH: 3 4 MR. FREDERICK CHENOWETH: It would 5 appear to be the case that you addressed a number of 6 issues at that meeting. 7 You spoke to Council about how the project would be financed. Is that fair? 8 9 THE HONOURABLE FRANK MARROCCO: The 10 witness -- Ms. Leonard indicated she has very little 11 recollection of the meeting. We have a transcript of 12 the meeting. 13 I -- I do not want questions put to her 14 about what took place at the meeting in circumstances 15 where she says she has very little recollection of the meeting. 16 17 MR. FREDERICK CHENOWETH: Very good, 18 Your Honour. 19 20 (BRIEF PAUSE) 21 22 CONTINUED BY MR. FREDERICK CHENOWETH: 23 MR. FREDERICK CHENOWETH: Mr. Bonwick 24 took you through the -- some of the comments of -- or 25 referred you to some of the comments that were made by

councillors at the August 16th Council meeting. 1 2 Is it fair to say that -- I'm sorry, if 3 I said August, I meant July. Is it fair to say that you would have 4 been aware of the enthusiasm of the councillors for 5 6 the fabric roof approaches as a result of your 7 attendance at that meeting on July 16th? 8 MS. MARJORY LEONARD: Again, I don't 9 recall a lot of the details of the -- the meetings. We're -- we're talking seven (7) years ago. 10 11 MR. FREDERICK CHENOWETH: Would you 12 remember that Mr. Rick Lloyd had a particular 13 enthusiasm for this process? 14 MS. MARJORY LEONARD: That I would 15 remember. 16 MR. FREDERICK CHENOWETH: Thank you. 17 And he -- thank you. He indicates that in his own 18 testimony --19 THE HONOURABLE FRANK MARROCCO: He's already testified to that, right? 20 21 MR. FREDERICK CHENOWETH: He has, and 22 I'm asking this witness about her thoughts on his 23 testimony in this respect and where it leads us. 24 CONTINUED BY MR. FREDERICK CHENOWETH: 25

MR. FREDERICK CHENOWETH: 1 So in any event, as I understand it, Mr. Lloyd testified that he 2 aggressively pushed this project forward. Is that 3 fair? 4 MS. MARJORY LEONARD: 5 He was the one 6 (1) that -- that created the motions, so -- or brought the motions forward, so I would say yes. 7 MR. FREDERICK CHENOWETH: 8 And he was enthusiastic about the project, you'd remember that? 9 10 MS. MARJORY LEONARD: Yes. 11 MR. FREDERICK CHENOWETH: Right. 12 And is it fair to say that staff members would have 13 been affected by that sense of enthusiasm that -- that sense of aggression that Mr. Lloyd and others put 14 15 forward with respect to that project? 16 MS. MARJORY LEONARD: I don't think I can answer that question. I don't really know what 17 18 you're trying to --19 MR. FREDERICK CHENOWETH: Well, I quess I'm just -- I quess I'm really just asking you, 20 21 did you feel a sense of pressure as a result of the aggressive manner that Mr. Lloyd was pushing this 22 23 matter forward and the enthusiasm of other 24 councillors, did that put you under some pressure? 25 MS. MARJORY LEONARD: The pressure

142 actually came with the CAO and -- and the tight 1 timeline. 2 3 MR. FREDERICK CHENOWETH: All right. And did you -- did you think that the CAO was, in 4 fact, under some pressure as a result of the -- what 5 I'll describe as enthusiasm with the councillors and 6 the aggressive approach of Rick Lloyd? 7 8 MS. MARJORY LEONARD: Probably, yes. 9 MR. FREDERICK CHENOWETH: Thank you. 10 11 (BRIEF PAUSE) 12 13 MR. FREDERICK CHENOWETH: One (1) 14 moment if you would please, Your Honour. 15 16 (BRIEF PAUSE) 17 18 MR. FREDERICK CHENOWETH: You 19 mentioned that you, in you research, unearthed two (2) 20 competitors to Sprung. 21 MS. MARJORY LEONARD: I unearthed two 22 (2) manufacturers of fabric buildings, other than 23 Sprung. 24 MR. FREDERICK CHENOWETH: Right. 25 So you're not telling me that you felt they were

143 competitors to Sprung because you didn't --1 MS. MARJORY LEONARD: 2 The reason I 3 felt --MR. FREDERICK CHENOWETH: 4 -- you 5 didn't look into their characteristics in any detail? MS. MARJORY LEONARD: I didn't look 6 into their characteristics in any detail, I just 7 8 needed to know that there was somebody else out there 9 that could produce a fabric building. In order to determine that, an RFP would be the right process to 10 11 follow. 12 MR. FREDERICK CHENOWETH: I take it 13 from what you're telling me, you didn't look into them enough to decide whether they were direct competitors 14 15 to Sprung or not. 16 MS. MARJORY LEONARD: As I -- as I just said, I looked at them, I did look at -- I 17 18 believe it was Norseman that did have some items out 19 there on their website, but I just needed to know that somebody else could do the same thing. 20 21 MR. FREDERICK CHENOWETH: Do the same 22 thing as Sprung? 23 MS. MARJORY LEONARD: To provide a --24 a cover --25 MR. FREDERICK CHENOWETH: Fabric

144 1 building? 2 MS. MARJORY LEONARD: A fabric building, yes. 3 4 MR. FREDERICK CHENOWETH: So that's 5 all you knew about the two (2) competitors that you mentioned? 6 7 MS. MARJORY LEONARD: Well, other than 8 MR. FREDERICK CHENOWETH: They could 9 provide a fabric building. 10 11 MS. MARJORY LEONARD: Right. I did my 12 internet research, I did it for a specific purpose and 13 that was to determine that there were other people out 14 there that could manufacture fabric structures to 15 cover things, whether they were pools or arenas or piles of salt or sand. Somebody else out there could 16 17 do that. 18 MR. FREDERICK CHENOWETH: Okay. But 19 whether they could do it like Sprung, you didn't 20 ascertain, correct? 21 MS. MARJORY LEONARD: Correct. 22 23 (BRIEF PAUSE) 24 25 MR. FREDERICK CHENOWETH: Those are my

questions of this witness, Your Honour, thank you. 1 THE HONOURABLE FRANK MARROCCO: 2 Thank 3 you, Mr. Chenoweth. Mr. Marron...? MR. GEORGE MARRON: I'm just 4 5 wondering, Your Honour, it's 5 to 1:00, could I have 6 the opportunity of reviewing what has gone on this morning? There were a number of areas that I'd 7 prepared to tentatively examine Ms. Leonard on and I'd 8 like an opportunity to review that and make --9 obviously it's going to shorten what I'm going to do. 10 11 THE HONOURABLE FRANK MARROCCO: We'll 12 take an hour for -- for lunch. 13 MR. GEORGE MARRON: Thank you for 14 that. 15 --- Upon recessing at 12:57 p.m. 16 --- Upon resuming at 2:00 p.m. 17 18 19 MR. GEORGE MARRON: Well, thank you, Your Honour. I used the luncheon break to get 20 opportunity, and I have no questions on the cognizin 21 22 (sic) of the ruling that you made earlier with Mr. Chenoweth, referencing the August 27, 2012 Council 23 24 meeting and any questions to be put to the witness, 25 and that was basically the area I wanted to consider

146 carefully. Thank you for the indulgence. 1 THE HONOURABLE FRANK MARROCCO: Thank 2 you, Mr. Marron. Mr. Neubauer...? 3 4 MR. ERIC NEUBAUER: Nothing, Your 5 Honour. 6 THE HONOURABLE FRANK MARROCCO: Mr. 7 Breedon...? 8 EXAMINATION BY MR. RYAN BREEDON: 9 10 MR. RYAN BREEDON: I just have a 11 couple of questions arising from some of the evidence 12 you gave yesterday. 13 Ms. McGrann asked you if you had 14 thought that there would have been an advantage to 15 tendering, and you testified that even sitting here today you don't know if there would have been an 16 advantage to tendering. 17 18 And I take it you mean by that that you don't know whether there would have been a better 19 price if -- if the matter had gone out to tender? 20 got it to tender? 21 22 MS. MARJORY LEONARD: That's -- that's 23 correct. 24 MR. RYAN BREEDON: Okay. But because 25 we don't know how many people would have responded and

what -- what the tenders -- what the bids would have 1 2 been. 3 MS. MARJORY LEONARD: Exactly. MR. RYAN BREEDON: Right. The whole 4 5 point though of the tender process is to get the best 6 possible price, correct? In -- in terms 7 MS. MARJORY LEONARD: of a tender, it is based on -- on price. An RFP can 8 9 be based both on -- on -- on price and on other criteria that you have in there, but in -- in normal 10 11 events, our bylaw would require a -- the lowest amount 12 would be awarded. 13 MR. RYAN BREEDON: Right. And -- and that's why the bylaw requires a tender for purchases 14 15 over a certain amount --16 MS. MARJORY LEONARD: That's correct. 17 MR. RYAN BREEDON: -- in -- in order 18 to get the best possible price. 19 MS. MARJORY LEONARD: The best possible price, yes. 20 21 MR. RYAN BREEDON: Just -- just one 22 (1) more question and then I'll be done, Ms. Leonard. 23 The -- you testified over the last 24 couple of days to having felt uncomfortable with a 25 number of aspects of this transaction, and I just

wonder, sitting here today and looking back on all of 1 this, would you do anything differently? 2 3 MS. MARJORY LEONARD: Yes, I would. Ι would have voiced more opposition. It may not have 4 gotten me any further or anywhere, but I would most 5 definitely have voiced more opposition and had refused 6 to -- or had withdrawn from the process of writing 7 that staff report, and most likely had stepped down 8 from the Executive Management Committee. 9 10 MR. RYAN BREEDON: Thank you very 11 much. Those are my questions. 12 THE HONOURABLE FRANK MARROCCO: Any re-examination? 13 MS. KATE MCGRANN: No further 14 15 questions. 16 THE HONOURABLE FRANK MARROCCO: Ms. 17 Leonard, thank you very much for your evidence. 18 MS. MARJORY LEONARD: Okay. Thank 19 you. 20 (WITNESS STANDS DOWN) 21 22 23 MR. FREDERICK CHENOWETH: Your Honour, 24 I spoke to Mr. Houghton moments ago. He was parking 25 his car and coming into the room.

149 THE HONOURABLE FRANK MARROCCO: we'll 1 -- we'll break for a few minutes. Let us know when 2 he's ready to go. 3 MR. FREDERICK CHENOWETH: I will, sir. 4 5 Thank you. 6 7 --- Upon recessing at 2:04 p.m. 8 --- Upon resuming at 2:10 p.m. 9 10 ED HOUGHTON, Sworn 11 12 THE HONOURABLE FRANK MARROCCO: Go 13 ahead, Mr. Chenoweth. Ready when you are. 14 15 EXAMINATION-IN-CHIEF BY MR. FREDERICK CHENOWETH: 16 MR. FREDERICK CHENOWETH: Good afternoon, Mr. Houghton. 17 18 MR. ED HOUGHTON: Good afternoon. 19 MR. FREDERICK CHENOWETH: Tell me, immediately prior to your appointment as CAO of the 20 21 Town of Collingwood, can you tell me what your 22 obligations in the Town were? 23 MR. ED HOUGHTON: Yes. I was 24 President and CEO of Collus Power, soon to be Collus 25 PowerStream; I was the President and CEO of

150 Collingwood Public Utilities, which is the water and 1 the water treatment; and I was Executive Director of 2 Engineering and Public Works, which is pretty much 3 everything else, water, wastewater, storm water, 4 5 roads, buses, airport, railway. 6 MR. FREDERICK CHENOWETH: Anything that moved, I think you described --7 8 MR. ED HOUGHTON: Anything that moved. 9 MR. FREDERICK CHENOWETH: All right. 10 And can you tell me what your workload was with those 11 three (3) obligations within the Town structure? 12 MR. ED HOUGHTON: Those were basically 13 three (3) full-time jobs. They were --14 MR. FRED CHENOWETH: Each one (1) of 15 them? 16 MR. ED HOUGHTON: Each one (1) of I mean, maybe less for Public Utilities, but 17 them. 18 certainly from a Public Works' perspective and from 19 Collus, those were very, very, very busy -- busy jobs. 20 MR. FREDERICK CHENOWETH: Now, I get the impression that in 2012 you were approached by 21 22 members of the Town Council, i.e., the Mayor, and the 23 Deputy Mayor, with respect to the prospect of taking 24 on the task of CAO. 25 MR. ED HOUGHTON: That's correct.

1 MR. FREDERICK CHENOWETH: All right. And is it -- is it fair to say that you initially 2 declined the offer? 3 4 MR. ED HOUGHTON: Yes. 5 MR. FREDERICK CHENOWETH: Can you tell 6 why? 7 MR. ED HOUGHTON: I never wanted to be the -- the Chief Administrative Officer. 8 I enjoyed serving the Town of Collingwood and the Public 9 Utilities and -- and Collus. 10 11 I had opportunities previous to that 12 when other CAOs moved on, and I chose to -- to do what 13 I was doing, and I was excited about the opportunity 14 with Collus PowerStream. 15 I knew that that the -- the months leading up till -- to the launch, which ended up being 16 in -- maybe about the third week of August -- was 17 18 going to be extremely busy. We had a lot of things to 19 do, things to consider, and I really didn't think that this was something that -- that I needed at this point 20 in time in my life. 21 22 MR. FREDERICK CHENOWETH: You were 23 approached more than once to take on the position? 24 MR. ED HOUGHTON: I believe it was at 25 least three (3) times.

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

1 MR. FREDERICK CHENOWETH: All right. And did you eventually acquiesce? 2 3 MR. ED HOUGHTON: I -- I did. I thought about it. I thought that what I could 4 5 probably do was -- because they were telling me it was 6 just for a short period of time and the last call 7 basically said we're -- we -- we are going to be terminating Ms. Wingrove and we need somebody for a 8 short period of time. They told me two (2) months. 9 Ι 10 felt in my mind it would be three (3). 11 MR. FREDERICK CHENOWETH: And did you 12 take it on straight out or was there some conditions 13 or what was the state of affairs? 14 MR. ED HOUGHTON: No. I -- the first 15 thing I said was that I don't know what the issue is with Ms. Wingrove, I don't want to be blamed, so that 16 17 needs to be made perfectly clear to all. I -- I 18 wanted it to be acting or interim. I cho -- I thought 19 the word "acting" was a -- meant a little bit more in the sense that I was only acting until they found 20 21 somebody. 22 I had said that I didn't want to be 23 remunerated because at that point in time it was my 24 way of saying thank you to the community for -- you 25 know, basically I worked here my entire career.

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

1 And -- and the fourth thing was -wasn't really on that call, it was after -- after, 2 which I said, I can't do this on my own. What I need 3 to do is put together an Executive Management Team 4 5 that can assist, because I don't want anything falling 6 off the table, even though I was told that this was going to be a very quiet period. There was no burning 7 issues at that point in time. 8 9 MR. FREDERICK CHENOWETH: After having 10 assumed this role on, I think, April 12th, I believe 11 it is, 2012, can you tell me what your workload came 12 to be after April 12th, 2012? 13 MR. ED HOUGHTON: I mean, everybody 14 says they work 24/7 but truly it was seven (7) days a 15 week, twenty (20) hours a day. 16 MR. FREDERICK CHENOWETH: Thank you. And the EMC, we'll -- we'll -- tell me what 17 18 the thought was with respect to the development of ENC 19 -- of the EMC. 20 MR. ED HOUGHTON: One (1) of the original conversations I had with Mayor Cooper and the 21 22 Deputy Mayor -- former Deputy Mayor, was that why --23 why wouldn't you just have Ms. Almas take this over as 24 Clerk if it's for a short period of time. 25 They felt that at that point maybe she

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

wasn't ready, but if -- if I was able to be there for 1 a short period of time, that she could probably prove 2 and step up to become the -- the Chief Administrative 3 Officer, and that was certainly my hope. 4 5 MR. FREDERICK CHENOWETH: What was the 6 purpose of the EMC? 7 Sorry. I didn't MR. ED HOUGHTON: answer your question very well, did I? 8 9 The -- the Executive Management Committee was to -- to assist, to make sure that 10 11 nothing fell off the table, to make sure that somebody 12 like Sara, who understands the municipal business 13 inside this -- this building, because I didn't reside 14 inside this building, would be able to assist. 15 I felt that the Treasurer needed to be there because of all of the attributes that she 16 17 brings; and I thought that Mr. Irwin, even though he 18 is a Collus employee, he had worked more than thirteen 19 (13) years or twelve (12) years as a municipal employee seconded the same way I was basically to --20 for the IT, so that he could ensure that he knew what 21 22 was -- I was doing here and that nothing would fall 23 off the table with Public Works or Public Utilities. 24 MR. FREDERICK CHENOWETH: And was 25 Irwin's position as a result of the shared service

agreement between the Town and Collus? 1 2 MR. ED HOUGHTON: Yes. And that was the reason I was here as well, both as Executive 3 Director of Public Works and Engineering, I was a 4 5 shared service. 6 Mr. Irwin was a shared service, Ms. 7 Shuttleworth, and prior to that Mr. -- Mr. Fryer, were all shared services, even -- even Ms. Hogg, in the 8 sense of human resources for the Public Utilities. 9 10 And then when I came over as Acting CAO, I was another shared service as a part of the dividend or whatever 11 12 you want to say as -- to -- to the Town of 13 Collingwood. 14 MR. FREDERICK CHENOWETH: All right. 15 I take it that's what Rick Lloyd described in his testimony as a dividend the Town got from Collus or 16 Collus PowerStream. Is that correct? 17 18 MR. ED HOUGHTON: That's correct. 19 MR. FREDERICK CHENOWETH: All right. 20 MR. ED HOUGHTON: And it was the hope 21 that by the time we closed the end of July or, you 22 know, August, we -- I would be back full time working 23 at 43 Stewart Road. 24 MR. FREDERICK CHENOWETH: I note 25 there's an in camera meeting that takes place November

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

5th, 2012, at which you made certain requests of the 1 Town Council. 2 3 Can you describe those requests that you made at that meeting? 4 5 MR. ED HOUGHTON: I was getting extremely tired by that time. That was many, many 6 months extra. I -- I'd asked -- this was not the 7 first time, I had done it on more than one (1) 8 occasion, said you need to launch a search for a new 9 Chief Administrative Officer. I can't continue to do 10 11 this. I was afraid that I wouldn't be able to (a) 12 physically be able to do it. Mentally or emotionally -- it was -- it was -- it was a lot of work. 13 14 MR. FREDERICK CHENOWETH: All right. 15 You say that you asked on more than one (1) occasion. 16 Did you put this issue of searching for a new CAO before Council on more than one (1) 17 occasion? 18 19 MR. ED HOUGHTON: Yes, I did. 20 MR. FREDERICK CHENOWETH: All right. And did you, on any occasions, speak to either the 21 22 Mayor or the Deputy Mayor or others with respect to 23 your wish to move on to other things in your life? 24 MR. ED HOUGHTON: Yeah, absolutely I 25 did. I spoke specifically to -- to the Deputy Mayor

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

on more than one (1) occasion and spoke to Mayor 1 Cooper, but all of Council heard me. 2 3 And I would say I'm not -- I'm not leaving you today, I'm not -- I'm going to leave you 4 5 in a lurch, but you -- you have to understand that I -6 - I do have other obligations and responsibilities. MR. FREDERICK CHENOWETH: 7 Yes. You mentioned the -- the EMC. I take it, it had meetings? 8 9 MR. ED HOUGHTON: Yes, we did. 10 MR. FREDERICK CHENOWETH: The evidence 11 that's before the Commission seems to suggest that, at 12 least initially, it didn't take minutes and laterally it did? 13 14 MR. ED HOUGHTON: I -- I actually 15 heard that. I don't remember taking minutes for it. I mean, none of it was formalized because I was really 16 only supposed to be here two (2) to three (3) months. 17 18 So, it was really to ensure that 19 nothing fell off the table. And -- and, basically, we got together as a group to make decisions. And -- and 20 the intent of the -- of -- of the executive management 21 team was to make those decisions, to be able to have 22 23 those discussions. 24 There was no management by edict. Ι 25 mean, I've never done that in my life anyway. And

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

that was, in fact, what Mayor Cooper and the deputy 1 mayor had said originally, was to help bring teamwork. 2 MR. FREDERICK CHENOWETH: 3 Some of the speakers have suggested that there was -- some of the 4 5 witnesses have suggested that there was an opportunity 6 to -- to speak up at EMC meetings. 7 Is that -- is that fair? 8 MR. ED HOUGHTON: Well, that -- that 9 was the intent again because I was literally flying in and flying out, and I don't mean physically, but 10 11 meaning my -- my office was at 43 Stewart Road. 12 In fact, I gave my -- the office furniture to Ms. Almas that was in the CAO's office at 13 that point in time because I really didn't reside 14 15 here. I -- I had meetings here. I came here, you know, for certain things. I came here for Council, 16 but I was -- I was in and out all the time. 17 18 MR. FREDERICK CHENOWETH: All right. 19 Thank you. And tell me, how did the EMC run? Was there votes? Was it consensus? Can you assist with 20 how it -- it made the decisions that you've described? 21 22 MR. ED HOUGHTON: Obviously, I've been 23 watching everything. And I don't ever recall where we 24 didn't have a discussion about something that 25 everybody felt comfortable with, and it was -- it was

always at consensus. 1 2 MR. FREDERICK CHENOWETH: All right. And consensus, I take it, means that each person in 3 your group had to be onboard. Is that what that 4 5 means? 6 MR. ED HOUGHTON: I mean, all -- I 7 mean, all three (3) of them are very strong characters. 8 9 MR. FREDERICK CHENOWETH: All right. 10 MR. ED HOUGHTON: And -- and as a 11 result of that, that's what was -- made it a great 12 concept of being able to -- you know, and they were 13 all very good at what they did. 14 MR. FREDERICK CHENOWETH: Thank you. 15 Can you, if you would, please, tell me something about what you recall of the election that brought the 2010-16 2014 Council to their positions? What would they --17 18 what was their -- what was your sense of the mandate 19 that that Council had? 20 MR. ED HOUGHTON: Well, certainly, the -- the platform was that they wanted to reduce 21 22 spending. They wanted to reduce the amount of 23 consultants that they used. They want to reduce the 24 amount of legal fees and things like that. 25 They -- and -- and just so you know, I

got along extremely well with previous mayors. 1 But they -- they felt -- this incoming Council felt that 2 the previous Councils had -- their spending had run 3 amuck and they wanted to reduce all of that. 4 5 Some were concerned about debt. I -- I 6 had a different opinion on what that debt was, but --7 but they -- there was a concern about that, so they -they were very, very strong on -- and that was their 8 platform, reduce debt, reduce taxes, reduce spending, 9 reduce consultants and legal fees. 10 11 MR. FREDERICK CHENOWETH: Thank you. 12 Can you describe your relationship with Mayor Cooper following her induction? 13 14 Well, right from the MR. ED HOUGHTON: 15 very beginning, at the inauguration, her father, Jack Bonwick, was there. And I went over and spoke to him 16 17 and shook his hand. He was in a wheelchair. And he -18 - he grabbed my hand and said, Just please help 19 Sandra. And I said, Absolutely. 20 I've known Mayor Cooper for years. 21 She's a very good person. She only had the right intents -- intentions. She -- she -- unlike some 22 23 people who run with a -- with an ax to grind, I don't 24 think Mayor Cooper has ever had an ax to grind in her life. 25

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

1 MR. FREDERICK CHENOWETH: In your relationship with her? 2 3 MR. ED HOUGHTON: I -- I spent -- I -as -- as I talked about in part 1, I spoke to Mayor 4 5 Cooper virtually every day, and -- and more when I was 6 the acting CAO because I would -- I was in this 7 building more often because I was here at least once a day or twice a day, three (3) times a day. 8 9 MR. FREDERICK CHENOWETH: Just very 10 quickly give us a sense of the -- of what you would 11 have occasion to speak to the Mayor about every day. 12 I mean, you had a lot of jobs, but is -- is that the 13 simple answer or...? 14 MR. ED HOUGHTON: Yeah. I mean, Her 15 Worship was on the Public Utilities Board. She was on the -- the Collus Board. Obviously, she looked after 16 this building and all of the things I did at -- at 17 18 public works, but, I mean, everything from, you know, 19 what -- what is she hearing, what am I hearing, what's going on, what are the burning points, how is the EMC 20 doing, how are -- how are -- how is Sara, how is 21 22 Marjory, everything, and then how are you. 23 MR. FREDERICK CHENOWETH: Thank you. 24 And did you have occasion -- what was the nature of 25 your relationship with Deputy Mayor Lloyd following

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

1 the inauguration? MR. ED HOUGHTON: Again, I'd known 2 Deputy Mayor Lloyd virtually all my life, as well. 3 He -- because he was chair of public works for a number 4 5 of years, our interactions were often. 6 He -- he likes to -- to be involved. And -- and in -- in defence of him, he knows of what 7 he speaks when it comes to construction and those 8 9 kinds of things. He was -- he was an invaluable resources from a public works' perspective. 10 11 He also liked to talk about what was 12 going on in the community, things that he would hear 13 because he was at the flower shop. I'm -- I'm a person that -- I don't really care about rumours or 14 15 anything like that, that's not what my life is about, but Rick had a lot of conversations. 16 17 MR. FREDERICK CHENOWETH: All right. 18 And what was the nature of the kinds of things that --19 with what frequency would you be in contact with Mr. Lloyd after becoming CAO and on what issues? 20 21 I -- I spoke to him MR. ED HOUGHTON: 22 at least once or twice a day on the telephone. And, 23 again, it was -- and even before I was the chief 24 administrative officer, or acting, I was on the phone 25 with him a lot. He was in my office.

He -- he would stop by my office often 1 over on 43 Stewart Road finding out what was going on, 2 I saw a truck over at the -- the coffee shop or I --3 you know, what are we doing over here, why do we have 4 5 -- you know, we've got the issues here, the -- the 6 development here needs to put out a rumble strip so we 7 can keep the dust down, we should be watering that, you know, all of those kinds of things. 8 9 MR. FREDERICK CHENOWETH: Thank you. 10 MR. ED HOUGHTON: He was -- he was a 11 hands-on gentleman. 12 MR. FREDERICK CHENOWETH: Thank you. 13 And did you have contact with the then councillors, Edwards, Kevin Lloyd, Chadwick, Hull, West, 14 15 Cunningham, Gardhouse? 16 MR. ED HOUGHTON: The -- the only one (1) of all of those I don't really know ver -- I 17 18 didn't know very well was Councillor Hull, and so we 19 didn't have as many interactions. 20 Councillor Gardhouse, he was kind of my boss when I was fifteen (15), sixteen (16), to 21 22 eighteen (18) years old at Dominion store. He bullied 23 me then, and he bullied me when I was here. I've know 24 -- I've -- I've known him since I was a kid, as well. 25 Mike Edwards worked with my father.

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

Kevin Lloyd I didn't really know until he really got 1 into politics. I find him a quality quy. 2 Ian Chadwick I didn't really know until I started becoming 3 part of the -- the public works because he was on --4 5 he was the editor of the newspaper; smart guy. MR. FREDERICK CHENOWETH: 6 That's -that's fine. Tell me, with respect to councillors, 7 what was the nature and frequency of contact you had 8 with councillors. 9 10 MR. ED HOUGHTON: I mean, when I look 11 at Kevin Lloyd and -- and Councillor Chadwick, I -- I 12 spoke to them relatively often. I think certainly less with Councillor Hull and Councillor Gardhouse. 13 14 Edwards and -- and West maybe again 15 less often than -- than Councillor Lloyd and Chadwick. 16 MR. FREDERICK CHENOWETH: Thank you. 17 Moving on to the question of contact with Sprung, I 18 understand that Pat Mills had occasion to come to the 19 town hall on or about April 13th, 2012, which I guess is really one (1) day after your appointment to CAO? 20 21 MR. ED HOUGHTON: That's correct. 22 MR. FREDERICK CHENOWETH: And how did 23 that come about, do you know? 24 MR. ED HOUGHTON: My understanding 25 from the discussions with Mr. Mills afterwards, he

came in to -- to visit with Ms. Wingrove, Shelley 1 Fuhre, who was the -- the -- her -- the mayor's 2 secretary at the time told him that -- that she was 3 not there, that I was appointing acting and that I was 4 5 busy but, you know, she would let me know, which -which she did. And -- and then he contacted me a 6 couple days later. 7 8 MR. FREDERICK CHENOWETH: All right. 9 And was that on June 13th? 10 MR. ED HOUGHTON: That's --11 MR. FREDERICK CHENOWETH: Let -- let's 12 go to -- let's go to a particular email, and maybe 13 that'll assist you. Can we look at EHH23? 14 15 (BRIEF PAUSE) 16 17 MR. FREDERICK CHENOWETH: Go down a 18 little further a few, please. There's the email from 19 Pat Mills. And did you receive this email from Pat Mills on the 13th of June? 20 21 MR. ED HOUGHTON: I -- I did. I -- I 22 actually had the opportunity to receive an email from 23 him earlier than this. 24 MR. FREDERICK CHENOWETH: All right. 25 MR. ED HOUGHTON: And, in fact, I met

166 with him where he explained the attributes of the 1 Sprung structures to me. 2 3 MR. FREDERICK CHENOWETH: All right. And I'm sorry, I've -- I've gone as far as June. 4 I 5 wanted to take you to -- to an email that is EHH19. 6 Could we look at that, please? 7 8 (BRIEF PAUSE) 9 10 MR. FREDERICK CHENOWETH: This is Pat 11 Mills' email of April 16th shortly after he visited 12 the town hall on April 13th. He appears to be 13 offering you a congratulations on your recent 14 appointment. 15 And what else is he doing in this email as you understood it? 16 17 MR. ED HOUGHTON: Basically, he was 18 just introducing to me -- to -- to Sprung, and then 19 asking if I had some time to -- to meet with him. 20 MR. FREDERICK CHENOWETH: As a result of that request for time by Mr. Mills, what happened? 21 22 MR. ED HOUGHTON: I actually I did 23 meet with him. And I think the reason I met with him, 24 because I wasn't aware that there was really even that 25 much going on from a recreation facility. I wasn't --

I hadn't really paid too much attention because I was 1 focussed on the Collus PowerStream transaction. 2 3 But I had been invited to a meeting with Ameresco, and so that sort of gave me some 4 5 insight that there was -- there was some activities 6 going on regarding recreation facilities. 7 MR. FREDERICK CHENOWETH: You were pretty new on the job, so you may not have been fully 8 9 up to speed with respect to recreational facility issues that existed at that time? 10 11 MR. ED HOUGHTON: Certainly, I knew 12 all the history. But I don't have children, so I -- I 13 didn't -- you know, I don't have -- don't have any reason to be at the pool or the -- reason to be at the 14 15 arena or those kinds of things. 16 MR. FREDERICK CHENOWETH: Right. And 17 where did you meet with -- with Mr. Mills? 18 MR. ED HOUGHTON: I met with -- we 19 tried to have a meeting here. And I was trying to have -- invite Ms. Proctor to come with me because, 20 again, she had more background than I did, and she 21 22 wasn't available. 23 So, we eventually -- because, again, I 24 was involved with what was going on with Collus 25 PowerStream, and -- and, again, I was on a provincial

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

168 board at that point in time, so I was in Toronto quite 1 2 often. 3 So, he was kind enough to offer that, if we could -- if it made sense, could we take a half 4 5 our or so or whatever it was in Toronto, and that's 6 what we did. 7 MR. FREDERICK CHENOWETH: Did you invite Ms. Proctor to -- to a meeting you were trying 8 to arrange with Mills? 9 10 MR. ED HOUGHTON: Originally, yes, I 11 did. 12 MR. FREDERICK CHENOWETH: All right. 13 And was she able to attend that meeting? 14 MR. ED HOUGHTON: She was unable to 15 attend the day that it was suggested, yes. 16 MR. FREDERICK CHENOWETH: Now, Mills 17 was a salesman that you knew a little bit about --18 little about his product and little about his 19 relationship, if any, with the Town. 20 Why would you choose to meet with a 21 salesman? 22 MR. ED HOUGHTON: Well, I think 23 because of the Ameresco meeting. And I was attempting 24 to -- to fulfill my -- my due diligence in the sense 25 of finding out what was -- what was going on.

He seemed to understand a lot more 1 about what was -- what had been happening in 2 Collingwood from the Central Park steering committee 3 report than I did. I hadn't read it, looked at it. 4 5 MR. FREDERICK CHENOWETH: All right. Could we again look at document EHH23, please? 6 7 8 (BRIEF PAUSE) 9 10 MR. FREDERICK CHENOWETH: This is an 11 email that you sent to Patrick Mills on the 13th day 12 of June. You indicate: 13 "I've been asked by a member of 14 Council to get a rough estimate for 15 the installation of two (2) fabric 16 buildings. Can we discuss this?" 17 Why would you have made that request to 18 him on the 13th of June? 19 MR. ED HOUGHTON: Well, this is actually following -- on June the 11th we had a 20 strategic planning session with Council. When I had 21 had my original discussion with Mr. Mills way back in 22 23 April or early May, whenever -- whenever that was, I 24 had -- I had said to him that, you know, if -- if --25 if we hear -- if I hear anything -- again I don't know

very much about this at this point in time -- if I 1 hear anything, we'll certainly let you know. 2 So when -- when we decided we were 3 going to do the June 11th strategic planning session 4 for this -- for the recreation facilities, I had asked 5 6 Pam Hogg, my EA, to -- to flip him a note saying we are going to be having this. If you wanted to find 7 out more about it, you know, make contact sometime 8 9 afterwards. So the bottom of this email will probably be the email that Mr. Mills sent me. And the day 10 11 before this --12 MR. FREDERICK CHENOWETH: I.e., the 13 day before June 13th? 14 MR. ED HOUGHTON: Yes. On June the 15 12th, the Deputy Mayor had sent me an email, asking me to get an estimate for two (2) fabric buildings, one 16 (1) to cover the pool and one (1) to cover the outdoor 17 18 ice rink. 19 MR. FREDERICK CHENOWETH: So do T take it that your request to Mr. Mills on the 13th for 20 estimates on two (2) buildings arose as a result of 21 the email to you of Rick Lloyd on June 12th? 22 23 MR. ED HOUGHTON: Yeah. I -- I just 24 took the opportunity when -- when all of a sudden I 25 got the email I thought, oh, and I just responded --

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

said -- saying that this is what I've been asked. 1 2 MR. FREDERICK CHENOWETH: Very good. There was a -- a telephone conference with certain 3 Sprung representatives on June 21st, 2012. 4 5 Can you tell me how that arose? 6 MR. ED HOUGHTON: Yes. I had the discussion again with the Mr. Mills. He responded to 7 the email that we just saw, and he had said that they 8 9 would be happy to provide us with some estimates and but what they'd need to know was a little bit more 10 11 information, i.e., you know, what is -- what is the 12 building doing, what is -- what are the components 13 within the building, those kinds of things. 14 MR. FREDERICK CHENOWETH: In order --15 in order to give you the estimates that -- that you'd 16 requested --17 MR. ED HOUGHTON: That's correct. 18 MR. FREDERICK CHENOWETH: -- and the 19 Mayor -- and the Deputy Mayor requested of you? 20 MR. ED HOUGHTON: That's correct. So I -- he suggested that we have a meeting to talk about 21 22 getting that information. 23 MR. FREDERICK CHENOWETH: Right. And 24 did that end up being a telephone meeting on June 21st? 25

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

1 MR. ED HOUGHTON: That's correct. 2 MR. FREDERICK CHENOWETH: And can you tell me who was on that meeting -- that phone meeting? 3 MR. ED HOUGHTON: From -- from Sprung, 4 I don't believe 5 it was Tom Lloyd and David MacNeil. 6 that Mr. Mills was on the call, but -- actually, no, I do -- I do think he was, and the Deputy Mayor Lloyd 7 and myself. 8 9 MR. FREDERICK CHENOWETH: All right. And what was the nature of the discussions had at that 10 11 time? 12 MR. ED HOUGHTON: Well, again, why I 13 had -- why I asked the Deputy Mayor to be involved, because it was his request and I wanted to make sure 14 15 that I was fulfilling what he was asking me, and so we 16 had a discussion about getting a price to cover the 17 existing Centennial Pool and to get a price to cover 18 the existing outdoor ice rink. 19 There was a bit of a discussion about, you know, the potential for a -- a new ice pad, and it 20 21 was actually at that point in time that we -- they --22 they told us that -- on the Wednesday previous to 23 this, that they were having -- they had already had 24 discussions with Dennis Seymour and Dave McNalty. 25 MR. FREDERICK CHENOWETH: You know, do

1 you -- do you happen to recall how those discussions 2 of what I take to be June 19th with Seymour and -- and 3 McNalty had occurred or had come about?

MR. ED HOUGHTON: I had no idea how 4 5 that came about at the time, but obviously, you know, 6 looking at all of the documentation within the -- the Foundation Document, I see that Ms. Proctor had -- had 7 sent the June 14th email that the Deputy Mayor had 8 sent to all of Council and -- and senior staff, that 9 10 she had flipped that to Dennis Seymour and to Darin 11 Potts, asking them to -- to look at getting a price --12 a budget price for both, and then I would just assume 13 that Dennis probably asked David to attend with him. 14 MR. FREDERICK CHENOWETH: All right. 15 So the Collingwood people on the telephone call, which included yourself and Deputy Mayor Lloyd, you learned 16 17 of this -- this earlier -- June 19th interaction that 18 Sprung had had with Seymour -- and the other 19 gentleman's name keeps escaping me. 20 MR. ED HOUGHTON: Darin Potts. 21 MR. FREDERICK CHENOWETH: That's right 22 -- Mr. Potts, on June 19th. 23 Did that lead to any comments by the 24 Mayor to you following that June 21st phone conference? 25

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

1 MR. ED HOUGHTON: Yeah. The Deputy Mayor, yeah -- the Deputy Mayor, he -- when we got off 2 the phone, he basically said, you know, we need to --3 we need to contain this if we're going to be -- you 4 5 know, we -- we're going to -- going to be having 6 discussion, we need to make sure that we have a point of contact -- and a point of contact, that did not 7 8 mean that I was the only one that would ever be able 9 to speak to Sprung. 10 It just meant that -- that anybody that 11 would be speaking would just sort of do that through 12 my office, through this -- the Acting CAO's office, or 13 any materials that would be going through the Acting 14 CA -- CA -- CAO's office, only just to help facilitate 15 that. 16 He had told me that -- that in -- that early date, which at that point in time I didn't -- I 17 18 hadn't done anything about that. 19 MR. FREDERICK CHENOWETH: So you're speaking about the early -- the early date being 20 following the June 21st telephone conference? 21 22 MR. ED HOUGHTON: That's correct. Ιt 23 -- it didn't mean that much to me at that point in 24 time. 25 MR. FREDERICK CHENOWETH: All right.

And that was the first time you'd heard that from the 1 2 Deputy Mayor? 3 MR. ED HOUGHTON: Yeah. I think only because it became a -- a surprise to him that -- that 4 5 others were -- were -- were already speaking to 6 Sprung, and -- and the Deputy Mayor was very excited about this opportunity. 7 8 MR. FREDERICK CHENOWETH: All right. 9 Now, there was another Sprung meeting on July 11th, 2012. And are you familiar with -- with that meeting? 10 11 MR. ED HOUGHTON: Yes, I am. 12 MR. FREDERICK CHENOWETH: All right. 13 And just to move this along, am I to understand that the Mayor, the Deputy Mayor, Mr. McNalty, Mr. Seymour, 14 15 and Mr. Houghton were attendees at that meeting? 16 MR. ED HOUGHTON: That's correct. 17 MR. FREDERICK CHENOWETH: Was -- was 18 there others in attendance as well, do you know, or do 19 you recall? 20 MR. ED HOUGHTON: I believe that was from Collingwood's side, and obviously there was 21 22 folks from Sprung. 23 MR. FREDERICK CHENOWETH: All right. 24 So we've got the Mayor meeting with Sprung on July 25 11th, 2012, along with members of staff.

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

176 Can you tell me how this meeting arose? 1 2 Again, we were --MR. ED HOUGHTON: were in sort of the -- still in the investigation 3 stage of this. Obviously the Deputy Mayor had had the 4 5 opportunity to see this in -- at FCM in Saskatoon, which he -- he distributed that stuff on the June 6 11th. Mayor Cooper had not --7 MR. FREDERICK CHENOWETH: 8 He distributed that stuff? 9 10 MR. ED HOUGHTON: Sorry. 11 MR. FREDERICK CHENOWETH: Tell -- just 12 -- just -- and we may come -- come across it again, but what did he distribute at the June 11th? 13 14 MR. ED HOUGHTON: When -- when the 15 Deputy Mayor attended the FCM conference in Saskatoon, he had -- he gathered up some brochures from the 16 17 Sprung booth and he brought those to the June 11th 18 strategic planning session and they were being circulated around the room. 19 20 MR. FREDERICK CHENOWETH: All right. Now, you were telling me how the June -- or July 11th 21 22 -- July 11th meeting involving the Mayor arose. 23 MR. ED HOUGHTON: Yes. So Mayor 24 Cooper had not had an opportunity to see this. She'd 25 heard about it. Obviously, there'd been discussions

at this point in time, quite a few discussions back 1 and forth with Council members, about this kind of 2 technology. There -- we were going to be having this 3 meeting again. 4 5 We were still in the -- sort of the investigation stage of it, and, you know, it's part of 6 their due diligence to -- to be able to do that. 7 8 It makes -- I mean, it's logical to me 9 that Council members should be doing that, irrespective of -- of -- you know, sometimes other 10 11 people are saying something different, but Council 12 members aren't supposed to just come to a Council 13 meeting, read six (6) pages, and make a decision on 14 something that's worth 10 or \$12 million. That's not 15 logical. 16 What they do is they do their own due 17 diligence. I would expect that most of them had gone 18 through and -- and looked at the Sprung website, 19 they'd gone through and looked at other different things, and Mayor Cooper was just, I believe, 20 exercising her due diligence to look at -- at this 21 technology as well. 22 23 MR. FREDERICK CHENOWETH: Thank you. 24 And you were at this meeting? 25 MR. ED HOUGHTON: That's correct.

MR. FREDERICK CHENOWETH: 1 And do vou remember the -- the nature of the conversations that 2 took place at that meeting? 3 4 MR. ED HOUGHTON: I do. 5 MR. FREDERICK CHENOWETH: Could you describe to me, please? 6 7 MR. ED HOUGHTON: Basically again the 8 Sprung folks went through their technology. They talked about, you know, their -- their -- their -- the 9 10 way they -- they have two (2) membranes, they have a 11 significant amount of insulation. I think they --12 they have them in different levels, but we were 13 talking about the nine (9) inches of insulation to get 14 it to an R-30. 15 They talked about, you know, their -they have twelve thousand (12,000) buildings in 16 17 ninety-five (95) countries or something like that. 18 They talked about a number of different things, and --19 and that they were -- they were trying to put together some budget numbers at that point in time so that we 20 21 knew that it was either -- you know, it was going to be 3 million or 30 million, because certainly it was 22 23 in -- you know, technology that I was not familiar 24 with, and I don't think anybody else was. 25 MR. FREDERICK CHENOWETH: All right.

Did you see anything inappropriate about that meeting? 1 2 MR. ED HOUGHTON: Absolutely not. 3 MR. FREDERICK CHENOWETH: And I take it's for the reasons you've described, i.e., 4 5 Councillors should have some understanding of what they're eventually going to vote on? 6 7 MR. ED HOUGHTON: That's my -- my belief. 8 9 MR. FREDERICK CHENOWETH: Thank you. 10 Now, I understand that on July -- on or about July 11 16th, 2012, at about 4:04 in the afternoon, Sprung 12 sent the Deputy Mayor some budget numbers for some construction. 13 14 MR. ED HOUGHTON: That's correct. 15 MR. FREDERICK CHENOWETH: And -- and I think there's -- there's three (3) documents that --16 17 that deal with that. I don't think it's necessary to 18 pull those up as there's a familiarity by this 19 juncture amongst those involved in the Commission with respect to what they say. And if -- if the 20 21 Commissioner at any time wants me to pull up some of 22 these things, please feel free to direct me to do so. 23 I'm simply trying to move this matter along. 24 And the Commission seems to have heard 25 that those budget numbers that were forwarded out by

Sprung at or about 4:04 on that day did not find their 1 way in front of the -- the Council on the evening of 2 July 16th at the Council meeting. 3 MR. ED HOUGHTON: Yeah. I believe 4 5 that's probably the case, yes. 6 MR. FREDERICK CHENOWETH: All right. 7 And did -- do you have any sense as to whether or not you had those numbers available to you at the Council 8 meeting of July 16th? 9 10 Well, I was -- I was MR. ED HOUGHTON: 11 certainly copied on the link to the -- to those. I 12 typically -- on the day of a Council meeting, I'm in -- in this building about 3:00, 3:30, so I would have 13 packed up my -- my -- my gear over at 43 Stewart Road 14 15 and -- and it would -- my -- my computer would still be in -- in my computer bag, and I would be talking to 16 Mayor Cooper about what was going on. I'd be talking 17 18 to -- to Ms. Almas about resolutions that are going to 19 be going forward. 20 This was obviously a busy -- busy Council day, and I -- I'd sit over in the far corner 21 22 and I -- I probably didn't see it. I would expect 23 that Mayor Cooper probably didn't see it, and I would 24 expect the Deputy Mayor doesn't know how to open the 25 link.

MR. FREDERICK CHENOWETH: All right. 1 2 MR. ED HOUGHTON: And I don't mean to be derog -- I don't -- that's not supposed to be 3 derogatory. He's not computer literate. 4 5 MR. FREDERICK CHENOWETH: All right. 6 Good. And tell me -- I understand that there was a further meeting with Sprung on or about July 27th, 7 2012. Is that the case? 8 MR. ED HOUGHTON: Yes. 9 That was the -10 - the -- the meeting where they introduced BLT to us. 11 MR. FREDERICK CHENOWETH: All right. 12 And I -- I take it from Sprung there was Tom Lloyd and Dave MacNeil? 13 14 MR. ED HOUGHTON: That's correct. 15 MR. FREDERICK CHENOWETH: All right. And who was there from BLT? 16 17 MR. ED HOUGHTON: I believe they were 18 Dave Barrow and Mark Watts. I think both were there. 19 I was kind of hoping when I saw him on -- on the TV that I would recognize him, but I didn't. 20 21 I know that from our perspective there 22 was Larry and myself, Marjory, Dave McNalty, I believe 23 Dennis Seymour. I know Sara couldn't make it. 24 MR. FREDERICK CHENOWETH: Was Rick 25 Lloyd there, to the best of your knowledge?

182 MR. ED HOUGHTON: I -- I don't recall 1 him being there and I don't actually -- I know he 2 wasn't there on August 3rd, but I'm not sure about 3 this one, honestly. 4 5 MR. FREDERICK CHENOWETH: Very good. 6 Thank you. 7 And I'm interested in -- in the discussions that took place at that meeting. Can you, 8 in a general sense, tell the Commissioner what the 9 nature of those discussions were that took place on 10 11 June -- or July 27th? 12 MR. ED HOUGHTON: Yeah, it was a 13 fulsome discussion, I was talking about needing to know all of the -- the specifications of what was 14 15 would like to see within the -- within the arena and the pool area. 16 17 It was providing them with any 18 information that we had from a site perspective. We -19 - we talked again about the -- well, they told us about their relationship with BLT, which was, in my 20 view was -- these are -- this was the installer of the 21 22 Sprung facilities. We -- we talked about the infamous 23 Sprung Shield. 24 Yeah, we talked -- it was -- it was a 25 fulsome discussion, it was over at the Collus

PowerStream building. 1 2 MR. FREDERICK CHENOWETH: All right. You say that you were introduced to BLT? 3 4 MR. ED HOUGHTON: Yes. 5 MR. FREDERICK CHENOWETH: And who did 6 you understand BLT to be? 7 MR. ED HOUGHTON: I thought BLT was a -- the partner of Sprung and that they were the 8 erectors of the Sprung facilities. 9 10 MR. FREDERICK CHENOWETH: Marjory 11 Leonard, in her testimony, said that she left that 12 meeting on that day with the -- with the belief that 13 this wasn't a matter of choice, but that BLT would be the contractor who put up a Sprung product, should you 14 15 choose a Sprung product. 16 MR. ED HOUGHTON: That -- that was 17 exactly the feeling that I had. 18 MR. FREDERICK CHENOWETH: So your --19 your feeling was the same as the feelings of Marjory Leonard? 20 21 MR. ED HOUGHTON: And they talked 22 about the difficulty of --23 MR. FREDERICK CHENOWETH: But your 24 feelings were the same as the feelings of Marjory 25 Leonard?

1 MR. ED HOUGHTON: Yes. 2 MR. FREDERICK CHENOWETH: Thank you. All right. And was there any discussions with respect 3 to the Sprung guard? 4 5 MR. ED HOUGHTON: The Sprung Shield? 6 Yes, there was. 7 MR. FREDERICK CHENOWETH: Yes. And can you tell me the nature of the discussions had at 8 9 that time about the Sprung Shield? 10 MR. ED HOUGHTON: It was a very brief 11 conversation. They talked about the fact that they 12 have a -- they have this option, which is called a 13 Sprung Shield, which is like an 8 foot aluminum piece that goes around the entire perimeter of the building. 14 15 They talked about the fact that only 5 16 percent of the 12,000 buildings that they've ever built had it, that it was somewhere between 250, 350, 17 18 \$400,000 to install or something like that. It was 19 something expensive. We talked about the fact that -- that 20 you know, it wasn't in a -- you know, Collingwood is 21 22 not typically a high vandalism area. We talked about the fact that -- I mean, I think it was somebody from 23 24 BLT said look, you can just go right to the door and 25 smash the door if they wanted to get in and -- and the

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

184

185 conversation did not go very long. We said okay, 1 pass, carry on, what's the next topic? 2 3 MR. FREDERICK CHENOWETH: What was the reaction of -- of Town people in the room to the 4 5 discussion with respect to the Sprung Shield? 6 MR. ED HOUGHTON: We all felt that it was a low vandalism area, or Collingwood is low 7 vandalism. Actually, they said something like I mean 8 9 it's not like you're downtown Detroit. They used that. And Detroit is cleaning themselves up, but 10 11 that's what they did say. 12 MR. FREDERICK CHENOWETH: Who said 13 that? I'm sorry. 14 MR. ED HOUGHTON: The Sprung folks. 15 MR. FREDERICK CHENOWETH: Thank you. 16 MR. ED HOUGHTON: And -- and so we --17 we just said okay, you know, it doesn't sound like 18 something we need to spend three or \$400,000 on. Next 19 topic. 20 MR. FREDERICK CHENOWETH: And did you feel it was a -- a consensus amongst the Town people 21 22 that were at that meeting with respect to not 23 proceeding with the Sprung Shield? 24 MR. ED HOUGHTON: Yes. 25 MR. FREDERICK CHENOWETH: Thank you.

MR. ED HOUGHTON: And I -- I need to 1 correct something too, because I know that the Deputy 2 Mayor was now there, because I remember having that 3 conversation, so he had to be there on the 27th. 4 5 MR. FREDERICK CHENOWETH: Sorry, who 6 did you say was there? 7 MR. ED HOUGHTON: Deputy Mayor. 8 MR. FREDERICK CHENOWETH: The Deputy 9 Mayor. Thank you. 10 Was there ever any discussion at that 11 meeting with respect to -- or at any other meeting, do 12 you ever recall any discussions with respect to the 13 prospect of the Town being the purchaser of the Sprung 14 structure? 15 MR. ED HOUGHTON: On the August 3rd meeting, we were talking about, okay, how do we -- you 16 know, we want to be able to do this and, you know, if 17 18 we're going to be going down this path what is the 19 least expensive way. We were talking about those and then -- and then Tom Lloyd had said something about 20 well you can go direct and purchase it direct, but 21 22 there are risks with doing that. 23 Okay, what are you talking about which 24 is completely a different direction. You know, so 25 we're -- we're being told that -- that BLT is their

erector and -- and then he's sort of saying well, you 1 can buy it direct but then -- then you would have --2 you could have BLT install it, but because BLT's, you 3 know, obviously not taking care and control of this, 4 5 you are, you're purchasing it, you -- you take risk of 6 the -- once it's shipped and once it's on-site it's your responsibility, it's your own responsibility til 7 you -- til it is erected. If there's an issue and, 8 9 you know, it was like you can do this but it's 10 probably going to cost you more money or there's going 11 to be significant risks. 12 Again, it was a very short 13 conversation, but it was a confusing conversation because again, our -- our belief was -- and I think 14 15 that's why we always refer to this as Sprung BLT, we -- we didn't differentiate between Sprung BLT. 16 17 MR. FREDERICK CHENOWETH: All right, 18 okay. And it was confusing in that respect because 19 they seem to be talking about buying something directly from Sprung when you thought they were 20 partners in the transaction. 21 22 MR. ED HOUGHTON: And -- and at the 23 same time then sort of saying but it's going to -- it 24 could cost you more in the long run. 25 But the biggest fear that we -- that we

had was that -- or I had anyway, was that we were 1 2 going to go down a path and we were going to tell Council it's an x-amount of money and it -- it turns 3 out to be something more, or greater. 4 5 MR. FREDERICK CHENOWETH: Had you had any experience with a situation in which the -- a 6 purchase was made and -- and, in fact, any experience 7 with a purchase made by the Town in which they chose 8 to -- to buy directly from a supplier? 9 10 MR. ED HOUGHTON: Yes. We actually --11 when we were building the water filtration plant, back 12 in 1999, we sole-sourced the Zenon technology, which 13 is a hollow fiber membrane technology. 14 So basically what we did was we bought 15 -- we bought the brains and the heart of the facility and then had to design around that and -- and there --16 it was difficult. We had to actually put it together, 17 18 a dispute resolution process, because we were 19 answering a suspected cryptosporidium issue at the time and -- and if a days delay meant that -- days 20 delay meant that we were still not answering the needs 21 22 of the community. 23 So yes, we -- I've done it in the past, 24 yes, and it was a difficult situation. 25 MR. FREDERICK CHENOWETH: Didn't work

189 out well? 1 2 MR. ED HOUGHTON: It eventually worked out, but it was stressful. 3 MR. FREDERICK CHENOWETH: Other than 4 5 being stressful, do you know if it cost you more money in the long run? 6 MR. ED HOUGHTON: We -- I mean, 7 obviously when you're doing that there's workarounds, 8 and a workaround costs more money. 9 10 MR. FREDERICK CHENOWETH: Thank you. 11 MR. ED HOUGHTON: But the -- but the 12 technology took months longer to get. 13 MR. FREDERICK CHENOWETH: All right. 14 Moving on to -- to Ameresco, you 15 mentioned Ameresco at earlier times. Am I to understand that there was a meeting with Ameresco on 16 or about April 17th, 2012? 17 18 MR. ED HOUGHTON: That's correct. 19 MR. FREDERICK CHENOWETH: And I -- can you tell me who was in attendance at that meeting? 20 21 MR. ED HOUGHTON: We had the cast of 22 thousands from the Town of Collingwood, I think --23 MR. FREDERICK CHENOWETH: Well, just 24 tell the Commission who Ameresco was, and -- and why 25 you would have occasion to consider meeting with

1 Ameresco. 2 MR. ED HOUGHTON: My understanding of Ameresco at the time was Ameresco is a company that 3 was involved with private -- public/private 4 5 partnerships, putting together energy efficient type 6 technology. 7 In fact, I just saw something recently in the news about them. And -- and they had partnered 8 9 with Greenland, Mark Palmer and his group, and they were putting together another -- yet another proposal 10 11 for a Central Park redevelopment. 12 And to answer your question about --13 they -- they reached out to the Town of Collingwood 14 and asked for an audience with a group of us. 15 MR. FREDERICK CHENOWETH: All right. And, again, you were in the midst of telling me who --16 who attended this meeting when I interrupted you? 17 18 MR. ED HOUGHTON: Yes. There was the 19 -- the mayor, the deputy mayor, myself, Marjory, 20 Marta. 21 MR. FREDERICK CHENOWETH: Councillors? 22 MR. ED HOUGHTON: The mayor and the 23 deputy mayor. Oh, I believe maybe -- maybe Councillor 24 Hull was there. 25 MR. FREDERICK CHENOWETH: Okay. And

any former mayors in attendance at this meeting? 1 2 MR. ED HOUGHTON: Yeah, former Mayor 3 Terry Geddes was at that meeting, yes. MR. FREDERICK CHENOWETH: And I get 4 5 the impression there was more than one (1) meeting with Ameresco? 6 MR. ED HOUGHTON: 7 Yes. I -- I was only -- I only attended one (1), but there were 8 several meetings. They're in the -- in the court book 9 10 that shows that there were several meetings. 11 MR. FREDERICK CHENOWETH: And was 12 Terry Geddes a frequent attender at those meetings? 13 MR. ED HOUGHTON: He was virtually at all of them, save and accept for, I think, one (1) 14 15 call that took place with former CAO Wingrove. 16 MR. FREDERICK CHENOWETH: All right. 17 And can you give me your understanding that you 18 developed, particularly, I suppose, in the meeting of 19 April 17th and maybe through other information you received over this period of time? 20 21 What did you understand that Mr. 22 Geddes's role was with respect to Ameresco? 23 MR. ED HOUGHTON: Well, at the time, I 24 didn't under -- I didn't know what -- what it was, 25 but, I mean, obviously, he's -- he's affiliated in

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

191

some way -- some way, shape, or form with Greenland 1 and, as -- as a result of that, some way with 2 Ameresco. 3 MR. WILLIAM MCDOWELL: Sorry, was or 4 5 is? 6 7 CONTINUED BY MR. FREDERICK CHENOWETH: 8 MR. FREDERICK CHENOWETH: Well, you tell me, was then or is affiliated with Greenland? 9 10 MR. ED HOUGHTON: I had no clue then. 11 I only read it now. And it appeared like then he was affiliated with Greenland and Ameresco somehow. 12 13 MR. FREDERICK CHENOWETH: Thank you. 14 MR. WILLIAM MCDOWELL: Sorry, I didn't 15 hear the answer. I apologize. 16 MR. ED HOUGHTON: No, no, no, that's 17 fine. 18 19 CONTINUED BY MR. FREDERICK CHENOWETH: 20 MR. FREDERICK CHENOWETH: And I understand that others connected with Council had --21 22 by the way, was this some sort of an introductory 23 meeting had on the 17th, or what was the thrust of 24 that meeting? 25 MR. ED HOUGHTON: Yeah, it was

certainly an introductor -- introductory meeting for 1 me, not for others. I think others had been -- had --2 had an audience on more than one (1) occasion. 3 They were basically talking about the 4 5 fact that, you know, they -- they had some interest --6 interesting concepts, interesting ideas. They were going to, you know, try to do this with some really 7 innovative energy products. 8 9 And -- and they -- they were -- were 10 proposing to bring money to the table to be able to --11 to build this and -- and felt it was interesting. I 12 think where I probably turned away from it was at the 13 -- the presentation where the question was asked about the percentage and the gentleman said that you could 14 15 probably borrow the money a lot cheaper from 16 Infrastructure Ontario and we'd be 2 or 3 percent 17 higher. 18 So, at that point in time, I -- I just 19 shut my brain down. 20 MR. FREDERICK CHENOWETH: All right. And do you have any sense as to whether others met 21 22 additional times with Ameresco, in particular, the 23 mayor? Do you have any sense of that? 24 MR. ED HOUGHTON: I know -- I know --25 again, just read -- reading the court documents, I

believe she met with them twice. 1 2 MR. FREDERICK CHENOWETH: All right. And do you have any sense -- or did you have any 3 concerns at the time that -- that there was anything 4 5 improper about -- about the mayor and/or others and/or 6 you meeting with former Mayor Geddes and -- and the 7 Ameresco Greenland team? 8 MR. ED HOUGHTON: Certainly, not from my perspective. I -- again, I felt that they had 9 something that they wanted to introduce to the Town of 10 11 Collingwood and it was an investigative thing and ... 12 MR. FREDERICK CHENOWETH: All right. 13 Thank you. 14 15 (BRIEF PAUSE) 16 17 MR. FREDERICK CHENOWETH: And did 18 mayor -- I'm sorry, did former CAO Wingrove, to the 19 best of your knowledge, meet with Ameresco? 20 MR. ED HOUGHTON: Yes. There was -it appeared like there was a conference call with 21 22 them. 23 MR. FREDERICK CHENOWETH: Now, did you 24 have occasion to review the steering committee report 25 when you got involved as CAO of the Town?

MR. ED HOUGHTON: Yes. 1 I hadn't even 2 really paid too much attention when it was being done in March. But once -- again, once Ameresco, and then 3 once you're sort of now seeing that there's -- there's 4 5 this movement afoot for recreation facilities in early 6 May, there's a lot of -- a lot of chatter between 7 Council members. I -- I got a copy of it and read it, 8 yes. 9 MR. FREDERICK CHENOWETH: All right. 10 And do -- do you have any -- did you develop any 11 thoughts with respect to the -- to the steering 12 committee's report on your having reviewed it? 13 MR. ED HOUGHTON: Yeah. I mean, I --14 I have some -- I had some significant concerns with 15 the report when I read it. But what we were doing --16 we -- we were always very, very polite, very -- we --17 we did not criticize it in any way, shape, or form in 18 any of our presentations. 19 MR. FREDERICK CHENOWETH: And what were your particular concerns that -- that you had 20 21 when your read the document and the proposal? 22 MR. ED HOUGHTON: Well, ir --23 irrespective of the -- the significant cost of it was the fact that they were going to lose all three (3) 24 25 ball diamonds. They were going to lose the outdoor

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

195

ice rink. 1 2 They felt that, because of shading of the building, that they were going to lose the -- the 3 lawn bowling. And -- and, as a result of that, they 4 would have to be relocated. 5 6 In the document, it talks about relocating three (3) call diamonds at four hundred 7 thousand dollars (\$400,000) a piece. And then I think 8 they also said about building -- rebuilding the -- the 9 outdoor ice rink for six hundred and fifty-thousand 10 11 dollars (\$650,000), which is less than what -- what we 12 paid four (4) years before that, but we didn't have 13 the property, so. 14 And what they were talking about was 15 potentially having children ride their bicycles down the highway to Nottawa to a ball diamond, but -- which 16 17 didn't make a lot of sense. 18 We actually were looking at is there an 19 opportunity somewhere locally. The only place that we could think of was a piece of property owned by Larry 20 21 Dunn. I contacted Mr. Dunn and said, you know, here -- here's the -- the -- things in the steering 22 23 committee report, if we had to relocate these -- these 24 facilities and -- and what -- you know, what would the 25 land cost.

And he -- he just said, pick a number, 1 5 or 10 million. And that was -- that was the whole 2 conversation. So, there -- there wasn't somewhere 3 that we could -- we could do that. And then we'd also 4 have to look at infrastructure. 5 I think even as -- you know, we talked 6 about things at Heritage Park. We didn't have all the 7 8 infrastructure there, but... So, there -- it was -it was not just the \$35 million, it was the 9 10 significant relocation cost and where would you put 11 those. 12 So, we were trying to create a hub, but 13 we were losing the hub at the same time. 14 MR. FREDERICK CHENOWETH: Got it. 15 Could we look for the mo -- at the moment at document 16 EHH14? 17 18 (BRIEF PAUSE) 19 20 MR. FREDERICK CHENOWETH: Now, this is an email that you wrote on August 24th, 2012. And you 21 22 obviously sent it along to Sara Almas, Larry Irwin, 23 Marjory Leonard. 24 You sent it to the EMC, correct? 25 MR. ED HOUGHTON: That's correct.

MR. FREDERICK CHENOWETH: 1 Thank you. I said, "Marjory Leonard." Yes, she is a recipient of 2 this. Thank you. 3 And why did you send this report on 4 August 24th, 2012, or send this email? 5 6 MR. ED HOUGHTON: This -- this is -this is Friday night, and I'm still working. And I --7 I was preparing for Monday night. And I wa -- I 8 wanted to make sure that I had -- I had a clear and un 9 -- understanding of the Central Park Re-development 10 11 Report. 12 So, I was reviewing that. And I 13 started looking at the numbers. And I -- I saw this -- you know, significant numbers for the permit fees 14 15 and design fees, those kinds of things, contract, administration, relocation of the ball diamonds, et 16 cetera, et cetera. 17 18 And -- and I thought it's -- like, this 19 is -- oh, this is a big number, eleven million nine hundred thousand (11,900,000), basically. And we were 20 looking at potentially eleven six (11,600,000). I 21 just thought it was --22 23 MR. FREDERICK CHENOWETH: Eleven six 24 (11,600,000) for what? 25 MR. ED HOUGHTON: For the -- the pool

1 and the -- and the ice pad. 2 MR. FREDERICK CHENOWETH: Yes. 3 MR. ED HOUGHTON: So, really all you've got is a shovel in the ground, nothing else, 4 5 and you've spent three hundred thousand dollars (\$300,000) more than -- we have two (2) facilities. 6 7 MR. FREDERICK CHENOWETH: Got it. And those were thoughts that came to you when you were 8 again reviewing the steering committee report in 9 preparation for August 27th. Is that --10 11 MR. ED HOUGHTON: That's correct. 12 That's correct. All right. 13 MR. FREDERICK CHENOWETH: 14 I understand that Councillor Gardhouse had similar 15 thoughts in a email of June 12th. And I'd turn to that if I could. It's TOC0170540. 16 17 18 (BRIEF PAUSE) 19 20 MR. FREDERICK CHENOWETH: Tell me about this email. 21 22 MR. ED HOUGHTON: Well, I'm -- I'm not 23 copied on this, but this is one (1) of the -- one (1)24 of the times when Councillor Gardhouse did contact me. 25 I'm not sure whether it was by telephone or whether it

was just before a Council meeting. 1 2 And he -- he basically said the same thing, recognizing that I had new eyes, I wasn't 3 involved with the Central Park thing. And he -- he 4 5 was, again, going on about the fact that we're going 6 to be spending all of this money and, as he said in this one, wi -- without an ice cube. 7 MR. FREDERICK CHENOWETH: 8 Twelve million without an ice cube? 9 10 MR. ED HOUGHTON: And -- and again, 11 I'm -- I'm assuming he's talking about just -- just 12 the -- just the -- the ice pad. You know ... 13 MR. FREDERICK CHENOWETH: And not the 14 pool? MR. ED HOUGHTON: And not -- not a 15 pool that the Town of Collingwood would own. 16 17 MR. FREDERICK CHENOWETH: Was that 18 typical of -- of the attitude of councillors to the instruction of -- councillors of 2010-2014. 19 20 Was that typical for their attitude towards the \$35 million MURF in or about June of 2012? 21 22 MR. ED HOUGHTON: It actually started 23 before that. Again, I -- I'm sort of mid-April 24 starting -- being told everything is -- you know, 25 there's nothing really going on.

200

1 In early May, there's a lot of chatter about the 35 million. There's -- there's -- there 2 seemed to be a significant disconnect between the Town 3 of Collingwood and the YMCA, which, again, I didn't 4 5 have any history to that, but there was a significant disconnect. 6 7 The -- people -- they felt that they were being duped by -- by the 'Y' folks and -- and, 8 again, I'm hearing quite a bit about this. 9 10 MR. FREDERICK CHENOWETH: And there 11 appears to be a number of emails leading up to the 12 June 11th strategic planning meeting. You mentioned comments in emails in early May. I'd like you to turn 13 14 to the document TOC0154798. 15 16 (BRIEF PAUSE) 17 18 MR. FREDERICK CHENOWETH: And if we 19 could bring that up a little bit so we could see Kevin Lloyd's email. This is an email that appears to be 20 sent to a number of individuals. And let me just see 21 who those individuals are by going back up again if 22 23 you could, please. 24 So, this is -- this is sent by Kevin 25 Lloyd to a series of souls on or about May 8th. Did

202 you -- I -- I'm noticing that you don't appear to be 1 2 on this email. 3 Did you come to know about this email? MR. ED HOUGHTON: Yes. He -- he 4 5 forwards it to me after the fact because he had forgot 6 to copy me on it. 7 MR. FREDERICK CHENOWETH: Thank you. So, you got this email? 8 9 MR. ED HOUGHTON: I did, yes. 10 MR. FREDERICK CHENOWETH: Thank you. 11 And what sense of things did you take from Councillor 12 Lloyd's email? 13 MR. ED HOUGHTON: Well, there seemed 14 to be a whole bunch of issues. There was, I quess 15 part of the Central Park Steering Committee was potentially looking at re-purposing the Eddie Bush 16 17 into something other than an arena, potentially sell 18 it -- sell other -- they were going to be doing this 19 market sounding, which I really didn't ever -- never had a real handle on what the market sounding was all 20 about. It never came to fruition while I was around. 21 22 But they were looking at other 23 publically owned entities that potentially could 24 either make it private or public private. 25 There was, again, significant issues

with the 'Y', significant issues with the cost. 1 2 The -- the Council had already been, you know, they were fed up with -- with consulting and 3 they felt that they were going to be spending \$44,000 4 5 again on hiring another consultant and -- these were -6 - this was all the -- the noise that was occurring at this point in time. 7 8 MR. FREDERICK CHENOWETH: And I -- I see Councillor West -- and, Your Honour, it's not my 9 10 intention to go through each and every one (1) of 11 these emails, but I want to get a flavour of it if I 12 could, please, and put it to the witness and then 13 we'll move along. I -- I see that Councillor West 14 15 responded to the email of Councillor Kevin Lloyd and he did so in document TOC0154975. Just pull up that 16 17 document, please. Okay, thank you. 18 And what did you understand the input 19 of Councillor Lloyd was with respect to the comments of Kevin Lloyd? 20 21 Councillor West? MR. ED HOUGHTON: 22 MR. FREDERICK CHENOWETH: Councillor 23 West with respect to the comments of Kevin Lloyd? 24 MR. ED HOUGHTON: Well, and I had 25 spoken to Councillor West about this. Dale -- Dale is

a very passionate guy and it's interesting, he was 1 actually part of -- you know, he's -- he's one (1) of 2 the Council representatives on Parks, Recreation and 3 Culture and -- and he -- he was very quickly starting 4 5 to fall away from the -- the report as well, which is -- was a stretch. And he was a very passionate hockey 6 guy, refereed hockey, did all those kind of things, 7 and he also was a baseball umpire, so he wanted to 8 9 keep the ball diamonds where they were. 10 So it -- again, this is just the 11 flavour, the mood of the time was -- was changing significantly from March. 12 13 MR. FREDERICK CHENOWETH: All right. 14 And these were matters leading up to 15 the June 11th Council meeting, or these were -- these were expressions or moods expressed by the councillors 16 17 leading up to that strategic planning meeting? 18 MR. ED HOUGHTON: Yes, and these would 19 be the discussions that I would have on a regular basis with Mayor Cooper. She'd be letting me know she 20 had got another email, yet another email that I might 21 not have been copied on and -- and -- and you know, 22 23 she's -- her concern is growing as well. 24 MR. FREDERICK CHENOWETH: All right. 25 And I'm seeing emails between Councillor Gardhouse,

Councillor Chadwick, again Kevin Lloyd and -- and 1 2 others. 3 And did they express the same mood and are they to the same effect as we approached the June 4 5 11th strategic planning meeting? 6 MR. ED HOUGHTON: Yeah, again, some -some of the discussions again were -- were getting 7 very animated against the YMCA. I didn't always 8 9 understand what Councillor Gardhouse was saying, but I think -- I think that's what he was saying. Sometimes 10 11 I didn't always understand his emails. 12 MR. FREDERICK CHENOWETH: Okay, all 13 right. And I am interested in the -- in the nascence of the June 11th strategic planning meeting, and in 14 15 that respect might we look at document TOC0156981. 16 MR. ED HOUGHTON: I'm not sure I understand what nascence is. 17 18 MR. FREDERICK CHENOWETH: It is the 19 commencement of or the well spring for, I believe. 20 MR. WILLIAM MCDOWELL: It's the genesis of. 21 22 MR. FREDERICK CHENOWETH: "Genesis" is 23 another word. 24 CONTINUED BY MR. FREDERICK CHENOWETH 25

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

205

206 MR. FREDERICK CHENOWETH: 1 And could we go down a little further, please, I'm looking for the 2 email of the Mayor. Here we are, from Sandra Cooper, 3 Sunday, May 13th. She's working on a Sunday. And how 4 does this relate to the idea of -- of in fact having a 5 6 strategic planning meeting on June 11th? 7 MR. ED HOUGHTON: Well, again Her Worship has been -- being copied on a number of these 8 9 emails and I guess she had been hearing ---10 MR. FREDERICK CHENOWETH: You mean the 11 emails that we've talked about leading to June 11th? 12 MR. ED HOUGHTON: Yes. The emails 13 leading to June 11th, the emails that I -- I didn't --I wasn't copied on but some that she was copied on. 14 15 And she was hearing that there was going to be -people were making comments about a deferred motion of 16 17 Central Park. 18 And -- and she -- she said I would like 19 a workshop of Council, which I thought was a -- quite frankly a -- a good idea because you could see that 20 Council was starting to really fracture and there were 21 22 -- they were foundering on -- you know, trying to 23 figure out where they were going to be going and so 24 that bringing them together in a respectful way, I 25 thought, was a -- was a good idea.

MR. FREDERICK CHENOWETH: 1 So you had occasion to -- to email the councillors, et cetera, 2 and did so in an email being document number 3 TOC0169628, if we could pull up that document, please? 4 5 6 (BRIEF PAUSE) 7 8 MR. FREDERICK CHENOWETH: Go down a 9 little further. Thank you very much. 10 And what were you telling department 11 heads and councillors in this email of June 7th, 2012? 12 MR. ED HOUGHTON: The -- the EMC had got together as well and we had a discussion about how 13 we would see this, and when I say the EMC, we also 14 15 included Ms. Proctor at this point in time. And what we had thought we could do is 16 we could have -- I would introduce it, I would 17 18 facilitate it, I'd -- I've facilitated dozens of 19 different meetings, companies, industries and things and -- in the past, and -- and that I would facilitate 20 it, I would -- I would state the goals and objectives 21 of the -- of the workshop at the very beginning. 22 23 We would then hand it over to -- to Ms. 24 Proctor, who would go through the Central Park 25 Steering Committee report, the highlights of that.

208 She would remind Council of resolutions that had been 1 2 passed in the past. 3 And -- and that any resolutions that might have been in abeyance, sort of sitting --4 5 sitting there as well --MR. FREDERICK CHENOWETH: These are 6 resolutions with respect to --7 8 MR. ED HOUGHTON: Central Park. 9 MR. FREDERICK CHENOWETH: And the MURF project? 10 11 MR. ED HOUGHTON: That's correct, yes. 12 MR. FREDERICK CHENOWETH: Okay. 13 MR. ED HOUGHTON: And then -- and then 14 we would also allow Ms. Leonard to -- to be able to 15 provide some financial information and what we -- and then we would give Council five (5) minutes. We felt 16 17 that five (5) minutes was appropriate. 18 MR. FREDERICK CHENOWETH: Council or 19 councillors? 20 MR. ED HOUGHTON: Councillors, individual councillors, yes. 21 22 And we would allow individual 23 councillors five (5) minutes to -- to tell everybody 24 what their thoughts were and -- and that was -- that 25 was the intent of the meeting.

MR. FREDERICK CHENOWETH: 1 And do I 2 understand that Marta Proctor prepared or there were slides at the meeting? There were slides at this June 3 11th --4 5 MR. ED HOUGHTON: Yes. 6 MR. FREDERICK CHENOWETH: -- strategic 7 partnership meeting? Or strategic planning meeting? 8 MR. ED HOUGHTON: That's correct. 9 MR. FREDERICK CHENOWETH: Thank you. 10 And who were those slides prepared by? 11 MR. ED HOUGHTON: The -- the slides 12 were primarily all done by Marta. I think there was 13 input from some others as well. Obviously I wasn't at this point in time very much engaged, but the -- this 14 15 was Marta's project at this point in time. 16 MR. FREDERICK CHENOWETH: You say you 17 weren't much engaged and it was Marta's project. Help 18 us understand that, if you could, please. 19 MR. ED HOUGHTON: Sorry, I quess I'm just saying I'm -- I'm sort of a new guy on the block, 20 not -- without a lot of history of what -- what was 21 22 going on. So my -- my advice would be minimal at this 23 point in time. 24 MR. FREDERICK CHENOWETH: What was 25 Marta Proctor's role and why would she say -- why

would you say it's --1 2 MR. ED HOUGHTON: She's -- she's the director of Parks, Recreation and Culture. 3 MR. FREDERICK CHENOWETH: Right. 4 5 MR. ED HOUGHTON: And so the -- this 6 is Parks and Rec facilities, typically she would have had the lead on this. 7 8 MR. FREDERICK CHENOWETH: Thank you. And you mentioned that Marjory Leonard had occasion to 9 10 -- to make a presentation at this June 11th meeting. 11 What was the nature of the presentation 12 made by Marjory Leonard? MR. ED HOUGHTON: She -- she talked 13 about the -- the ability to finance what we have from 14 15 a -- in reserves DCs, she talked about debenture costs, I believe. 16 17 MR. FREDERICK CHENOWETH: Thank you. 18 Do you recall her speaking about debenture costs? 19 MR. ED HOUGHTON: Yes, I believe so, yes. It's in my -- it's also in my -- the -- my email 20 here that she would cover debenture costs. 21 22 MR. FREDERICK CHENOWETH: And -- and 23 what I'm interested in, and again, we seen to have two 24 (2) things to look at in this respect and I hope not 25 to go to either of them.

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

210

But we have some minutes that were 1 taken at that meeting? 2 3 MR. ED HOUGHTON: Yes. MR. FREDERICK CHENOWETH: And we have 4 5 a -- a summary of the flip charts that were developed 6 through the course of the meeting? 7 MR. ED HOUGHTON: That's correct. What we -- we did was we had two (2) different staff 8 members that were sort of writing down highlights of 9 10 what Council members were saying and their sort of 11 wishes and desires for the -- for recreation 12 structures. 13 MR. FREDERICK CHENOWETH: Just as a matter of some interest, and I don't think we need to 14 15 go to it, the flip chart is TOC0173022, that's its document number. 16 17 In any event, I'm anxious to understand 18 the mood that was demonstrated by the councillors on 19 June 11th with respect to how they wished to proceed from there. 20 MR. ED HOUGHTON: Certainly there was 21 some common themes within -- within the -- the 22 23 discussion, common theme was \$35 million was too --24 too expensive, that there was a significant need for ice and water. 2.5

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

211

212 1 That -- that there were -- the majority of them were saying they weren't sure that they wanted 2 to be spending anything on the market sounding. They 3 -- I think -- I think Councillor Hull would be making 4 5 the only -- the only different sort of a differing 6 opinion on all of that. But I think for the -- for the majority 7 they were -- they were moving significantly away from 8 the MURF. 9 10 MR. FREDERICK CHENOWETH: Can you tell 11 me whether or not -- was or was there not any sense of 12 urgency expressed at that meeting? 13 MR. ED HOUGHTON: It's -- it's starting to build a crescendo, where they -- they all 14 15 -- no, I can't say all. 16 The majority felt that there was an -a significant need and they'd like to answer that need 17 18 as quick as possible. 19 MR. FREDERICK CHENOWETH: Thank you. Your Honour, we're moving -- I'm moving on to a 20 different topic. 21 22 THE HONOURABLE FRANK MARROCCO: You 23 want to take a short break? 24 MR. FREDERICK CHENOWETH: I appreciate 25 that, thank you.

213 THE HONOURABLE FRANK MARROCCO: 1 We have to leave by 4:00 today, just so you know. 2 3 MR. FREDERICK CHENOWETH: Thank you. 4 5 --- Upon recessing at 3:28 p.m. --- Upon resuming at 3:39 p.m. 6 7 CONTINUED BY MR. FREDERICK CHENOWETH: 8 9 MR. FREDERICK CHENOWETH: Could we 10 pull up document number TOC0547027? 11 12 (BRIEF PAUSE) 13 14 MR. FREDERICK CHENOWETH: Go down further a few, please. I'm looking for the email from 15 Rick Lloyd. There -- there it is. This appears to --16 to -- this email chain appears to start with an email 17 18 from Rick Lloyd dated June the 12th at 3:26 p.m.; it's 19 directed to you. 20 And what did you understand that -that Mr. Lloyd on June 12th, the day after the June 21 22 11th strategic planning meeting, was asking you to do? 23 MR. ED HOUGHTON: Well, his request is 24 pretty clear. He -- he'd like for me to get a price 25 for a fabric cover of the Centennial pool at Heritage

Park, and also to get a cost for a fabric building to 1 enclose the outdoor ice pad at Central Park. 2 3 MR. FREDERICK CHENOWETH: So, he uses the phrase 'fabric building' with respect to both 4 structures, does he? 5 6 MR. ED HOUGHTON: That's correct. 7 MR. FREDERICK CHENOWETH: Thank you. Can we look at the email one (1) up from there, 8 9 please? And I take it later on that day you send Rick 10 Lloyd's email to -- to Sara Almas. 11 "Here we go -- you say -- cover the Centennial pool and we forget about 12 13 the 'Y'. Why is nothing ever easy?" 14 What do you -- you're obviously sending 15 off this email to -- to Sara Almas. What's the purpose of the rest of the verbiage in the email? 16 17 MR. ED HOUGHTON: I sent it to Sara 18 because the deputy -- deputy mayor had asked that 19 question. My -- my comments there are based on intuition that there's -- there's something going to 20 be -- there's something now in play and we're going to 21 be moving forward again. 22 23 What we didn't talk about it June 11th 24 was the fact that the Sprung information was being 25 handed out at the meeting.

215 1 MR. FREDERICK CHENOWETH: All right. And tell me whether I'm -- I'm correct on this or not. 2 Would it be fair that what's in play is possible 3 alternatives with respect to the \$35 million MURF? 4 5 MR. ED HOUGHTON: Alternatives, as --6 and, as well, moving away from any kind of relationship with the 'Y' for a pool. 7 8 MR. FREDERICK CHENOWETH: Very good. 9 And can we move up and see Sara's reply if we could, 10 please? And Sara Almas, who is maybe more thoughtful 11 on these matters than -- than a brand new CAO, has 12 some advice for you on that occasion. And that's at 13 5:19 on the same day. 14 What's the advice? 15 MR. ED HOUGHTON: Well, basically, she's saying that the deputy mayor should be asking 16 17 all of Council for this. I was accustomed to this at Public Works. 18 19 MR. FREDERICK CHENOWETH: Oh, okay. 20 MR. ED HOUGHTON: This -- this happened all the time with me at Public Works, but 21 22 again, it -- it was -- it was specific to something 23 that I had more experience in, so I knew --24 MR. FREDERICK CHENOWETH: All right. 25 MR. ED HOUGHTON: -- how to handle it

a little bit -- little bit better. 1 2 MR. FREDERICK CHENOWETH: Okay. Well, what -- what happened at Public Works? I mean, what -3 - what are -- what are you telling us? 4 MR. ED HOUGHTON: Well, again -- and -5 6 - and this is not -- this is not just this gentleman. It -- it was systemic for years in Public Works. The 7 8 -- the Council member who happened to be the representative for -- for Public Works was 9 significantly involved with -- with the ongoings on --10 11 of the work at Public Works. 12 I think -- I think even the deputy 13 mayor --14 MR. FREDERICK CHENOWETH: Give us some 15 examples. 16 MR. ED HOUGHTON: Well, Reeve Nip 17 Spooner spent every day --18 MR. FREDERICK CHENOWETH: I rented his 19 chalet for a number of years. 20 MR. ED HOUGHTON: Oh. 21 MR. FREDERICK CHENOWETH: It wasn't a 22 chalet, actually, it was --23 MR. WILLIAM MCDOWELL: We'll hear some 24 evidence about this. 25

CONTINUED BY MR. FREDERICK CHENOWETH: 1 2 MR. FREDERICK CHENOWETH: So I know of him. Proceed. 3 MR. ED HOUGHTON: Reeve Nip Spooner 4 5 was a wonderful gentleman --THE HONOURABLE FRANK MARROCCO: I'm 6 not -- I'm not sure that that's important. 7 8 MR. ED HOUGHTON: -- spent -- spent 9 every --10 MR. FREDERICK CHENOWETH: I -- I'm 11 sure it isn't important, Your Honour. 12 MR. ED HOUGHTON: -- spent every day 13 in the truck with Marjory's Uncle Don (phonetic), Don Leonard, every day. They would spend three (3) and 14 15 four (4) hours every day working on Public Works. 16 It was -- it was systemic. It was the 17 way that it happened. 18 MR. WILLIAM MCDOWELL: If I could just 19 interject. Is Reeve his position or his first name or...? 20 21 MR. ED HOUGHTON: Oh, Reeve is -- is a 22 -- like, a councillor. 23 MR. WILLIAM MCDOWELL: Councillor. 24 MR. ED HOUGHTON: Before we had deputy 25 mayor, we had Reeve, deputy Reeve, those things.

1 MR. WILLIAM MCDOWELL: Thanks. 2 CONTINUED BY MR. FREDERICK CHENOWETH: 3 4 MR. FREDERICK CHENOWETH: Thanks for that clarification. I often wondered what that was. 5 6 In any event, you got this letter from -- or email from Rick Lloyd on June 12th. You got some advice 7 8 from Sara Almas with respect to it. 9 And what did you do? 10 MR. ED HOUGHTON: I'd like to say that 11 I took her advice and told Rick to -- to send it to 12 everybody. I don't recall if I did that though, but 13 it happened. 14 MR. FREDERICK CHENOWETH: All right. 15 And so, I take it shortly thereafter and on or about June 14th, there was another letter by Rick Lloyd of a 16 similar nature, but it was -- he copied all 17 18 councillors on that email? 19 MR. ED HOUGHTON: That's correct. 20 MR. FREDERICK CHENOWETH: And that is 21 document number TOC0172221. Could we pull that up 22 briefly? 23 24 (BRIEF PAUSE) 25

219 MR. FREDERICK CHENOWETH: So, this is 1 the -- the redirected email by Rick Lloyd, is it? 2 3 MR. ED HOUGHTON: Yes. MR. FREDERICK CHENOWETH: Thank you. 4 5 And what is he requesting of Mr. Houghton on this 6 occasion? 7 MR. ED HOUGHTON: Thi -- this request is more specific now; the same kind of intent. He 8 wanted a price for a building that would enclose the 9 10 Centennial pool. 11 He talks about the fact that the structure he's interested in is produced by Sprung. 12 13 He talks about, you know, the representatives. He said he would also like to have a price to cover the 14 15 outdoor pool. 16 He talks about the fact that Sprung has done this, I quess, based on the information he got in 17 18 Saskatoon and -- and that they're -- they're well 19 insulated and have a very, very robust warranty. 20 MR. FREDERICK CHENOWETH: So, he's asking you to get prices for both the pool and arena 21 structures and is specifically requesting Sprung 22 23 prices. 24 MR. ED HOUGHTON: It's --25 MR. FREDERICK CHENOWETH: Is that

220 1 correct? 2 MR. ED HOUGHTON: It is very prescriptive. 3 4 MR. FREDERICK CHENOWETH: Thank you. 5 And -- and it appears -- and I'm not sure whether 6 you're copied on this, but we'll soon know. I see that there's a reaction by, at least found in the 7 Foundation Document, in any event, by Marta Proctor. 8 And that's document number TOC0172248. 9 10 11 (BRIEF PAUSE) 12 13 MR. FREDERICK CHENOWETH: And I see 14 that this email chain is again -- starts with a Rick 15 Lloyd email of June 14th. And you're not copied on Marta's email, but how did you learn of it? Did you 16 simply learn of it in the FD2, or how did you learn 17 18 about it? 19 MR. ED HOUGHTON: I believe I -- I heard about it -- or read about it in the FD2. And I 20 think she says she saw this one (1) coming because, 21 22 even though she di -- didn't recall Ms. -- the deputy 23 mayor handing out the brochures at the June 11th, he 24 was. 25 So, I think that's maybe where she got

that insight. 1 2 MR. FREDERICK CHENOWETH: All right. Thank you. And I take it, in any event, you learned 3 about the results of her requests to Dennis Seymour 4 and Darin Potts during the telephone conversation of 5 6 June 21 that you earlier described. 7 I think that was a telephone conversation between the dec -- deputy mayor, 8 9 yourself, and individuals from Sprung, correct? 10 MR. ED HOUGHTON: That's what I 11 understand, yes. 12 MR. FREDERICK CHENOWETH: All right. 13 MR. ED HOUGHTON: That's correct. 14 MR. FREDERICK CHENOWETH: All right. 15 And -- and again, and I think this is common ground, I take it that the email of Marta Proctor led to a 16 17 meeting that Seymour and Potts had with Sprung people 18 on June 19th --19 MR. ED HOUGHTON: Yes. 20 MR. FREDERICK CHENOWETH: -- and led to the first of directions from Rick Lloyd to you with 21 respect to you being the pivot on contacts with 22 23 Sprung? 24 MR. ED HOUGHTON: That's correct. 25 MR. FREDERICK CHENOWETH: Thank you.

222 1 (BRIEF PAUSE) 2 MR. FREDERICK CHENOWETH: And I just 3 note that there's another email of Ju -- July 15th at 4 5 9:03, "The deputy mayor emails Chadwick and states," et cetera. The document is -- is TOC0184616. Could 6 you pull that up, please? 7 8 9 (BRIEF PAUSE) 10 11 MR. FREDERICK CHENOWETH: Again, you 12 don't appear to co -- on this email. And did you, 13 what, learn of it from looking at the FD2, or how did 14 you come across this email? 15 MR. ED HOUGHTON: Specifically, I learned about it here in the -- in the documents. But 16 I -- I had had conversation with Mayor Cooper about 17 18 the two-thirds (2/3). 19 I wasn't -- again, I wasn't too familiar with what they were talking about, but we had 20 a conversation about that, yes. 21 22 MR. FREDERICK CHENOWETH: All right. 23 Actually, I want to go down a little further until we 24 see the email -- and I'm sorry for not directing you 25 to this earlier -- the email from the deputy mayor to

223 Councillor Chadwick. Further down, likely. Further 1 2 down. That's it? 3 THE COURT OPERATOR: Yeah. 4 MR. FREDERICK CHENOWETH: Okay. Thank 5 you. 6 7 CONTINUED BY MR. FREDERICK CHENOWETH: 8 MR. FREDERICK CHENOWETH: In any event, it looks like this email chain is started by 9 10 Chadwick when he writes Rick Lloyd and Kevin Lloyd. 11 And... 12 13 (BRIEF PAUSE) 14 15 MR. FREDERICK CHENOWETH: And look at the next email up with that, if you would, please. 16 And if you would, Witness, read that email, as well. 17 18 MR. ED HOUGHTON: Yes. 19 MR. FREDERICK CHENOWETH: Go up one, 20 further. 21 THE COURT OPERATOR: This is the 22 entire --23 THE HONOURABLE FRANK MARROCCO: No, I 24 -- I think that's all there is, is the two (2) of 25 them.

1 MR. FREDERICK CHENOWETH: Appears to 2 be the case. Thank you. 3 CONTINUED BY MR. FREDERICK CHENOWETH: 4 5 MR. FREDERICK CHENOWETH: And although 6 you weren't copied on this email, is -- is this -- is this indicative of -- of anything that was going on in 7 or about July 15th approaching the July 16th meeting, 8 in your view? 9 10 MR. ED HOUGHTON: Yes. Even though I 11 wasn't copied on this, the -- both the deputy mayor 12 spoke to me about exactly this, saying, you know, 13 maybe we're not -- maybe we shouldn't be covering the outdoor rink, leave it as an outdoor and look at 14 15 Sprung building a new ice pad. 16 And, as well, Councillor Lloyd said the same thing to me, as well. 17 18 MR. FREDERICK CHENOWETH: Thank you. 19 Does this -- does this tell you anything about the mood that existed amongst Council as you approached 20 the July 16th meeting of Council? 21 22 MR. ED HOUGHTON: Yeah, to sort of 23 coin a phrase or something, the bus is starting to get 24 loaded and it's starting to move. 25 MR. FREDERICK CHENOWETH: Thank you.

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

224

And -- and in that respect, about -- about the bus 1 moving, could we look at a further document, which is 2 TOC0185355? 3 4 5 (BRIEF PAUSE) 6 7 MR. FREDERICK CHENOWETH: And I'm looking for the email from Mayor Cooper to -- to 8 9 Deputy Mayor Lloyd. 10 11 (BRIEF PAUSE) 12 13 MR. FREDERICK CHENOWETH: Thank you. 14 I think that's it. And again, you're not copied on 15 this, but -- and I'm assume -- I'm going to assume 16 that you saw it in the FD2. 17 But is -- is this -- is this at all 18 consistent with the mood that existed on or about 19 July 16th, and if it's not, tell me so? 20 MR. ED HOUGHTON: No, no. That's exactly right, and -- and as I mentioned, Mayor Cooper 21 22 had mentioned that -- for us -- for Council to defeat 23 the Central Park they needed two-thirds (2/3s), and I 24 -- she didn't tell me that she'd spoke to -- to the 25 Deputy Mayor or emailed the Deputy Mayor, but that's

what she -- she's asking, if -- if they have two-1 thirds (2/3s). 2 3 MR. FREDERICK CHENOWETH: So you -you knew her mood in that respect from the discussions 4 5 you'd had with some frequency with her? MR. ED HOUGHTON: 6 She -- she was also a believer that they wanted to be able to give the 7 people what they deserve, which is an ice pad and 8 water, but believed that 35 million was too much. 9 10 MR. FREDERICK CHENOWETH: Well, the 11 Mayor at that point was talking about scrapping the 12 Central Park MURF. Is that the case? 13 MR. ED HOUGHTON: Yes. Some -- some 14 were trying to do it respectfully and some were just trying to scrap it, period. 15 16 MR. FREDERICK CHENOWETH: Good. And 17 we have a response from Mr. Lloyd -- one up. 18 19 (BRIEF PAUSE) 20 21 MR. FREDERICK CHENOWETH: And he says; 22 "If you want to scrap -- if you want 23 it scrapped, then I think we can 24 make that happen. Let me know." I take it that was his mood around the 25

> DIGI-TRAN INC. 403-276-7611 Serving Clients Across Canada

226

time, was it? 1 2 MR. ED HOUGHTON: It certainly was. 3 MR. FREDERICK CHENOWETH: Very good. Your Honour, I'm about to move to other matters and 4 it's, I believe, four minutes to 4:00. 5 THE HONOURABLE FRANK MARROCCO: 6 All right. So what I propose to do tomorrow is -- Mr. 7 8 Chenoweth wants to call Mr. Scott, and he's coming up from Toronto, so we'll -- I want to start tomorrow at 9 10 9:00, hear Mr. Houghton for an hour -- gives Mr. Scott 11 till ten o'clock to get here. 12 Then we'll stop your evidence and deal 13 with Mr. Scott, because tomorrow is a day that he's available and I would like to keep the Inquiry moving 14 15 rather than see it stop and these matters hang around even longer. 16 17 So then we'll let you know when he's 18 finished and then we'll stand down until you're able 19 to get here. 20 That's what I propose to do. Does that make sense from everybody's point of view? 21 22 MR. FREDERICK CHENOWETH: Ouite 23 content, Your Honour. 24 THE HONOURABLE FRANK MARROCCO: Okay. 25 MR. ED HOUGHTON: I'll be on the

1 ready. THE HONOURABLE FRANK MARROCCO: 3 Adjourned until tomorrow morning. (WITNESS RETIRES) 7 --- Upon adjourning at 3:57 p.m. 11 Certified Correct, 16 Wendy Woodworth, Ms.
